Summary

The following report outlines progress the council has made against achieving the goals set out in the 2015/16 Improvement Plan.

The 2015/16 Improvement Plan was based on the key themes that form the Corporate Plan 2012/17; the change this year has been that there are eight Improvement Objectives spread across the themes, their performance is summarised below.

The 2015/16 Plan has been successful and has achieved an overall rating of good – amber. Despite an ever increasing drive to realise savings and an unprecedented internal economic climate, the Plan demonstrates solid performance. Overall progress against the 15/16 plan is assessed as being ‘good’, with most Improvement Objectives performing well. Key areas of excellent progress include: ‘Ensuring the best educational outcomes for children’ and ‘Helping children have a flying start in life’

Each of the Objectives is linked to a Corporate Plan theme as listed below:

Improvement Plan 15/16

The Improvement Plan for 2015/16 set out eight Improvement Objectives that contribute towards each of the five themes in the Corporate Plan.

Corporate Plan theme: A Caring City

1. Supporting older people leaving hospital
2. Improving care and support services for adults

Corporate Plan theme: A Fairer City

Corporate Plan theme: A Learning & Working City

3. Developing and regenerating the city
4. Supporting young people into education, employment or training
5. Ensuring the best educational outcomes for children

Corporate Plan theme: A Greener and Healthier City

6. Helping children have a flying start in life
7. Increasing recycling

Corporate Plan theme: A Safer City

8. Improving outcomes for youth justice

Progress against objectives

The following outlines the progress made in each of the objectives as listed under their Corporate Plan theme.

Newport is a Caring City

1. Supporting older people leaving hospital – Good - Amber

Objective: We want to ensure that people who require social care support do not stay in hospital beds any longer than necessary. When we are responsible for organising to discharge someone from hospital and we are unable to do so within reasonable time, they will be recorded as delayed for social care reasons.

This objective is rated amber – good; Actions and measures are mostly on track, only marginally short of targets, overall good progress has been made.

2. Improving care and support services for adults – Acceptable - Orange

Objective: It is part of adult services statutory duty to review packages of care and support for individual service users. Achieving this objective will improve our planning with individuals proactively, ensuring a planned and efficient approach to our reviewing framework. We are also required to develop an integrated assessment process for older people. By developing more integrated approaches to the management of care and support packages, we aim for more multi-professional involvement in reviewing care plans. This should also contribute to improving care plan reviewing.

This objective is rated orange - Acceptable; There has been a positive improvement overall, however, an action is falling short of planned outcomes and there is a red measure.

Newport is a Learning and Working City

3. Developing and regenerating the City – Good - Amber

Objective: The objective is to make Newport an attractive place for:

- The creation of opportunities for businesses to set up in Newport
- Businesses to continue to deliver their services and develop their business
- The city is seen as a destination for tourism, culture, sport and retail
- Where the residents of the city benefit through increased employment and community benefits

We will provide support to local businesses in order to promote economic growth and will enhance the city's skill base, generating additional employment for Newport residents through a variety of physical and social regeneration projects.

This objective is rated amber - good; Good progress has been made and most actions and measures are on track.

4. Supporting young people into education, employment or training – Good - Amber

Objective: Engagement in learning and training are critical if young people are to make successes of their lives and meet their own needs and the needs of the city of Newport as an economic community. The council and its partners have an important role to play in helping young people to make the most of opportunities for training and employment. The Improvement Objective measures the percentage of young people who are not in education, employment or training at key stages of their lives.

This objective is rated amber - good; this objective continues to make good progress although some measures and actions have fallen marginally short of targets.

5. Ensuring the best educational outcomes for children – Excellent - green

Objective: To ensure all our pupils are effectively engaged in education so that they can attain the best possible educational outcomes. This includes vulnerable learners that may be at risk of not reaching their expected level of attainment.

This objective is rated as green - Excellent; All actions are on track, good progress has been made throughout the year.

Newport is a Greener and Healthier City

6. Helping children have a flying start in life – Excellent - green

Objective: "Flying Start aims to make a decisive difference to the lives of children in the most disadvantaged communities". The Flying Start programme offers eligible parents free quality childcare for 2-3 year olds, parenting support, an enhanced health visitor service and support for early language development.

This objective is rated as green - Excellent All actions and measures have achieved or exceeded target

7. Increasing recycling – Good - amber

Objective: To ensure Newport delivers the Welsh Government objectives for the increasing of recycling and the European targets for diversion of waste from landfill, every recycling and diversion opportunity available to the city must be explored and where applicable, implemented. The diversion of residual municipal waste from landfill will largely be covered by the operation of Prosiect Gwyrdd and Cwm-y-Fory. Therefore, this objective will largely focus on encouraging businesses and residents within the city to recycle more which will maximise the potential currently being classified and treated as residual waste.

This objective is rated as amber – Good. Actions and measures are mostly on track with some falling slightly short of planned targets, overall improvement on last year.

Newport is a Safer City

8. Improving outcomes for youth justice- Acceptable - orange

Objective: The principle aim of the youth justice system, established by section 37 of the Crime and Disorder Act 1998, is to prevent offending by children and young people. This relates to prevention of antisocial behaviour and offending; appropriate use of Out of Court Disposals to divert young people from the criminal justice system; reducing the rate of proven re-offending and reducing the proportion of young people sentenced to custody. In line with Welsh Government and Youth Justice Board policy, we believe that prevention is better than cure and that children are young people first and offenders second.

This objective has been rated as orange – Acceptable, good progress has been made, there is 1 action which has deviated from planned outcomes, there is a red measure and an amber measure which are falling short of target.

NSI and PAM summary

The points below highlight the council's performance in 2015/16 for the NSI and PAMs overall:

- 55% of NSIs and PAMs have performed better than target
- 52.5% of NSIs and PAMs have performed better than last year
- 40% of NSIs and PAMs better than Wales average data for 2015/16

WAO proposals for improvement

During 13/14 the council received its Corporate Assessment from the Wales Audit Office (WAO) containing six recommendations for action. Progress has been made towards delivering the Wales Audit Office Proposals for Improvement and recommendations. The WAO returned to conduct a follow-up review of the Corporate Assessment 2014/15, this resulted in removal and revisions to the original recommendations and PFIs and the addition of recommendations. Additional detail on these actions can be found at the end of this report.

A further review of the Corporate Assessment was carried out by the WAO in 2015/16, the report for this is due to be received by the council soon and a new action plan will be initiated.

ACTION UPDATE

Improvement Plan 15/16 Action	What has been achieved this year (01/04/15 to 31/03/16)	What difference has it made to citizens (Improved outcomes)	RAG Status
1.1 Reduce DTOC levels for social care reasons to 4/1000 of the population	<p>We have engaged with health colleagues at a strategic level including Winter Planning discussions to plan for potential pressures on the health system across the year.</p> <p>The criteria for step down beds has been reviewed to improve usage and further manual handling training and equipment has been purchased for Parklands. We have identified a dedicated social work resource for the step down facility. The Step down beds are now fully operational as part of Discharge to Assess pathway.</p> <p>The capacity within reablement teams has also been increased using ICF funding from Welsh Government.</p> <p>Negotiations with care homes regarding fees have been concluded which has reduced the number wishing to charge a top up fee from relatives.</p>	<p>People are now able to be discharged with the appropriate support and delays for social care reasons are low.</p> <p>People are able to access a care package and also use of the step down beds has improved and the majority of people using these beds are able to return to their own home.</p> <p>The number of people being fully reabled following an episode of reablement has continued to meet targets set.</p>	Green
1.2 Fully implement a single referral for discharge at RGH site which links therapist, social work and frailty team.	<p>The referral hub for hospital discharge continues to act as coordinating point for hospital referrals to ensure the most appropriate response. However at times the number of inappropriate referrals has been excessive and has created delays in SW assessment.</p> <p>Additional Social Capacity secured in the Hospital Social Work Team to manage the increased demand for social work assessment in RGH.</p>	<p>The number of delayed transfers of care continues to remain very low at 3 per month, however, over reporting by ABUHB in March 2016 meant that we fell short of our target.</p>	Amber

Improvement Plan 15/16 Action	What has been achieved this year (01/04/15 to 31/03/16)	What difference has it made to citizens (Improved outcomes)	RAG Status
<p>I.3 Working in partnership to adopt a 'discharge to assess' approach, where patients are discharged from hospital once they are medically fit and have their support needs assessed within an agreed timescale on arrival at home.</p>	<p>The Rapid Response discharge service and the PATHE have been merged to maximise capacity within these teams which provide low level support such as shopping to older people leaving hospital.</p> <p>The referrals for therapy through the Frailty portal have been screened to ensure they are appropriate and that people can be supported by Frailty to be assessed on discharge.</p> <p>The pilot for an in reach-model for hospital discharge has started at the RGH and is fully supported by ABUHB and NCC. NCC is working on behalf of Torfaen and Caerphilly to facilitate discharges which reduces need for RGH staff to understand different systems.</p>	<p>The reduction in time between being considered medically fit and discharged has been reduced.</p> <p>The right people who would benefit most are being referred to Reablement.</p> <p>There is improved partnership working across the Local Authorities and NHS to improve the discharge pathway and make best use of everyone's skills.</p>	<p>Green</p>

<p>5.1 Improve the number of pupils achieving the expected level of attainment at Foundation Phase, Key Stage 2, Key Stage 3 and Key Stage 4 (Level 2 inclusive indicator).</p> <ul style="list-style-type: none"> The local authority will continue to commission the services of the Education Achievement Service to support and improve the quality of teaching and learning in Newport schools. The local authority will continue to focus on the national priorities of <i>‘improving literacy, improving numeracy and reducing the impact of poverty and deprivation’</i>. 	<p>Schools have received confirmation of their national categorisation. Schools in yellow, amber and red categories have (in partnership with the EAS) developed bespoke support plans. Schools in red and amber support categories will be monitored to ensure timely and effective progress is made.</p> <p>Schools have submitted regular ‘Progress Towards Targets’. Head Teachers, Governing Bodies, the local authority and EAS will continue to monitor the data set to consider if additional or alternative action is required.</p> <p>A Closing the Gap Team has been established within the EAS. A specific ‘Closing the Gap’ action plan is embedded into the EAS Business Plan 2016-19. Newport will be one of two local authorities across the region to participate and lead the ‘Family Learning Signature’ project.</p> <p>Wave success</p>	<p>There is strong green categorisation in primary schools (52%) compared to 22% across Wales. 36% have been categorised as amber and 11% as yellow. There are no red primary schools in Newport.</p> <p>Newport has the only green secondary school across the region. 2/8 (25%) are categorised as green or yellow, 4/8 (50%) are categorised as amber and 2/8 (25%) are categorised as red.</p> <p>The Foundation Phase Indicator outcome for 2014/15 was 88.1%</p> <p>Foundation Phase Progress Towards Targets for 2015/16 show that collectively schools are on track to improve this outcome by 0.5%</p> <p>The Key Stage 2 CSI outcome for 2014/15 was 89.3%. An Exclusion Action Plan to reduce exclusions and new Exclusion Guidance document have been agreed by Focus Group and will now go to Heads for agreement.</p> <p>Review of the data collected, so that challenge and support happens in a more timely fashion.</p> <p>The LRB Steering Group has successfully concluded that a Cluster based model is the way forward and staffing issues have been addressed.</p> <p>Entry and Exit Criteria for LRB's written and agreed with stakeholders. Collaboration with Resource and Planning to identify new sites for LRB's in line with review findings and begin consultation process following a Supply and Demand Analysis, some LRB's will be reduced from September and new ones will be established</p> <p>Environmental and Skills Audit of LRB's completed and Action Plan for improvement developed. Programme of training developed to address any shortfall identified through audit and training from Maes Ebbw and Outreach Team will also continue to upskill staff in our mainstream schools to better meet the needs of children with ALN.</p> <p>A new assessment tool has been introduced into Primary LRB's to make sure we are tracking expected progress of pupils on P Levels.</p>	<p>Other areas of work have been identified by the Focus Group e.g. reintegration from PRU to mainstream which will be supported by an EP</p> <p>All Secondary Schools have shared their Behaviour Policies and many have been changed to adopt good practice from others.</p> <p>Head teachers and Inclusion Teams have increased awareness of the detriment of exclusions on attendance and attainment and are actively looking to set up alternatives.</p> <p>The focus on Cluster LRB's will enable more pupils to access provision in their locality and the increased staffing will aid reintegration into host school, giving children more chance of success when transitioning in to mainstream secondary school. This could also, in the long term, reduce out of county placements.</p> <p>Fewer children will be traveling across the city by taxi to access LRB's which will save money that can be reinvested into quality local provision.</p> <p>LRB staff will be better equipped to deal the complex needs of children attending LRB's through training.</p> <p>Tracking of pupils' progress in LRB's will inform planning and leads to improved outcomes.</p>

6.1 To provide targeted intervention to children aged 9 months to 4 years old identified as requiring additional language support.	We are currently running Tiny Talkers for children 9mths to 2 years in 8 areas across the Flying Start catchment. We have increased Chatty Children for 2-4 years to a further 3 areas, delivering in 6 areas in total.	Early identification of children with speech and language delay and then early intervention with targeted support reduces the need for referral to generic services. Early invention reduces the need for costly intervention and significantly impacts on educational attainment and life chances for children.	GREEN
6.2 To ensure children identified with Additional Needs are supported within the programme promoting seamless transition into and out of Flying Start childcare	An ALN guidance file has been created and a coherent pathway developed for transition in and out and a specific pathway that every Flying Start strand uses within Flying Start for those children identified with ALN needs	The early referral panel meets monthly which has made great improvements on children coming into the setting with ALN which has been quite seamless. Improvements made for transition out, transition manager working closely with school to ensure smooth transition.	GREEN
6.3 To support parents to acquire the skills/strategies to parent effectively.	There have been 23, 10 week Nurture programme provided across all Flying Start areas. 114 Families completed the courses and 80% showed positive Distance Travelled. Delivery Officers have provided 117 targeted packages of support in the home to include PAFT, one to one Nurture and speak and language support.	Distance travelled demonstrates improved family life and parents better able to understand and respond to the behaviour of their children. Service users are able to access courses that can improve their outcomes after Flying Start. We are improving financial literacy to those attending the workshops by providing them with the opportunity to look at how we manage money and how they pass these skills onto their children. Equalities and the Welsh language

Council approved the Strategic Equality Plan (SEP) in March 2012 to comply with the Equality Act 2010 and the Statutory Duties (Wales) Regulations 2011. An annual report has been published for the last four years against the Strategic Equality Plan and the council's five chosen equality objectives:

- Engagement
- Accessible services
- Community cohesion and tackling hate crime
- Domestic abuse
- Worklessness

Equality Impact Assessments, which include impact on Fairness and the Welsh language, remain a priority, with particular focus on EIAs during the budget setting process. Consultation with the public is a key priority in this area and as part of the budget setting processes for 2015/16 and 2016/17 the council received over 3,000 and 1,000 responses respectively. Service Areas also consulted service users individually in advance of developing the F&EIAs.

As well as continuing consultation and engagement work on the budget the Wellbeing of Future Generations Act 2015 which came into force in April 2016 has introduced a new statutory duty to 'involve' stakeholders in decisions which affect them. Developments in consultation and engagement are outlined in report to Cabinet Member for Community Work and Skills July 2016 (decision schedule [here](#)).

A Strategic Equalities Group has been reconvened, to ensure all year strategic scrutiny and direction setting. The Group is chaired by Cabinet Member for Finance and Resources and will consider each theme through the 16/17 year.

Corporate complaints and compliments

Complaints

2015/2016 is the fifth consecutive year where the number of informal (stage 1) complaints received has decreased since recording of the corporate process began in 2011.

This reduction in informal complaints received could be interpreted in a number of ways:

- There are fewer services now provided by the council
- There may be an overall improvement in the quality and timeliness of service provision so customers do not wish to make as many complaints

- There may be an overall improvement in communication so customers have a better understanding about the services that the council does and does not supply; therefore the services provided meet their expectation.
- Initial complaints are being dealt with by the service area (as per the policy) but are not being recorded centrally on CRM

Reviewing the reasons for Stage 2 complaints indicates that, where customers had already received a response, Stage 2 complaints from customers were because they were unhappy with the outcome and response they received at Stage 1 – however when reviewed by a senior officer none of the outcomes at Stage 1 were amended due to any new findings.

Stage 2 complaints decreased compared to the previous year, down from 50 to 33. This may indicate that;

- Customers are receiving a better service and response when they are raising informal complaints, meaning that customers are satisfied with the council's first attempt to resolve the complaint.
- Officers have become better at responding to informal complaints.

The number of complaints that customers submitted to the Ombudsman following the two-step process increased by 1 year on year.

The Ombudsman has recently issued tighter deadlines for organisations to respond to their enquiries within 1 week. Although the council has been able to negotiate longer response times when appropriate these stringent timescales represent an increased pressure on limited resource. This has been communicated to the Ombudsman as part of the all-Wales Complaints Forum at which the council has representation.

Of the 278 complaints received, 51 were closed or cancelled as they were not complaints. This may have been because an initial request for service had not been submitted first, or because there was an appeal process to follow instead.

49 complaints remain open at this time, leaving 178 complaints that were reviewed and investigated as appropriate. Following review and investigation, 100 complaints were upheld and a further 35 complaints were partially upheld. 118 complaints received were not upheld.

The percentage of the total complaints received that were fully or partially upheld is consistent with results over the last 2 years.

Compliments

A total of 227 compliments were recorded in 2014/2015, less than the 347 received in the previous year.

In balance the service areas that receive the most complaints are also the areas that received the most compliments as they are the most visible frontline services.

Streetscene have received the most compliments, followed by Customer and Information Services, for the fourth consecutive year.

The compliments recorded for Streetscene relate mainly to the wild flowers displays across Newport and the speed of service from when a request for service has been logged to when the service has been carried out.

Customer Services received the majority of the compliments recorded for the helpful and pleasant nature of staff providing an efficient and friendly service.

Partnership work and collaboration

Newport City Council is committed to working in partnership on a number of service delivery areas with a variety of partners.

During 2015/16 the council collaborated extensively with other partners and stakeholders across service areas.

Ranging from the One Newport Single Integrated Plan (SIP) Board which supports the shared strategic purpose as detailed in the SIP; NEETS groups, Financial Inclusion Forum, Hate Crime Forum, PREVENT to tackle extremism; the Community Cohesion Group; Armed Forces Forum, south east Wales adoption service; the SE Wales safeguarding children board; Gwent Safeguarding Adults Forum; Employability and Skills Group , Prosiect Gwyrdd; Domestic Abuse forum; Newport Schools Admissions Forum; Regional Welsh Education Forum; All Wales Education Safeguarding Group. The partners listed here provide a 'flavour' of the kinds of partnership and collaboration work being undertaken and it should be noted that this list is not exhaustive.

The level and range of partnership and collaboration work is significant and as such it is not possible to list every agency or stakeholder that works alongside the council. The 2015/16 published service plans reviews provide a more comprehensive compendium of those organisations that work with the council.

Wales National Strategic Indicators and Public Accountability Measures analysis

Target setting principles were introduced in March 2015 to help increase levels of performance when compared to other Welsh Authorities; this made our targets challenging but more meaningful at a national level. The following 3 principles were applied;

1. Improve on previous year performance and, where relevant;
2. Be set at least at the Wales average or,
3. Be set above quartile 4 levels

Early analysis of 2015/16 performance for these national measures can be summarised as follows

- 55% of NSIs and PAMs have performed better than target
- 52.5% of NSIs and PAMs have performed better than last year
- 40% of NSIs and PAMs have performed better than Wales average

Year- end actual data for all national measures can be seen in the tables below

29	Ensure that its Economic Development Strategy and Master Plan clearly relate to the relevant objectives in the Community Strategy and Improvement Objectives and to each other, to help the council assess their contribution to its improvement programme and to achieving the council's strategic priorities.	The draft Economic Growth Strategy was endorsed by Cabinet on October 19 th . It was considered and adopted by full Council on November 24 th .	An action plan will be implemented with immediate effect and monitored by the council's Regeneration service, through existing partnership and project meetings.	By close of 2015/16	Head of Regeneration, Investment and Housing Services
30	Prioritise its actions and, against those actions, consistently include more details regarding outcomes, targets, deadlines, resources, milestones, risk factors and mitigating actions, which can be used to monitor progress, measure success and establish improvement.	The plan sets out a range of key objectives, within the context of three strategic themes, relevant to the council's Corporate Plan and Single Integrated Plan.	This work will be reported to and monitored by the council's Regeneration and Streetscene Committee on a bi-annual basis.		
31	Strengthen the setting of outcomes and targets for regeneration schemes and projects, and ensure sufficient performance information is available to maintain monitoring and evaluation.	The document is accompanied by an action plan, which identifies outcomes, outputs and measures of success to support effective monitoring. It also includes timescales and high-level resource requirements to enable improved project management and risk mitigation.	All operational regeneration projects to fall under Vibrant and Viable Places Programme Board for monitoring of performance, targets and outcomes.		
32	Include more details on time, budget and resources in regeneration documents such as project initiation documents to enable assessment of value and cost effectiveness.

Updated Action Plans in Response to Corporate Assessment Recommendations

Action plan to address WAO Recommendations

Recommendation I

The council should ensure that Members are routinely and transparently considering robust information at the earliest opportunity to enable them to inform, take and challenge choices and decisions effectively, and ensure that decisions are recorded and reported transparently.

Responsible Officers: Head of Finance, Head of People and Business Change

Responsible Cabinet Member: Leader of the Council, Cabinet Member for Finance and Resources

Additional actions as identified on 8th October by Cabinet and SLT:

- Heads of Service will be reminded to use the briefing template previously issued to ensure there is consistency and the appropriate information (such as sickness data) is routinely provided
- The decision making tracker will record and ensure the right trigger mechanisms are in place for properly governed decision making

Recommendation 2

The council should address with more urgency the weaknesses in its governance arrangements that underpin its decision making to support improvement.

Responsible Officers: Head of Law & Regulation

Responsible Cabinet Member: Leader of the Council

Additional actions as identified on 8th October by Cabinet and SLT:

- The attendance rota for Cabinet Member attendance will be set out well in advance to allow for availability to be organised and an appropriate briefing to be provided by the Head of Service
- All Heads of Service and lead officers will be reminded of the need to attend scrutiny and help with ensuring that the right things are on the agenda. Thereby ensuring scrutiny are focusing on the big strategic plans and financial challenge options
- A review of the constitution is already underway and will be overseen by the Democratic Services Committee. This will set out roles and responsibilities and give clarity around these matters
- Regular meetings between the Cabinet Members and the senior officer team will continue to be diarised and notes of these meetings taken for future reference

Recommendation 5

To strengthen the arrangements that enable the council to, scrutinise, its Improvement Objectives.

Responsible Officers: Head of People and Business Change

Responsible Cabinet Member: Leader of the Council

Additional actions as identified on 8th October by Cabinet and SLT:

- WLGA will be invited to talk to group, council and scrutiny chairs. Further training will be provided
- Consider inviting the Data Unit to present to the team on the council's overall performance

CA Recommendation	Actions	Timescales	Evidence
<p>Enable members to effectively challenge and scrutinise service performance:</p> <p>– clarify the respective roles of the performance board and scrutiny;</p>	<p>The Scrutiny Annual Report was endorsed by full Council on 29 September 2015. A key priority for next year will be to develop the relationship with Cabinet further, and work is currently being undertaken on developing a protocol between the Executive and Scrutiny that will help clarify the respective roles of both parties, including responsibilities for monitoring and accounting for performance.</p> <p>Regular meetings continue to be held between Cabinet and Scrutiny Improvement Group - at the most recent, on 6 October, a draft procedure for Cabinet Member involvement with Scrutiny has been drafted and will be discussed at the next meeting on SIG and Cabinet scheduled for 2 February 2016. This procedure includes guidance on what was agreed at the last meeting in terms of when Cabinet Members will be invited to attend Scrutiny and for what purpose.</p>	<p>By the end of the financial year 2015/16</p>	<p>Minutes of Scrutiny Improvement Group – 6th October</p> <p>Scrutiny Improvement Group agenda and minutes – 2 February</p>
<p>Ensure that meeting agendas allow for sufficient time for members to focus on (broad) underperformance in both; (Performance Board and Scrutiny)</p>	<p>We have recently reviewed the Committees' work programmes to focus more on key risks and priorities, with a new information reporting procedure to enable us to routinely provide performance and other relevant information to Members. The intention is to improve Members' background knowledge on service issues and provide a mechanism to pick up on any potential issues as they arise.</p> <p>Last year we also revised the service plan process for scrutiny - the half year reviews took place in November. The Committees received exception reports only highlighting the red and high risk areas of performance within the service area, with the full report being emailed for information. This process was successful in focusing the time available at the Committee meetings on the areas of underperformance.</p>	<p>Completed</p>	<p>Committee work programmes</p> <p>Scrutiny Agenda's and minutes for the November meetings (half year reviews)</p>

CA Recommendation	Actions	Timescales	Evidence
	The Committees are also in the process of introducing pre meetings before the Committee meetings to allow time to be briefed by the Scrutiny Officer on the agenda, to focus attention on the role of the Committee for each item and focus questioning/ lines of enquiry.		
Provide training on effective challenge and scrutiny for Members	Alongside the new work programmes, we are also putting together a programme of seminars and training events for Members, to develop skills and provide background information to support Members in scrutinising and challenging services more effectively. This currently includes briefings on key policy changes; for example in social services legislation, as well as training from the Fairness Commission on assessing fairness in policy development. We are also providing training on Fairness and Equality Impact Assessments, to improve challenge within the budget setting process.	By the end of the financial year 2015/16	Training Materials for Members Member training calendar
Improve target setting to better reflect the service/performance standards the council wants to achieve.	Target setting guidance has been in place since February 2015. The guidance sets out three key principles which Heads of Service must meet when establishing measure targets for the year ahead. The three principles include targets: exceeding previous year performance, not being in quartile 4 and exceeding Welsh Average. All targets are reviewed by SLT and if they do not meet these criteria, the relevant Head of Service must provide satisfactory reasoning behind retaining the target. Recommendation 6

We recommend that the council improves the collective leadership by both Members and officers of the delivery of its response to the Auditor General's 2013 Corporate Assessment by agreeing clear accountability and monitoring arrangements for the implementation of recommendations and proposals for improvement.

Additional actions as identified on 8th October by Cabinet and SLT:

- Cabinet Members and Heads of Service will attend scrutiny twice a year. They will jointly present the looking back/looking forward service plan and the 6 monthly reviews. This will include the full range of performance measures, to include financial performance, national and local performance indicators and priorities outlined in the service plan. Officers will design an appropriate template to capture all of the key data and allow for consistent reporting
- Consider opportunities in the future to present as a collective leadership group to staff groups

Completed Actions:

- Cabinet Members and Heads of Service have had a series of informal cabinet meetings to discuss the budget
- The meeting with the WAO on the 20th October was a joint presentation. It will also include the action plans sitting below the statutory recommendations which were presented by the relevant Cabinet Member/Lead Officer
- CMs and Heads of Service attended scrutiny in Oct/Nov to present the half year service plan reviews, which were reported as was set out in the agreed action. Year End reports will be presented in July following the same process.

Recommendation 7

The council must ensure that all National Strategic Indicator data is collected and published in accordance with the Welsh Government definitions; particularly NSI. EDU/015a - Final Special Educational Needs statements issued in 26 weeks.

- The 2015/16 Data Quality Review has been completed by the Wales Audit Office; the report was received in January and confirms that this recommendation has been addressed.
