Purpose This report highlights the remuneration options for the Members Scheme of Remuneration for 2017 - 2018 and asks the Council to determine the level of remuneration of those members receiving Special Responsibility Allowances and to determine any allowances for the City's Mayor and Deputy Mayor for the coming year.

Summary The Independent Remuneration Panel for Wales (IRPW) is the body tasked with setting the remuneration levels for Councils in Wales.

The Independent Remuneration Panel makes determinations in relation to Basic and Senior Salaries and also the rates and conditions for expenses paid by public authorities.

Until last year, the Council had no discretion to amend any of these values, with the exception of the payment bandings used to pay the mayor and deputy mayor. The Panel's report retains an element of flexibility to the Remuneration Panel's determinations as described below.

In summary the Remuneration Panel's report includes the following changes:

- **Basic Salaries** – a 'very modest increase of 0.75% to the basic salary' for councillors. This is the first increase for 3 years and 'follows the slight easing of restraint in the pay of public sector employees'. It represents a £100 increase in the Basic salary for councillors (to £13,400)
- **Senior Salaries** – No increase is determined for senior salaries. The Panel has continued to determine a two – tier system of payments. The Democratic Services Committee remains concerned at the two levels of payments for Cabinet Members and Committee Chairs created in February 2016 as expressed in response to the consultation on the IRP report last year. The Democratic Services Committee recommends no change in the position in Newport.
- **Sickness Absence for Senior Salary Holders** – this is proposed in response to feedback from members and authorities. The approach will operate in a similar way to the current 'family absence' provisions. This proposal was broadly welcomed by WLGA members

- **Care Allowances** – The IRP has been concerned for a number of years about the low take up of this allowance.

The IRP has renamed 'Care Allowances' as 'Reimbursement of costs of care' to try to separate it from being perceived as part of an individual councillors' salary or allowances.

As to timing, given the elections next May, the IRP's determinations (once finalised) will come into force as follows:

- Basic salary and senior salary holders - 8 May 2017, (subject to the member having signed the declaration of acceptance of office)

A table is set out below to assist discussions on the determinations.

Proposals

- To adopt the determinations of the Independent Remuneration Panel
- To determine that all Senior Salary holders (Cabinet Members and Chairs of Committees will continue to be paid at the higher level as described in the table 1 below
- To determine that the Mayor and Deputy Mayor shall be reimbursed at level 2 and as set out in the table below at 'Determination 3"
- To note the IRP has determined that Care allowances shall be renamed 'Reimbursement of Costs of care"

Reimbursement of Travel and Subsistence costs

The Panel has determined that Members may claim reimbursement for travel and subsistence (meals and accommodation) costs where these have arisen as a result of undertaking official duties. Expenses reimbursed to members by their local authority are exempt from Income Tax and employee NICs.

The Panel is aware that in some instances members with disabilities have been reluctant to claim legitimate travel expenses because of an adverse response following the publication of their travel costs. As an alternative, travel arrangements could be made directly by the authority in such circumstances.

The Panel has determined that there will be no change to mileage rates which members are entitled to claim. All authorities may only reimburse travel costs for their members undertaking official business within and/or outside the authority's boundaries at the current HM Revenue and Customs (HMRC) rates which are:

Reimbursement of Mileage Costs:

45 p per mile	Up to 10,000 miles in a year by car
25 p per mile	Over 10,000 miles per year by car
5p per mile	Per passenger carried on authority business
24p per mile	Motor cycles
20p per mile	Bicycles

Where a member who is on official business is driven by a third party (not a member or officer of that authority), the member can claim mileage at the prescribed rates plus any parking or toll fees provided the authority is satisfied that the member has incurred these costs.

Reimbursement of other travel costs

All other claims for travel must only be reimbursed on production of receipts showing the actual cost and will be subject to any requirement or further limitation that an authority may determine. Members should always be mindful of choosing the most cost effective method of travel.

Reimbursement of subsistence costs

£28 per day	Day allowance for meals, including breakfast, where not provided in the overnight charge
£200 per night	London
£95 per night	Elsewhere
£30 per night	Staying with friends and/or family

These rates are in line with Welsh Government rates. Recommended practice is that overnight accommodation should usually be reserved and paid for on behalf of members by the relevant authority, in which case an authority may set its own reasonable limits and the limits which apply when an individual member claims in arrears for overnight accommodation costs do not then apply.

All authorities must continue to reimburse subsistence expenses for their members up to the maximum rates set out above on the basis of receipted claims except for occasions when members stay with friends and/or family.

There may be instances where an authority has determined that travel costs within its boundaries are payable and require a journey to be repeated on consecutive days. Where it is reasonable and cost effective to reimburse overnight accommodation costs, instead of repeated daily mileage costs, then it is permissible to do so.

It is not necessary to allocate the maximum daily rate (£28 per day) between different meals as the maximum daily rate reimbursable covers a 24 hour period and can be claimed for any meal if relevant, provided such a claim is accompanied by receipts.

Monitoring compliance

The Panel will monitor the compliance with the determinations in this Annual Report by relevant authorities against the following requirements:

- (i) A relevant authority must maintain an annual **Schedule of Member Remuneration** (IRPW Regulations 4 and 5).
- (ii) A relevant authority must make arrangements for the Schedule's publication within the authority area (IRPW Regulation 46) and send the Schedule to the Panel as soon as practicable as and not later than 31 July in the year to which it applies.
- (iii) Any amendments to the Schedule made during the year must be conveyed to the Panel as soon as possible after the amendment is made.

Comments of Chief Financial Officer

The IRPW determination to increase Basic Salary by £100 per Councillor will add £5,000 per annum. This will need to be accommodated within existing budget resources.

Comments of Monitoring Officer

There are no specific legal issues arising from the Report. The IRP has statutory power under Section 147 of the Local Government (Wales) Measure 2011 to set Members Allowances.

The Democratic Services Committee offered comments on their draft proposals for 17/18, with the revised basic salaries. Democratic Services Committee (DSC) have previously expressed the opinion that it would not be appropriate to comment on the amounts of basic and senior salaries being proposed

by the IRP and have taken the view that all salaries should be prescribed by the IRP and not left to the discretion of individual councils.

The existing scheme does give an element of local discretion

The IRP has determined an increase in the basic salary by £100 to reflect the fact that salary levels have not kept pace with average earnings. However, the IRP recognises that the allowances have to be “affordable” in accordance with the Measure.

Despite the concerns expressed by DSC and the fact that no Welsh Councils pay differential salary levels to Cabinet Members, the IRP continues with two-tier level of payment, according to responsibility. However, all Cabinet Members in Newport continue to be paid at level 1.

They also continue with the two-tier system of salaries for Chairs of Committee. The Council has a discretion as to whether to pay these senior salaries to Committee Chairs and, if so, at what level.

The only two additional provisions relate to sickness absence and care costs. The proposal for senior salaries to be paid for up to 26 weeks in the event of extended sickness absence, and for an additional allowance to be paid to any substitute during this period, is equivalent to the existing family absence provision. In practice, the 6 months disqualification rule and internal cover arrangements may well render this unnecessary. Currently, care allowances are paid as part of the member’s salary and the payment is identified in the annual statement of allowances. The IRP feel that this publicity may have discouraged eligible councillors from claiming the payment and, therefore, considered that it should be paid as a separate reimbursement of care costs rather than as part of a member’s salary.

Comments of Head of People and Business Change

There are no specific HR or equalities issues arising from the report as the appointment to posts attracting senior salaries is a political decision by the Council. There are no specific issues in the response in relation to the Wellbeing of Future Generations Act , although those appointed to Cabinet posts in particular will need to consider the principles of the Act as part of the decision making process.

Comments of Cabinet Member

No cabinet member is responsible for payments to elected members

Local issues

There are no local issues arising from the report as it affects all members of the Council.

Scrutiny Committees

The consideration of the proposals in this report fall to the Democratic Services Committee

Equalities Impact Assessment

No Equalities Impact Assessment was undertaken as the report is suggesting a response to proposed determinations that would affect elected members only

Children and Families (Wales) Measure

No part of this report impacts directly on Children and young people.
