INTEGRATED
PLAN**

**'Feeling Good
About Newport'**

2013-2016

ONE NEWPORT'S SINGLE INTEGRATED PLAN

Vision

"Working together to create a proud and prosperous city with opportunities for all"

Outcomes

People in Newport achieve their full potential
Newport has a prosperous and thriving economy
People in Newport are healthy and thriving
People in Newport live in a safe and cohesive community
Newport is a distinctive and vibrant city

1. Introduction

The Welsh Government has challenged all local authority areas in Wales to develop a Single Integrated Plan (SIP) and rationalise partnerships by 1 April 2013. The statutory guidance '[Shared Purpose – Shared Delivery](#)' sets out the role of local government and their partners, through Local Service Boards (LSBs), in helping to improve service delivery by working together to plan, work, deliver and improve outcomes.

2. Background

One Newport Local Service Board (LSB)

One Newport is the city's Local Service Board (LSB) where the leaders of local public, private and third sector organisations work together to ensure services are effective, focused on local people and improve the quality of life in the city. One Newport includes senior members from Newport City Council (NCC), Aneurin Bevan University Health Board (ABUHB), Gwent Police, Office of Police and Crime Commissioner, National Probation Service, South Wales Fire & Rescue Service, University of South Wales, Newport City Homes, Communities First, Job Centre Plus, key private and voluntary sector bodies and Welsh Government.

Partnership Working

The One Newport partnership helps public service organisations to work together more effectively and to support, encourage and pursue joint working where it benefits local people. New partnership arrangements were implemented in June 2012. Subsequently, a review of these arrangements was undertaken and a new partnership structure put in place from April 2015. The priorities in the SIP will remain but the way they are delivered and monitored will be simplified through this new structure. The structure is based on three priority themes and two overarching themes as described in this SIP.

3. About the Single Integrated Plan

What is a Single Integrated Plan?

A SIP is the defining statement of strategic planning intent for the local authority area. It contains the LSB's vision for improving the city over the next three years. No single organisation can meet the total needs of a community, so there is a requirement to plan and deliver services in collaboration with other public and private sector organisations. This SIP identifies key priorities that, as an LSB, we will work towards achieving over the next few years. These priorities have been identified as those where the LSB and other key stakeholders must work together to achieve success.

The SIP replaces the following plans and strategies:

- Community Strategy
- Health, Social Care and Wellbeing Strategy

- Children and Young People's Plan
- Community Safety Plan
- Prosperous Newport Plan

How has this Single Plan been developed?

The SIP and priority themes have been determined by a robust evidence base in the form of a [Unified Needs Assessment](#) (UNA). There are three priority themes with an emphasis on tackling poverty and addressing the needs of vulnerable groups. In addition, there will be more focus on geographically based priorities and actions.

The three priority themes are:

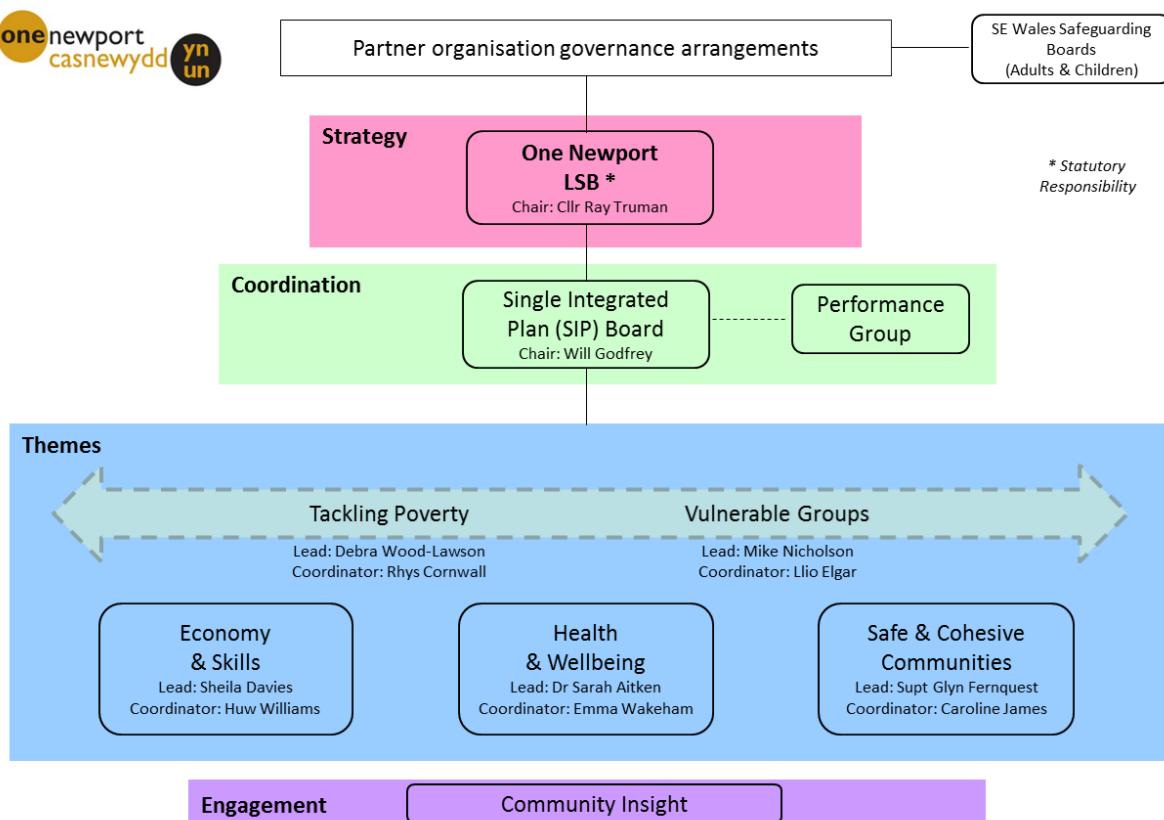

1. Economy and Skills
2. Health and Wellbeing
3. Safe and Cohesive Communities

Each theme will have a series of work groups based on a task and finish approach with a key set of overarching principles and terms of reference. Each work group will agree a set of actions for delivery.

Key Programmes will remain in place and work towards achieving the key priorities. These include:

- Communities First
- Supporting People
- Domestic Abuse
- Health Challenge Newport
- Integrated Family Support (including Families First, Flying Start)

Partnership Structure

How will the new structure work?

Under previous arrangements, progress against priorities would be reported to the relevant Partnership Board (Children and Young People's, Health, Social Care and Wellbeing, Community Safety or Prosperous Newport). This was done in different ways and within different timescales.

New arrangements mean that priorities have been identified within a single structure and resources can be aligned far more easily against those priorities. Most work will be undertaken by groups set up to run projects with set, time-bound goals to achieve against the LSBs priorities. Occasionally a more permanent group will need to be established and these will ensure the LSB meets certain requirements or has a more long term approach to the co-ordination of some pieces of work.

There are also a number of Programmes being run across Newport and each of these has its own requirements for governance.

All groups, whether project, standing or programme specific will report through the relevant Priority Theme to the SIP Board via the One Newport Performance Management Framework. The SIP Board will ensure that:

- Project plans are in place and resources are allocated to manage the project
- Projects are monitored in line with the agreed priorities and that work undertaken is in line with those priorities
- Partners contribute resource, expertise and time to undertake agreed work
- Progress is monitored and partners and projects are held to account
- Reports to the Local Service Board are timely, accurate and that any issues are identified early on
- New priorities and emerging issues are identified and actions taken to address these as required
- Arrangements are in place to ensure we meet, monitor and progress our statutory responsibilities across the partnership

4. Role of LSB member organisations

The priorities and actions in the SIP will have implications for the corporate planning of LSB member organisations, and should be considered at all levels of service planning and delivery.

All LSB member organisations must ensure the outcomes set out within the SIP are reflected in the aims and objectives of each partner organisation's corporate planning processes and are the core of the performance management of the partnership.

5. National, Regional and Local Roles

The LSB is committed to collaborative working where shared priorities have been identified across the region. The LSB aims to work with all partners in neighbouring areas in South East Wales to improve delivery for local citizens.

Work is already underway in relation to regional collaboration on a range of issues including Education, Alcohol and Substance Misuse, Welfare Reform and Community Safety. During the life of this SIP the LSB will need to be mindful of these and other emerging collaborative agendas and be able to respond accordingly.

The Welsh Government has identified the outcomes Wales should work towards and the priority areas for action in the [Programme for Government](#). The following outcomes are of particular significance for local multi-agency delivery:

- improving early years' experiences

- improving health and educational outcomes of children, young people and families living in poverty
- preventing poor health and reducing health inequalities
- more inclusive and cohesive communities
- improving the skills of young people and families
- ensuring people receive the help they need to live fulfilled lives
- creating sustainable places for people

The [Public Service Leadership Group](#) (PSLG) has been established to provide national leadership for public service reform and collaboration, and to drive the pace of improvement in public services of Wales. There are 3 national programmes of work led by the Public Service Leadership Group:

- Asset Management and Procurement
- Organisational Development and Simpson Implementation
- Effective Services for Vulnerable Groups

6. The Child Poverty Strategy and relationship to this Plan

Organisations working within Newport are committed to working together to tackle the inequalities that some children, young people and families face because they are living in poverty. There is strong evidence that shows poverty can have adverse effects on outcomes for children and young people later in life. Therefore, the single overriding priority within this plan is to reduce the inequalities that exist between those children, young people and families living in poverty and those that do not and to ensure that all children and young people living in Newport reach their full potential regardless of their family's aspirations or economic and social situation.

This SIP will be supported through the development of a [Child Poverty Strategy](#) for Newport which will detail our commitments, the support we will provide and differences we will make to the lives of children, young people and families in Newport.

7. Vulnerable Groups

The key focus of this SIP is the improvement of the lives and life chances of the people of Newport. In order to achieve this, work that will be undertaken against the identified priorities will undoubtedly focus in on those groups and individuals who are most vulnerable, most at risk and most disadvantaged. Partners committed to achieving the goals set out in this Plan do so in the knowledge that there is unjustifiable inequity in access to services and opportunities and that the life, education, health and employment chances of these groups are significantly worse than others in our society.

When developing project and action plans, partners will be required to show how they will meet the needs of those individuals and groups who are most in need and we, as an LSB, will hold ourselves to account on our ability to affectively change their lives for the better.

Through these arrangements we will maintain a focus on:

- Children, young people and families
- Frail older people
- Carers
- Disabled people
- Minority ethnic communities
- Homeless and those at risk of becoming homeless
- Armed Forces community
- Deprived communities

8. Welfare Reform

The LSB recognises that changes to the current benefits system will impact upon some of our most needy individuals and families. Currently, work is on-going across Gwent to put in place the resources to offer support, information and advice to those who will be affected by these changes. The SIP will support this agenda by enabling individuals to gain the skills needed to access employment, by creating an environment where businesses can thrive and by removing inequities in access to services.

9. Progress so Far

The following is a summary of some of the main achievements over the last few years through partnership working in Newport:

Healthy Newport

- Implementation of the **Frailty programme** which provides a community based integrated model of care to help individuals maintain independence and avoid unnecessary hospital admissions
- Implementation of the **Exercise Referral Scheme** in Newport which offers a structured exercise programme to improve the physical and mental health of those clients who have a chronic disease or are at risk of developing chronic disease
- Opening of an additional two **ExtraCare** Schemes for Frail Older People (Capel Court & Glyn Anwen) where care and support is provided on site, there are now a total of 161 self-contained flat across four sites
- Development of the **NewLink Community Transport Scheme** which provides transport for residents who are unable to use local bus services
- **WALK Newport** has successfully been established as an independent and self-sustainable walking group
- Development of the **Lighthouse Project** which provides low-level housing related support to people in their own homes
- Integration of the Learning Disability Team
- Integration of the Community Mental Health Teams
- Integration of Occupational Therapy Services
- Development and expansion of the **Memory Cafe** which offers an informal setting for those affected by dementia and their carers to access support and information
- Development of **Newport's Carers Forum** which provides carers with opportunities to meet and share knowledge, expertise and coping strategies and develop informal networks

Young Newport

- The **Flying Start** programme currently supports over 1,600 children from deprived areas of Newport, with a planned expansion to enable more eligible families to benefit from support
- Appropriate and sustainable **childcare** provision, advice and support is available to all families through a variety of local programmes including parenting courses and Health Access programme
- Consistent increases in **Key Stage 2** Core Subject Indicator (CSI) attainment year on year, increasing from 80.3% attainment in 2006/07 to 84% attainment in 2010/11
- Some significant progress has been made to reduce the number of **young people not in education, employment and training** over the last 3 years through a variety of collaborative initiatives
- **Early years vaccination** uptake rates continue to be good in Newport
- Children and young people have the opportunity to take part in a wide range of **sport and physical activities** across communities in Newport through various schemes including a Club Accreditation Scheme for Voluntary Sports Clubs
- Increase in participation in **community sports activities**, reaching almost 50,000 participants

- Promoting the **participation** of young people to ensure they can express their views, be listened to and influence decision making and service delivery through various initiatives including training, Youth Council, Community Youth Forums, School Councils and consultation activity
- Increased focus on **preventive services** for children/young people and their families, as a result of work by the Integrated Family Support Team and the new Families First model
- A wide range of organisations and services across the city support people and communities disadvantaged by **poverty** in relation to both financial and employment support including Genesis, disabled families financial advice and job/employability skills clubs

Prosperous Newport

- Planning approval has been granted for the retail redevelopment of 390,000 sq ft comprising the **Friar's Walk** development. Debenhams, the key anchor store, have signed for their 93,000 sq ft unit, which has taken this exciting project to the next key stage of its development
- A planning application for 70,000 sq ft office development for **Admiral Insurance** in **Cambrian Centre** has been granted and when fully occupied this building will host 1,200 jobs
- Physical regeneration works around the **Market Quarter**, where the indoor market itself is having a new frontage and new entrance, together with key buildings in and around **High Street**, and all new public realm works through High Street will be undertaken throughout the 2012/13 financial year
- Newport City Council has redrawn the boundary for its **grant incentive schemes** for new businesses thinking of relocating or enhancing their business in the city centre, to be co-terminus with the boundary of the priority zones within the city centre
- Newport and Gwent Enterprise has been successful in securing the contracts for the delivery of Welsh Government **business services** across South East Wales in partnership with Business In Focus

Safer Newport

- Designing out crime reports (**environmental**) have seen improvements in such places as the city centre, alley gating in Ringland, fencing of castle and lighting scheme
- Substantial reductions in **crime** including criminal damage/graffiti through introduction of graffiti removal scheme, criminal damage action plan; improved **hate crime** incident reporting and management; **violent crime** reductions across the city but particularly around the city centre; **prostitution** policy recognised as best practice
- **Operations** including Halloween, Bonfire Night, Christmas Crime Campaigns, Alcohol Misuse Enforcement Campaigns, Trading standards, Police and Warden operations to address misuse of fireworks, selling of cigarettes, Rear of Bus Advertising campaign
- Addressing **licensing** issues including amending taxi licensing policies to improve personal safety and information sharing on offenders, multi agency operations, targeting individual problem premises
- Improvements in the **city centre** through First Best Bar None scheme in Gwent, poly carbonate glasses, support of street pastors scheme, City Centre Tactical Group meetings
- **Business Crime Partnership** has introduced new digital radios, information and photo sharing in the city centre
- Excellent three stage approach and process for managing **Anti-Social Behaviour** (ASB), I-zone mobile youth provision, support for young offenders and parents, MUGA Corporation Rd, work of ASB recognised by Prime Minister and visit to Downing Street
- Many **campaigns** such as Pink Handbag scheme (personal safety), Motor Crime Education Project, joint clean up campaigns e.g. Somerton, Neighbourhood Management Pilot, Neighbourhood Crime and Justice Campaign
- Improved **substance misuse** services and capacity for addicts and users; first Crack House closure in Wales
- Opening of new **Domestic Abuse** Unit and new programmes of work

10. Our Needs

[Newport's Unified Needs Assessment \(UNA\)](#) was first published in May 2012 and sets out a summary of the issues facing the local population and presents public opinion, background information and baseline data which has been used to determine the priorities for this SIP. The latest version was published February 2015.

Profile of Newport

As one of Wales' newest cities, Newport forms the gateway between Wales and England and the economic motor for the South East Wales region. In spite of the tough economic climate facing the city and the UK as a whole, it continues to undergo some of the most far-reaching changes seen in the locality during the last 100 years and heralds the newest and perhaps most exciting chapter in the city's history. Those who know the city well will recognise it as a multi-cultural community with its own unique atmosphere where traditional industries exist alongside new electronics and financial service sectors.

For all its historic interest, Newport has more than it's past to commend it. After losing some of its core industries, the city is successfully proving that it can re-establish and adapt itself as a centre of modern industry and commerce. We provide jobs and opportunities for local people, the communities along the M4 corridor and the eastern valleys.

Newport covers a geographical area of just over 73.5 square miles. It is a vibrant, forward-thinking city steeped in a rich heritage, natural areas, biodiversity and landscape. Protection of this environment as well as our urban centres will make Newport a more attractive place.

Newport City

Newport is undergoing major changes with many parts of the city being redeveloped to create a better environment for people to live, work and visit. It has a distinctive role as a city and the aim is to revive the city centre and the surrounding districts to make it a more sustainable city where people can live closer to places where they work and shop and are encouraged to use public transport. Newport has a key regional role within south east Wales and partner agencies are working together to regenerate the city and turn it into a thriving centre for business, leisure and living. The image of the city has suffered in recent years and work is underway to increase community confidence and to encourage people to feel good about the city and to be proud of where they live. The Ryder Cup in 2010 was a once in a lifetime opportunity to get residents, businesses and visitors feeling good about Newport and to create a lasting legacy for the city.

People

The city has long been an ethnically diverse area but its demographic make up has remained essentially stable for a significant period of time. We are proud that we have always experienced good inter-community relations in the city and it is vital that all of the people and agencies in the city continue to maintain this commendable social cohesion.

In 2011, the population of Newport was estimated at 145,736 with 51% female and 49% male¹. The population has risen by 6% since 2001. The age structure of the population broadly reflects wider trends evident in Wales and the UK. Newport has an ageing population, and increased life expectancy and overseas immigration has resulted in moderate population growth which is likely to continue in the foreseeable future.

¹ Office for National Statistics (ONS), 2011 Census

Population by Ethnicity

The most recent Census data in 2011² shows the population of Newport is made up of 89.9% of people from a white background and 10.1% of people from a non-white background. The city has the second largest number of people from a non-white background of the Welsh Councils after Cardiff. The number of people from a non-white background has continued to increase with an estimated 6.6% of the population from a minority ethnic background in the city in 2009³, an increase from 4.8% in 2001⁴. This is a higher proportion of people from a non-white background than for Wales as a whole.

Population by Target Group

Most recent figures indicate that 21.6% of the Newport population are living with a long term limiting illness and 7.9% of people are permanently sick or disabled⁵. As life expectancy grows, the incidence of limiting long term illness is likely to increase with age.

Carers

Most recent figures show that 11.4% of the population are unpaid carers⁶. This information is taken from the 2011 Census where respondents were asked if they provide unpaid care and how many hours a week on average they care for. The percentage of unpaid carers is slightly below the Wales average of 12.1% but above the England average of 10.3%.

Armed Forces

Data from the 2011 Census shows there were a total of 196 people employed in the armed forces either living in households or communal establishments. This compares to a total of 6,875 people in Wales. The dispersed nature of many members of this community has meant that they are often 'lost' in the system, and in spite of the great contribution, and sacrifices in many cases, they have made, this remains a group within society that continues to be inadvertently denied access to core services such as housing, employment and benefits advice, health care, and school places.

Asylum seekers, refugees and migrants

The rate of turnover for asylum seekers in Newport has changed from 30% in 2010 to approximately 90% in 2011. A higher rate of turnover is likely to affect service provision and community cohesion.

According to the data available, the numbers for non-UK born residents for the UK and Wales show a steady increase over time, while the number of migrants in Newport has remained stable over the last few years, with an apparent 'dip' in 2009/2010. It is not clear whether this dip is reflecting the actual situation and if so, what the reasons are, or whether it is related to the way data is collected. In Wales, the top five of countries of origin from non-UK born migrants for the period of April 2010 to March 2011 is Poland, India, Germany, the Republic of Ireland and the Philippines.

Gypsy and Traveller population

In 2009, the Council was required to carry out a [Gypsy and Traveller Needs Assessment](#) to supplement the Newport, Torfaen and Monmouthshire Local Housing Market Assessment report which were completed in 2007. This Fordham study concluded that the Council had a 10 year need for 29 permanent pitches for families living in, or with an affiliation to Newport.

The Welsh Government Gypsy and Traveller Caravan Count on 19th July 2012 states that 58 caravans exist in Newport on private, tolerated and un tolerated sites. The current Newport City Council accommodation waiting list demonstrates an immediate need for 17 pitches (usually 2-3 caravans per pitch) and then a further 10 pitches up to the end of the Local Development Plan period to 2026.

² 2011 Census (Table KS201EW), Office for National Statistics (ONS)

³ Annual Population Survey, 2009

⁴ 2001 Census

⁵ 2001 Census

⁶ 2012 Census

Many of the occupants on the untolerated sites have been found to have accommodation elsewhere and the Council does not have a duty to accommodate them. Two hundred of these caravans are on lawful private sites. In addition to the permanent residential accommodation need there is an identified need for 7 transit pitches for families travelling through Newport. The Local Development Plan will provide sites to accommodate the required need during its plan period 2011 – 2026.

Wealth and Deprivation

In Newport, neighbourhoods with some of the country's highest levels of social deprivation sit next to some of those with the greatest affluence. The Wales Index of Multiple Deprivation (WIMD) is the official measure of deprivation for small areas in Wales. The WIMD 2011⁷ is made up of eight types of deprivation or domains: employment, income, education, health, community safety, geographical access to services, housing and physical environment. Newport is ranked as the fourth most deprived local authority in Wales, with 16% of LSOAs in the most deprived 10% in Wales. Newport has 56% of its LSOAs in the most deprived 50% in Wales. In general, the Valleys and urban local authorities tend to be more deprived than those which are largely rural.

Priorities for Newport

The main challenges and those which contribute to disadvantage are across educational achievement and employment, crime and anti social behaviour, health inequalities, and child poverty. Economic regeneration alongside community regeneration are key factors that can transform local neighbourhoods and the lives of local people. Focus must be on narrowing the gap between the least and most affluent areas of the city by addressing areas of activity including employment, health, housing, education, community safety and the environment.

The following is a list of the most popular recurring themes that appear in all of the partnership consultation and engagement activity that has taken place since 2010:

1. City centre cleanliness
 - Community safety and anti social behaviour
 - Sport and leisure facilities
2. Attractive city centre
 - Derelict properties across city / empty shops
 - Shopping facilities – lack of choice and quality
 - Food and drink facilities
 - Heritage and culture
 - Parking in city centre
 - Pride in Newport / negative attitudes
 - Regeneration progress
 - Nuisance in city centre
 - Activities and events across city
 - Encourage local businesses
 - Good public transport
 - Built environment / urban planning e.g. city centre layout
3. Niche role for Newport
 - Location and geography of city
 - Countryside and wildlife
 - Job, skills and employment

⁷ [StatsWales](#)

11. Our Priorities

The following information contains our priority outcomes for the next 3 years, with clear actions for driving improvement which describes partners' contributions and accountability. There is a focus on the highest priorities which form the core agenda for improvement of the LSB. More detailed delivery plans for each priority will be developed on an annual basis.

Outcome	People in Newport achieve their full potential Newport has a prosperous and thriving economy Newport is a distinctive and vibrant city
Theme	Economy & Skills Ensuring people of all ages have access and opportunity to gain the appropriate skills, knowledge and qualities to secure lifelong employment: <ul style="list-style-type: none">• Developing lifelong work focused skills• Ensuring that progression pathways exist• Ensuring that support is in place Economy & Skills Ensuring future sustainable economic prosperity for the city through: <ul style="list-style-type: none">• Providing a regenerated, diversified and resilient economy• Raising the profile of the city
Our needs	The key issues have been identified as: <ul style="list-style-type: none">• strengthening and diversifying the local economy• regenerating the city centre and neighbourhoods• supporting businesses and improving infrastructure• improving perceptions of Newport both within and outside of the city• promoting Newport's distinctive heritage, culture, sporting offer and environment• building on Newport's growing reputation as a tourism destination and high calibre business conference venue• ensuring the competing demands of the economy, society and environment are kept in balance• reducing the levels of carbon emissions, particularly from road traffic and reducing volumes of waste generated• improving and protecting the quality of the urban environment through reducing air pollution, tackling empty homes and regenerating derelict sites• improving the energy efficiency of homes and reducing people living in fuel poverty• Raising levels of literacy and numeracy and breaking the link between poverty and poor educational outcomes

- ensuring that businesses are confident in the current and future availability of skills in the local labour market
- ensuring that working age adults have the skills required to succeed in an evolving jobs market which increasingly demands higher level skills
- raising the level of educational achievement and promoting a culture of lifelong learning to improve opportunities for all people
- reducing the numbers of young people not in education, employment or training through joint working, good practice, data sharing and developing appropriate programmes and interventions
- improving attainment levels for the Key Stage 2 level 2 threshold (including English/Welsh and Maths)
- narrowing the attainment gap between free school meals and non-free school meals pupils
- improving primary school attendance rates and reducing secondary school permanent exclusions

More detailed information on needs analysis and current initiatives is available in the [UNA](#).

Statutory duties	Children's Act 2004 Children and Young People's Plan (Wales) Regulations 2007 Children and Families (Wales) Measure 2010 Learning and Skills Act 2000					
Our priorities	Connectivity	Economic Growth	Physical Regeneration	Youth Opportunity	Learning Pathways (whole life)	Access to Employment
To achieve this we will	Improve the availability and uptake of high speed internet and develop the public WiFi network, through the Super Connected Cities project	Work within regional partnerships (Cardiff City Region, Great Western Cities partnership) promoting the city as a high-quality destination for international business	Completion of the Friars Walk major retail and leisure development in the city centre Regenerate the city centre by creating additional residential units, including affordable homes	Develop employability focus of the Work Based Learning Academy to meet the needs of young people who are only seeking employment Develop and deliver the EU funded Inspire to Work and Inspire to Achieve programmes to improve skills and improve employment prospects for young people	Provide opportunities for adults to improve their basic skills (literacy, numeracy and digital literacy skills) Improve employer engagement in education so young people are better prepared for the world of work Develop relevant education	Align Families First, Flying Start and Communities First to engage with communities and deliver a range of coordinated services that support people to find work Through Families First (Family Skills Programme) address the barriers which prevent families with children from finding
	Increase public transport passengers and active travel journeys to	Continue working closely with Welsh Government to target high value sector growth	Bring empty landmark city centre buildings back into use			

	reduce congestion, carbon emissions and improve air quality	Improve perceptions of Newport through a marketing and events programme and effective destination management	Increase the availability of flexible office/commercial premises Implement key Heritage projects Completion of the Newport Gateway programme	Implement the Youth Engagement and Progression Framework Develop and implement the Community Benefit agenda within local procurement frameworks, creating further training and employment opportunities	progression pathways for key economic sectors and meeting employer skills Demands Promote lifelong learning opportunities for adults of all ages Develop and deliver the EU funded Skills@Work project, to improve attainment levels within the work place	work Through the Work Based Learning Academy create training, work placements and employment opportunities for the following priority groups: <ul style="list-style-type: none">• Young people not in education, employment and training• Unemployed people (aged 18-24)• Unemployed people (aged 25 and over)• Disabled people• Lone parents• Black and minority ethnic people
	Undertake bus priority and network improvements to increase reliability and reduce journey times	Develop the tourist and visitor economy, focusing on: Business tourism The Wales Coastal Path Sports, culture and heritage	Reduce households in fuel poverty, and reduce carbon emissions through large-scale energy efficiency schemes	Through the Families First Programme reduce the impact of poverty on education outcomes for children, young people and families		
	Upgrade bus-stops to improve comfort, shelter and provide real time passenger information	Work with the Newport Now Business Improvement District to develop and implement a plan to improve the city centre experience and increase footfall and trade		Align Families First, Flying Start and Communities First to deliver coordinated provision for young people		
	Expand and improve the local active travel network (walking and cycling)	Assist business growth through inward investment		Further develop local and regional		Provide in-work aftercare support to help people sustain employment (through the Work Based Learning Academy)

	<p>Develop the case for a Newport East park and ride rail station at Llanwern to reduce highways congestion, shorten journey times and improve air quality</p> <p><i>Please note that the improvements to transport infrastructure outlined above are dependent on access to Local Transport Plan/Metro funding.</i></p>	<p>advice, business advice and financial support</p> <p>Support economic development in rural areas of Newport through the Rural Development Plan</p>		<p>partnership approaches to meet the specific needs of young people and reduce the number of young people not in education, employment or training (NEETs)</p>		<p>Develop Community Benefits policies to ensure that Council procurement creates training and employment opportunities for local people</p> <p>Improve engagement and partnership working with employers, training providers and the education sector through a strategic "Worklessness" group</p> <p>Establish a construction cooperative to help local companies successfully bid for contracts in order to generate employment opportunities</p>
We can measure success by	Superfast broadband availability (Ofcom)	Business demography - start-ups and closures Ratio of expanding/	Housing stock City centre residential units	Year 11 young people not in education, employment or training	Proportion of adults with no formal qualifications Proportion of adults	Job Seekers Allowance claimant rate (also youth rate) Average weekly

	Public transport usage User satisfaction with public transport Length of active travel network People participating in active travel CO2 emissions per capita (from transport)	contracting SMEs Visitor numbers and spend Proportion of knowledge Intensive business services Competitiveness Index score City Centre Footfall	Public perception surveys	Year 13 young people not in education, employment or training 16-18 year olds not in education, employment or training KS4 pupils achieving level 2 threshold inclusive of English/Welsh and Maths Job Seekers Allowance claimants aged 18-24 Number of 16 – 24 year olds who are supported into employment, training and education through specific projects	with a qualification at NQF Level 4 or above Percentage of people digitally excluded (i.e. not using the internet)	earnings Economic inactivity rate Number of people supported into employment through projects and partnerships
What local areas will be focused on?	City wide	Caerleon, Langstone, Llanwern, Marshfield, Graig (Rural Development Plan areas)	Stow Hill, Pillgwenlly (city centre area) Ringland, (energy efficiency schemes)	City wide	City wide	City wide
Who needs to be involved	Newport City Council, Sustrans, Welsh	Newport City Council, Business Improvement	Newport City Council, Business Improvement District, business	Newport City Council Education Service, Coleg Gwent, Careers	Job Centre Plus, Newport City Council: Community Learning,	Job Centre Plus, Newport City Council: Community Learning,

Government, South Wales Metro partners, Public Transport companies	District, business community, Welsh Government	community, Welsh Government	Wales, Registered Social Landlords (RSLs)	Community Development, Regeneration, Business sector, RSLs	Community Development, Regeneration, Business sector, RSLs
--	--	--------------------------------	--	---	---

Outcome	People in Newport are healthy and thriving
Theme	<p>Health and Wellbeing</p> <p>Improving health, wellbeing, and independence by:</p> <ul style="list-style-type: none"> • Promoting and supporting healthy living throughout life; • Prevention, early intervention and self-management of illness; • Reducing inequities in health; <p>Enabling people to take a personal and shared responsibility for their own health and that of their families.</p>
Our needs	<p>The key issues have been identified as:</p> <ul style="list-style-type: none"> • Rates of births with a low birth weight above the Newport and Wales averages in the wards of Stow Hill, Pillgwenlly, Victoria and Gaer; • Rates of breastfeeding below the Wales average (there are some issues with data collection so this must be considered in any work undertaken); • Rates of sexually transmitted diseases for 16-25 year olds well above the Wales averages (data to be monitored to realise a trend). • Rates of Smoking above the Wales average; • Rates of Overweight and Obesity above the Wales average; • Rates of Fruit and Vegetable Consumption below the Wales average; • Rates of Physical Activity below the Wales average; • Mental Wellbeing below the Wales average; • Rates of cardiovascular disease mortality are above the Newport and Wales averages in the wards of Pillgwenlly, Victoria, Ringland and Bettws; • Rates of respiratory disease hospital admissions are above the Newport and Wales averages in the wards of Pillgwenlly, Bettws and Victoria; • Rates of cancer mortality are above the Newport and Wales averages in the wards of Pillgwenlly, Tredegar Park, Shaftesbury, Ringland, Bettws and Gaer; • Rates of alcohol mortality and alcohol specific hospital admissions are above the Wales average. Alcohol Specific Hospital Admissions are higher in Pillgwenlly, Stow Hill, Victoria, Tredegar Park, Ringland and Bettws. <p>More detailed information on needs analysis and current initiatives is available in the UNA and Ward Profiles.</p>
Statutory duties	<p>NHS (Wales) Act 2006 Health, Social Care and Wellbeing Strategies (Wales) Regulations 2003 Children and Young People's Plan (Wales) Regulations 2007 Children and Families (Wales) Measure 2010</p>

Our priorities	Food / Nutrition	Smoking / Tobacco Control	Mental Wellbeing / Resilience	Alcohol / Substance Misuse	Physical Activity / Active Travel	Integration of Health & Social Care
To achieve this we will	<p>Support implementation of the Baby Friendly Initiative</p> <p>Support all enrolled pre-school settings to complete the Healthy and Sustainable Pre-School Scheme Hygiene Phase by Mar 2016</p> <p>Support all schools to complete the Welsh Network of Healthy Schools (WNHSS) Food and Fitness health topic Mar 2017</p> <p>Promote and support the delivery of appropriate and consistent breastfeeding, nutrition and healthy eating training for professionals</p>	<p>Support the implementation of effective smoking interventions to prevent the uptake of smoking amongst children and young people, through schools and youth support services</p> <p>Promote SSW BI training and ASH Wales training for appropriate professionals</p> <p>Support the introduction of smoke free environments ("Smoke Free Newport")</p> <p>Support the promotion of Stop Smoking Wales and Pharmacy Level 3 smoking cessation services</p>	<p>Support those pre-school settings that have completed the training to complete the Healthy and Sustainable Pre-School Scheme Mental and Emotional Health, Wellbeing and Relationships Phase by Mar 2016</p> <p>Update and promote the Healthy Schools "City of Newport Mental Health Toolkit"</p> <p>Promote and support the delivery of appropriate mental health, wellbeing and resilience training for professionals</p> <p>To support the development of Newport becoming a sustainable</p>	<p>Improve the availability of accurate and credible substance misuse information through the delivery of consistent good quality substance misuse education in secondary schools</p> <p>Support all schools to complete the WNHSS Substance Use and Misuse health topic by Mar 2017</p> <p>Improve access to accurate and credible information and training on potential impacts of substance misuse for children and young people</p> <p>To provide high quality supported housing for people with enduring alcohol problems in a suitable location in the city</p>	<p>Implementation of the Play Sufficiency Action Plan, securing sufficient play opportunities for children</p> <p>Comply with the statutory duties to manage the implementation of the Active Travel (Wales) Act and encourage people to walk, cycle and use other modes of transport to reduce inactivity</p> <p>Compile, audit, consult and submit both the Existing Route Network (ERN) plan and the Integrated Route Network (IRN) Plan</p> <p>Develop active travel plans which encourage people to walk, cycle and use</p>	<p>Implement a client pathway and integrated management structure tailored to Newport's service provision, needs and specific population demand</p> <p>Mapping local service provision and implement co-terminus boundaries of neighbourhood areas across organisations</p> <p>Work together to set up an accessible community directory</p> <p>Work together to develop commissioning arrangements for third sector services to fit in with strategic priorities</p> <p>Fully implement a</p>

	<p>Assess the availability of affordable healthy food in local areas by mapping providers including fruit and veg co-operatives and food banks.</p> <p>Following assessment, promote and develop where needed</p> <p>Promote healthy eating programmes such as "Foodwise for Life"</p>	<p>Raise awareness of the harms from tobacco smoke, and the additional risks of illicit and counterfeit cigarettes</p> <p>Undertake appropriate tobacco and smoking enforcement activities</p>	<p>dementia supportive city by developing and promoting dementia supportive communities</p> <p>To reduce levels of loneliness and isolation and their negative impact on health by encouraging social participation</p>	<p>Raise awareness of the risks of the misuse alcohol and over the counter and prescribed medication with older people</p>	<p>other modes of transport to reduce inactivity</p> <p>Develop and embed initiatives that increase activities in the outside environment</p> <p>Continue to promote, support and develop the city centre functional fitness walking groups and develop walking groups in local community areas</p>	<p>single referral for discharge at RGH site which links therapist, social work and frailty team</p> <p>Working in partnership to adopt a 'discharge to assess' approach, where patients are discharged from hospital once they are medically fit and have their support needs assessed within an agreed timescale on arrival at home</p> <p>To support older people to reduce their risk of falling</p>
What local areas will be focused on?	Pillgwenlly, Bettws, Victoria, Ringland, Tredegar Park, Shaftesbury, Gear	Pillgwenlly, Bettws, Victoria, Ringland, Tredegar Park, Shaftesbury, Gaer	Pillgwenlly, Bettws, Victoria, Ringland, Tredegar Park, Shaftesbury, Gaer, Stow Hill	Pillgwenlly, Stow Hill, Victoria, Tredegar Park, Ringland and Bettws	Pillgwenlly, Bettws, Victoria, Ringland, Tredegar Park, Shaftesbury, Gaer	City wide
What will success look like?	<p>More people that are a healthy weight</p> <p>More people with healthy eating</p>	<p>A reduction in the number of people living in Newport who smoke</p>	<p>Improved levels of mental wellbeing</p> <p>Reduction in people feeling social</p>	<p>Reduction in % of adults reporting drinking above the guidelines and binge drinking in the past</p>	<p>More people are physically active</p> <p>Reduction in people who are physically</p>	<p>Integrated health and social care services</p> <p>People will not staying within</p>

behaviours	A reduction in the number of people in Newport who have a medium-high risk of cardiovascular disease, respiratory disease and cancer as a result of not smoking (smoking only one risk factor, albeit a big one?)	isolated	week	inactive	hospital environments for any longer than medically necessary
Reduction in food poverty	<p>Less people in Newport will be affected by the harmful impact of tobacco and tobacco products</p> <p>There will be an increase in successful quit attempts/uptake of SSW smoking cessation service and Community Pharmacist Level 3 Services in Newport</p>	Dementia supportive communities in place	<p>Reduction in alcohol specific and attributable hospital admissions</p> <p>Reduction in alcohol specific mortality</p> <p>The Area Planning Board (APB) Substance Misuse Education (SME) training package delivered to professionals responsible for SME in secondary schools</p> <p>All schools have achieved the WNHSS Substance Use and Misuse topic by Mar 2017</p> <p>Consistent accurate and credible messages being disseminated in secondary schools and other settings which support young people</p>	<p>More people using modes of transport that involve physical activity e.g. walking, cycling</p> <p>More people accessing and utilising outdoor green spaces</p>	<p>Establishment rehabilitation needs within the home environment and not based on hospital ward conditions</p> <p>Reduction in falls</p>

				Newport Youth Services are using the Gwent Youth Worker Health Resource pack		
We can measure success by	<p>% of adults who report meeting the fruit & veg consumption guidelines (Welsh Health Survey)</p> <p>% of adults (16+) reporting as obese (Welsh Health Survey)</p> <p>% of adults (16+) reporting as overweight & obese (Welsh Health Survey)</p> <p>% of children in reception class (age 4/5) who are overweight or obese (National Child Measurement Programme)</p>	<p>% of adult smokers (Welsh Health Survey)</p> <p>% of low birth weight babies (NWIS)</p> <p>Training sessions undertaken</p> <p>Number of enforcement activities undertaken</p>	<p>SF36 Mental Health Component Summary Score (Welsh Health Survey)</p> <p>% of adults who are currently being treated for any mental illness (Welsh Health Survey)</p> <p>Number of dementia friends in Newport</p> <p>Number of people connected to their community by Community connectors</p> <p>Befriending visits</p>	<p>% of adults (16+) reporting drinking above the alcohol guidelines in the past week (Welsh Health Survey)</p> <p>% of adults (16+) reporting binge drinking on the heaviest drinking day in the past week (Welsh Health Survey)</p> <p>Adult alcohol specific and attributable hospital admissions (NWIS)</p> <p>Young people (under 18) alcohol specific hospital admissions (data development)</p> <p>Alcohol specific mortality (NWIS)</p> <p>% of low birth weight (NWIS)</p>	<p>% of adults who report meeting the physical activity guidelines (Welsh Health Survey)</p> <p>% of adults who reported being physically active on no days in the past week (Welsh Health Survey)</p> <p>Changes in cycle data counter numbers i.e. increase in number of trips made on selected routes (data development)</p> <p>% of footpaths and other rights of way which are easy to access</p>	<p>Delayed Transfers of Care (DToC)</p> <p>Number of Social Services hospital discharge assessments completed per annum</p> <p>DToC – Number 18 + Service Users Delayed</p> <p>% of people whose needs were met to their satisfaction following a planned discharge from hospital and needing social care support</p> <p>Number of people fully reabled to independent living after using step down style intervention</p>

Who needs to be involved	Aneurin Bevan University Health Board (ABUHB), Dietetics, Newport City Council, Healthy Schools, Public Health Wales, Healthy Schools, Flying Start, Rural Regeneration Unit, National Exercise Referral Scheme (NERS), Communities First, Trussell Trust	Public Health Wales, Newport City Council, Trading Standards, Healthy Schools, Communities First, ABUHB, Community Pharmacies, Stop Smoking Wales, Neighbourhood Care Networks, Newport City Homes, ASH Wales	ABUHB, Newport City Council, Public Health Wales, Newport Mind, Alzheimer's Society, HAFAL, GOFAL	ABUHB, School Nurses, Newport City Council, Healthy Schools, Supporting People, Strategic Housing, Youth Services, Social Services, Public Health Wales, Olive Branch, Police , B@1, All Wales School Liaison Core programme	Newport City Council, Public Health Wales, Natural Resources Wales, Sustrans, Living Streets, Severn Wye	ABUHB, Newport City Council, Social Services, Neighbourhood Care Network
---------------------------------	---	---	---	--	--	--

Outcome	People in Newport live in a safe and cohesive community			
Theme	<p>Safe and Cohesive Communities</p> <p>Ensuring that residents, visitors and businesses feel safe in their local area and feel confident that any safety concerns are addressed. Promoting an inclusive community that focuses on matters relating to housing, learning, communication, equality and social inclusion, preventing violent extremism and crime and disorder.</p>			
Our needs	<p>The key issues have been identified as:</p> <ul style="list-style-type: none"> • Increasing public confidence in the police and local authority in how they manage crime and anti-social behaviour, particularly in the city centre • Minimising the number of young people entering the criminal justice system • Developing and supporting social and community cohesion and improving neighbourhood engagement, planning and integration of services to meet local needs • Continued focus on a multi-agency preventative approach for vulnerable children, young people and their families • Improving the image of the city and the city centre, and to take forward Newport's status as a 'Smart and Connected' city <p>More detailed information on needs analysis and current initiatives is available in the UNA.</p>			
Statutory duties	<p>Crime and Disorder Act 1998</p> <p>Crime and Disorder (Wales) Regulations 2007</p>			
Our priorities	Cohesive Communities	Anti-Social Behaviour (ASB)	Youth Justice	Safer City Centre
To achieve this we will	<p>Deliver the National Community Cohesion Delivery Plan through training programmes, multi-agency partnership work and policy development:</p> <ul style="list-style-type: none"> • To enable a better understanding of Hate Crime, improved reporting and better support for victims • To develop a better understanding of modern slavery, improved reporting and better support for victims 	<p>Ensure that there are a wide range of diversionary activities in place, delivered in partnership with communities, to reduce the likelihood of anti-social behaviour</p> <p>To maintain and promote a Newport ASB shared intranet to be used by agencies to exchange information, news, events and to minimise the impact of priority offenders</p>	<p>Undertake in depth analysis of previous custody cases to inform improvements needed to reduce the number of custodial sentences</p> <p>Improve the relationship between preventions and YOS in relation to welfare related work</p> <p>Work with other Gwent YOS to track the young people</p>	<p>Identify the current perceptions of safety within the city centre both in the day and night. Stakeholders to assist in addressing a perception of feeling less safe in the transition from day to night.</p> <p>Stakeholders to work together to achieve in principle what is required for the purple flag award.</p>

	<p>through</p> <ul style="list-style-type: none"> Increased awareness and engagement across Gypsy and Traveller communities Increased awareness and data established on immigration Communities First staff are knowledgeable about community cohesion issues and communities Continue with the PREVENT programme delivery with a focus on Individuals, Institutions and Ideology Development of Age Friendly communities and intergenerational practice 	<p>Continue to reduce incidents of ASB across the city by:</p> <ul style="list-style-type: none"> reducing ASB around key seasonal dates reducing incidents of deliberate fire setting and ASB reducing incidents of off-road biking Reducing incidents of noise nuisance reducing Incidents of ASB at identified hotspot wards 	<p>processed through Bureau, to indicate whether they re-offend, and if so how quickly - aim to identify most 'effective' outcomes to reduce re-offending</p> <p>Develop effective links between YOS police officer and IOM team, to ensure that role of police officer in YOS is compliant with YJB guidance, and in so doing, improve partnership working to reduce offending and re-offending</p> <p>Implement Education action plan to positively impact on increasing the number of hours of Education, Training and Employment accessed by young people under 16 years and over 16</p>	<p>Work with key partners and stakeholders to make the city centre safer throughout the pedestrianised zone.</p> <p>Stakeholders to adopt a best practice approach to licencing within the city centre</p>
What local areas will be focused on?	City wide		City wide	Stow Hill, Pillgwenlly (city centre area)
What will success look like?	<p>Increase in public confidence of how the local authority and partner agencies respond to community cohesion issues and tensions</p> <p>Increase in community involvement</p>	<p>Less reports of ASB and disputes in communities</p> <p>Increase in public confidence of how the police and local authority deal with ASB</p>	<p>Reduction in young people entering and remaining within the Criminal Justice System.</p> <p>Reduction in youth re-offending</p> <p>Reduction in the use of youth</p>	<p>Increase in public confidence of how the local authority and partner agencies deal with issues in the city centre</p> <p>Increase in the number of</p>

	<p>through volunteering and neighbourhood working</p> <p>Increase in Hate Crime reporting and improved support to victims of Hate Crime</p> <p>Improved life chances for those from marginalised communities</p>		<p>custody</p> <p>Access to devolved services for young people in the youth justice system</p>	people visiting the city centre
We can measure success by	<p>Public confidence</p> <p>Number of people who feel safe in their local area</p> <p>Annual police reported hate crime per 1,000 population</p>	<p>Public confidence</p> <p>Number of people who feel safe in their local area</p> <p>ASB rate per 1,000 residents</p>	<p>Number of first time entrants to the youth justice system</p> <p>Rates of young people reoffending</p>	<p>Number of people who feel safe in the city centre</p> <p>Quarterly crime rate in Newport city centre</p> <p>Quarterly anti-social behaviour (ASB) rate in the city centre</p> <p>% of alcohol related crime and disorder in the city centre</p>
Who needs to be involved	<p>Gwent Police, Newport City Council, Gwent Association of Voluntary Organisations (GAVO), Communities First, Registered Social Landlords (RSLs), South East Wales Racial Equality Council (SEWREC), Coleg Gwent, Aneurin Bevan University Health Board (ABUHB), Gwent Education Multi-Ethnic Service (GEMS)</p>	<p>Newport City Council, Gwent Police, Fire Service, Probation, RSLs, ABUHB</p>	<p>Newport City Council, Gwent Police, Youth Offending Service, RSLs</p>	<p>Gwent Police, Newport City Council, Newport Now (Business Improvement District), Newport Pub Watch, ABUHB</p>

12. Programmes

The following programmes contribute to the delivery of the LSBs key priorities:

Newport Communities First – this programme aims to improve the living conditions and prospects for people in the most disadvantaged communities across the city. The programme focuses on locally funded activities that contribute towards three strategic outcomes:

- Prosperous Communities
- Learning Communities
- Healthier Communities

Health Challenge Newport - a partnership programme between the City Council and Aneurin Bevan Health Board working closely with Communities First and Public Health Wales. The aim is to raise awareness of healthy living behaviours to people living and working in Newport, and to inform them to make healthy choices and signpost them to services available to assist them in preventing ill health and maintain independence. This is undertaken through three approaches

- raising awareness across the city
- supporting individuals through health improvement projects
- working closely with Communities First to ensure information and services are accessible to people in areas of need

Newport Integrated Family Support Service (IFSS) – the IFSS helps some of the most vulnerable children and families. The service focuses on families where parents have substance misuse problems, and concerns about child welfare. The service aims to support families with complex problems by providing targeted support and helping connect children and adult services, focusing on the family as a unit. IFSS is part of broader support for disadvantaged families with complex needs, complementary to the **Flying Start** and **Families First** programmes.

Supporting People - the Supporting People programme is primarily concerned with the funding and planning of housing-related support services for vulnerable people. The main aim of the programme is to ensure that people who are eligible have the necessary support services to enable them to live independently in their communities. A wide range of people from different groups can be supported under the programme, including sheltered housing tenants, people with mental health and/or substance misuse problems in supported housing projects and people with learning difficulties in long-term supported living schemes.

Domestic Abuse – the aim of the programme is to ensure that women, men and children whose lives are or may be affected by domestic abuse and violence are able to access appropriate services adequate to their need, and that perpetrators are held accountable for their actions and behaviour.

13. Engagement

The LSB, as part of its Engagement Strategy, aims to provide a coordinated and better planned approach to ensuring effective community engagement, and will adopt the National Principles for Public Engagement in Wales. In addition, the National Participation Standards will be developed across all age ranges as a monitoring and evaluation self-assessment tool across the partnership enabling partners to ensure that all participation and public engagement activities are effective and ethical.

People benefit most from public services that have been developed with a clear understanding of their needs. In order that services, procedures and policies are fit for purpose and meet the needs of the community, it is necessary to consult with and engage local residents throughout decision making and planning processes. Community engagement encourages and enables residents to participate in their

community, involves marginalised and 'hard to reach' communities and helps inform the development of services while realising community need and meeting demand. This is important because involving the local community ensures services are right and that local priorities are considered.

We currently undertake a range of engagement and participation activities including the Involve Newport Citizens Panel, Residents Survey, national and local arrangements for children and young people, Newport Youth Council and adult special interest groups. The information gathered from these activities, along with collection and analysis of a range of additional customer data and the expertise of the third sector, enables residents and communities to be involved in decision making, shaping the development and delivery of service provision, and improving local services.

14. Assurance

LSB Governance

Governance of the LSB partnership is detailed in the Terms of Reference for the following groups:

- Local Service Board
- SIP Board

Performance Management

The [One Newport Performance Management Framework](#) (PMF) sets out the vision of how the LSB manages the performance of the SIP in 2015/16. The PMF supports the delivery of the SIP and has been designed to ensure that the appropriate checks and balances are in place to promote continuous improvement and accountability across all key partners.

The PMF for 2015/16 aims to set out:

- 1) Updated clearer roles and responsibilities;
- 2) An increase in the frequency of performance reporting to quarterly and a simplification of the SIP Board performance process to focus on the core theme dashboards. This will enable the SIP Board to address underperformance, reduce risk and remove blockages;
- 3) The introduction of a process to critically analyse the core themes to ensure that the overarching themes of Tackling Poverty and Vulnerable Groups are focused on; and
- 4) A streamlining of the Priority Delivery Plan for use by the Working Groups and Theme Boards.

Scrutiny Arrangements

The Local Government (Wales) Measure 2011 places a new requirement on local authority scrutiny committees to scrutinise designated public service providers (known as 'designated persons' in the Measure) in their local area. Public service scrutiny is aimed at clarifying different organisations' contributions to delivery and promoting shared responsibility for shared outcomes.

As part of the LSB's annual performance cycle, reports against the Priority Themes will be considered as part of the Council's Scrutiny work programme. The Council has three Scrutiny Committees:

- Scrutiny Committee Learning, Caring and Leisure
- Scrutiny Committee StreetScene, Regeneration and Safety
- Scrutiny Committee Community Planning and Development

15. Legislation

This Single Plan meets the statutory duties in relation to the development of plans and strategies required under the following legislation:

- Local Government (Wales) Measure 2009 (Part 2: Ss37-46) – Community Strategies

- Children Act 2004 (Part 3: S26) – Children and Young People’s Plan (which includes plans required in accordance with section 2 of the Children and Families (Wales) Measure 2010 and Part 1 of the Mental Health (Wales) Measure 2010)
- National Health Service (Wales) Act 2006 (Part 3: S40) – Health, Social Care and Wellbeing Strategies
- Crime and Disorder Act 1998 (Part 1:S6) – strategies for the reduction of crime and disorder, strategies for combating the misuse of drugs, alcohol and other substances, and strategies for the reduction of re-offending

The Welsh Government’s statutory guidance ‘Shared Purpose – Shared Delivery’ states there is only one statutory partnership, identified as a ‘strategy group’ in regulations made under the Crime and Disorder Act 1998. This role has previously been fulfilled by the Community Safety Partnership but will now be fulfilled by members of One Newport LSB.

16. Equalities and the Welsh Language

The LSB partnership is aware of their responsibility to promote equal opportunities and the Welsh language and will act in accordance with the Equality Act 2010, the Welsh Language Act 1993 and the Welsh Language (Wales) Measure 2011.

Prior to the development of the Single Plan an Equality Impact Assessment (EIA) was undertaken and additional EIAs will also be completed as necessary for any individual projects.

In developing and implementing the Single Plan, LSB partners will work together to provide inclusive non-discriminatory services that can be targeted in communities where there is most need.

17. Sustainable Development

Sustainable development is the overarching policy framework which integrates social, economic and environment actions to achieve a common vision. It involves ensuring that all actions are economically, socially and environmentally sustainable and so contributes to overall community wellbeing now and in the future. It is about:

- conserving our unique natural environment
- reducing, reusing, and recycling the waste we produce
- fairness and justice for everybody who lives in the city or comes here to visit
- smarter public services that make the best use of public money
- a happier, healthier Newport now, and for the generations to come

The [Sustainable Development Bill](#) will place a duty on organisations delivering public services to have sustainable development as their central organising principle. Sustainability lies at the heart of the Welsh Government’s agenda for Wales; it also lies at the heart of this legislative programme. Taken as a whole, it will promote the economic, social and environmental wellbeing and enhance people’s quality of life in Wales. It is about defining the long term development path for our nation. It means healthy, productive people; vibrant, inclusive communities; a diverse and resilient environment and an advanced and innovative economy.

The LSB is committed to continuing carbon reduction, making better use of resources, improving the natural environment, improving the health of the population and encouraging people to make their local community more sustainable.

ANNEX:

Enabling strategies

- [Information strategy](#) – sets out how partners will make best use of resources in order to provide the LSB with the right information at the right time to inform its work. Significant resource needs to be committed to analysing evidence, both broadly across the whole range of outcomes, and in depth in respect of the highest priorities.
- [Engagement strategy](#) – sets out how partners intend to engage with people and communities, with a very clear focus on how this will best support service improvement and improve the experience of people using the services.

Other plans and areas to consider

There are a number of other plans and strategies that support this SIP, including:

- [Newport Safeguarding Children Board](#)
- [Local Development Plan](#)
- [Police and Crime Plan 2013-2017](#)

Links to other key plans and strategies

- [Communities First Strategy](#)
- [Local Housing Strategy 2012-17](#)
- [Public Health Wales Strategic Framework 2011-2015](#)
- [Aneurin Bevan Health Board Five Year Framework 2010-2015](#)

This is not an exhaustive list of all other key plans and strategies.
