

Equality Impact Assessment Form (updated October 2013)

This is where you evidence how a policy or practice, or a decision relating to a policy or practice, complies with the general equality duty to:

- Eliminate unlawful discrimination, harassment and victimisation
- Advance equality of opportunity
- Foster good relations

This form is intended to guide and prompt you about the questions and evidence that you need to think about. As indicated in the guidance, this assessment takes into consideration each of the “protected characteristics” listed in the Equality Act 2010 – race, age, gender etc. This assessment should be used to inform any relevant decision about the policy or practice. Please state policy options in the assessment.

9. Does the policy /practice eliminate discrimination and promote equality and good community relations due to:

- Age
- Gender
- Disability
- Race
- Religion/belief
- Welsh language
- Gender reassignment
- Marriage/civil partnership
- Sexual orientation

Age

Young people are identified in the Community Involvement Scheme as a specific group the Council sought to get the views of in the LDP process – especially in the important early stages (the LDP is a front loaded process). The social, environmental and economic conditions of all groups were considered in stage A of the Sustainability Appraisal of the Plan.

Gender

Planning Policy does not discriminate between male and female and as such gender is not specifically referred to in the Community Involvement Scheme. The social, environmental and economic conditions of all groups were considered in stage A of the Sustainability Appraisal of the plan.

Disability

Newport Access Group viewpoints and the land use needs and aspirations of the visually impaired were taken on board especially in the early stages of plan production (the LDP is a front loaded process). The social, environmental and economic conditions of all groups were considered in stage A of the Sustainability Appraisal of the Plan. Access arrangements around and up to the door of new developments are considered at Policy GP2 of the Deposit Local Development Plan (P38).

Race

BME groups including Gypsy and Travellers are identified as groups of people the Council sought to engage with on the LDP production process, especially in the important early stages. The social, environmental and economic conditions of all groups were considered in stage A of the Sustainability Appraisal of the Plan.

Religion/ Belief

Chapter 9 of the Deposit version of the Local Development Plan deals with the provision of community facilities including places of worship. The social, environmental and economic conditions of all Newport citizens were considered in stage A of the Sustainability Appraisal of the Plan.

Welsh Language

The Newport Local Development Plan acknowledges the advice laid out in TAN 20 – Planning and the Welsh Language. Evidence has been provided to show that Welsh language is not a significant part of the social fabric of Newport. Only 2- 4% of citizens are able to speak Welsh in Newport which is well below the national average. We will respond to requests for Welsh language or other translations of relevant documentation and produce alternative versions if deemed necessary and value for money.

Gender reassignment/ sexual orientation/ marriage/ civil partnership

The LDP is neutral in terms of its impact on these factors of potential discrimination, however community facilities provided via the polices in Chapter 9 of the Local Development Plan may have an indirect benefit in terms of meeting local needs. The social, environmental and economic conditions of all Newport citizens were considered in stage A of the Sustainability Appraisal of the Plan.

10. Summary of the impact of the policy/practice on the general equality duty

The Local Development Plan will have a positive impact on the general equality duty. Extensive efforts were and will continue to be made to ensure that consultation on the Plan is joined up and reaches as many people as possible and that the views expressed are expressed in all versions of the Local Development Plan.
