MATTERS ARISING

Hearing Session 12: Other H1 Site Matters

Wednesday 7th May 2014

- LPA to provide evidence to demonstrate how conservation of ecological value represented by SINC LL16 can be achieved so as to enable H1(55) Woodland site, Ringland to be realistically relied on for 300 dwellings.
- LPA to forward information from the ICOMOS register on the Tredegar Park designation and essential setting.
- LPA to amend the Tredegar Park Golf Course walking / cycling route shown on the Proposals Map to reflect the actual route contained in the planning permission.
- LPA to investigate scope for flood modelling to ascertain likely flood consequences for other areas of raising site H1(50) by 2 metres and seek further observations of NRW as appropriate.
