

Newport City Council

Consultation on Admission Arrangements

September 2016

Introduction

The statutory School Admissions Code provides guidance on the process that should be followed when varying the published admission arrangements for any Admissions Authority. In accordance with the code, consultation must be carried out between 1st September and 1st March in the determination year. The determination year is the one that starts two academic years before arrangements come into force, and therefore the Local Authority must now consult of proposed changes to the admission arrangements effective from September 2016. The arrangements for September 2015 have already been approved and published via the Parents Information Handbook 2015/16.

The amendments proposed within this consultation are as follows:

- Changes to the way in which the Council will deal with applications from multiple birth children to ensure fairness and equity with other children;
- Clarification as to how the Council will process and resolve applications assessed under the home to school distance tie-break.

Anyone who wishes to comment on this consultation document should do so either by writing to the Education Business Manager, Room 425w, Civic Centre, Newport, NP20 4UR, or via www.newport.gov.uk/schooladmissions. All comments must be received by no later than 12 noon on Friday 27th February 2015.

School Admissions Arrangements – September 2016

Admission to Nursery Schools and Classes in a Community-maintained setting

All children resident in Newport are entitled to a free part-time education place in the term after their third birthday. This place can be in a Council nursery school/class or in a non-maintained setting, which may be a playgroup or a private day nursery. The Council does not deal with applications to registered education provider settings, and enquiries regarding these should be made directly to the provider in the first instance.

The Council actively discourages the practice whereby parents are able to register their child's name at a specific school often sometime in advance of the application timetable. There is no role for Headteachers in the allocation of nursery places as this is the sole responsibility of the Council. In schools where nursery applications are in excess of the number of places available, the Council will apply its oversubscription criteria to allocate places. Admission to nursery schools and classes is for half-day, either morning or afternoon, 5 days per week. The allocation of morning and afternoon places is the responsibility of the Headteacher of the relevant School however. The Council is unable to consider applications for only part of a school week.

In certain circumstances, full-time places may be offered at Council-maintained settings providing that the decision to award a full-time place will not displace any other child who is currently attending part-time. These full-time places are restricted however to children recommended on specific medical or social grounds by colleagues in Social Services (including Looked After Children), and supporting evidence from the relevant Social Worker is required in all cases to substantiate the application.

As at January 2015, the Council has 27 nursery units attached to community-maintained schools and 2 stand-alone nursery schools, one of which includes Special Educational Needs provision for children with Autistic Spectrum Disorder (ASD) or other related communication difficulties. In addition, nursery classes are also attached to 3 voluntary aided primary schools. These nurseries provide free part-time early years education for pupils from the term following their third birthday if there are spaces available. Some of these schools offer the option of wrap-around care for which an additional cost is payable by the parent. Details of those schools offering this option can be obtained from the Family Information Service.

Admission to Infant (4-7) and Primary (4-11) Schools

Newport City Council offers a number of primary school educational settings:

- English-medium Community Infant (Age range 4-7): 2
- English-medium Community Junior (Age range 7-11): 2
- English-medium Community Primary (Age range 4-11): 28
- Welsh-medium Community Primary (Age range 4-11): 3
- English-medium VC (CIW) Infant (Age range 4-7): 1
- English-medium VC (CIW) Junior (Age range 7-11): 1
- English-medium VA (CIW) Primary (Age range 3-11): 1
- English-medium VA (RC) Primary (Age range 3-11): 6

Children can start school in the September following their fourth birthday. The legal requirements confirm that parents are able to delay the admission of their child until the term following their fifth birthday, and such a request will not prejudice an application in any way. It is the Council's expectation however that on starting school the child will continue to follow their chronological year group unless exceptional circumstances apply.

When considering admission to the Reception year group, parents should be aware that attending a nursery class does not guarantee a place at any primary or infant school as a separate application is required, and priority is not given to those children attending any specific nursery setting. In Newport, primary education is provided either in a primary school with one complete 3 / 4 – 11 age range, or separate infant and junior schools. Where a child is currently attending an infant school, parents should be aware that this does not guarantee transfer to the corresponding junior school. Each school is classed as a separate educational establishment, and therefore a separate application is required.

Admission to Junior Schools (age 7-11)

If your child is in an infant school, when they reach the age of 7 you will be required to complete an application for a place in the junior school. You may express a preference for the local junior school or may opt for another preferred school. This separate application process does not apply to pupils in primary schools.

Admission to Secondary Schools (age 11-19)

All mainstream secondary schools in Newport are mixed comprehensive schools with sixth form provision.

- English-medium Community Secondary: 7
- English-medium RC Secondary VA: 1

Children transfer from primary to secondary school at the start of the school year in which they will reach their twelfth birthday. Parents can express a preference for any secondary school, but there is no guarantee of admission to the chosen school, even where they are resident within the denoted secondary school cluster area.

Furthermore, attendance at a primary or junior school does not guarantee that a place will be made available for your child at the relevant secondary cluster school, and priority is not given to those children attending any specific school within that cluster.

Welsh-medium education

There are three Welsh-medium primary schools in Newport, all with nursery classes:

- Ysgol Gymraeg Casnewydd, located in Ringland,
- Ysgol Gymraeg Ifor Hael, located in Bettws, and;
- Ysgol Gymraeg Bro Teyrnnon, located in Brynglas.

Newport is currently within the catchment area for Ysgol Gyfun Gwynllyw, the Welsh-medium secondary school in Pontypool, Torfaen.

Admission Arrangements and Admission Numbers

Newport City Council is the Admissions Authority for all Council-maintained schools in Newport. The Admissions Forum is a statutory committee which monitors the Council's compliance with the School Admissions Code and ensures a fair admissions system.

The Council consults on its admission arrangements on an annual basis and attempts where possible to mirror the admission timeframes of neighbouring authorities. Before this consultation, the admission numbers for all schools are calculated and form part of the consultation. The admission numbers for schools are derived from the physical capacity of the school to accommodate pupils' learning needs, using a formula set by the Welsh Government.

Admissions Timetable – September 2016

An admissions timetable is set on an annual basis, outlining the date when application forms will be available, the closing date for completed applications and the offer date when parents / carers will be informed of the outcome of their application. The Council will ensure that application window is no shorter than six weeks. The suggested timeframe for admissions in 2016 is shown below:

	Admissions pack available to parents	Closing date for application forms to be returned to Civic Centre	On-line decision date
Jan and Apr R'3s 2016	By 1 st Jul 15	30 th Sept 15	30 th Nov 15
Secondary	By 1 st Oct 15	30 th Nov 15	1 st Mar 16
Reception / Junior	By 1 st Nov 15	8 th Jan 16	21 st Mar 16
Nursery – September	By 8 th Jan 16	29 th Feb 16	3 rd May 16
Jan and Apr R'3s 2017	By 1 st Jul 16	30 th Sept 16	30 th Nov 16

Please note that decision letters in respect of paper applications (ie., those not made using the on-line facility) will be posted from the Civic Centre on the "on-line" decision date. The Council is unable to give decisions by telephone on and immediately following the offer date.

Admission to Council maintained schools

Applications for phase transfer admission to all community-maintained and voluntary controlled schools in Newport can be made on-line via the Newport City Council website. Alternatively, parents can request an application pack from the City Contact Centre or their local primary school. *Please note that the on-line application facility is not available for parents applying for a "Rising 3" nursery place, ie., January or April intake each year, and a paper form is still required for this purpose.*

Parents have the right to express a preference for their chosen school. In many cases this will be the catchment school for the area in which they live. Each request will be considered individually and complied with wherever possible.

Applications can only be made by persons holding parental responsibility for the named child, and the person completing the application will be required to make a declaration to this effect. All applications **must be submitted directly to the School Admissions Team at the Civic Centre by the relevant deadline**. It is the responsibility of parents / carers to ensure that the Council receives their completed application form safely and on-time. The Council cannot accept responsibility for any items that are lost in the postal system. If posting an application it is recommended that the form is sent by recorded delivery and that you provide a valid email address or stamped address envelope so that receipt of your application can be acknowledged. Any applications that are received after the closing date or applications that remain incomplete as at the closing date will only be processed after places have been allocated for applications that were received by the closing date, and this may increase the possibility of not achieving a place at a preferred school. Any late applications received will be batch filed and processed together by the end of the calendar month following receipt, once the relevant offer date has passed. Late applications cannot be made on-line.

Making an application and providing the relevant supporting evidence does **not** guarantee admission to a chosen school, even if the preference is the catchment school. Each request will be considered individually and complied with wherever possible. However if more applications are received than the school's admission number, the admission request may have to be refused. In these circumstances, admission is based on the Council's published over-subscription criteria. If the Council is unable to offer a place at a preferred school, and you are ordinarily resident in Newport, we will offer a place at the primary catchment school or the denoted secondary cluster school, or the nearest school, provided that spaces are still available. However it is important to note that first consideration in all cases is given to parents expressing a preference for a named school, and therefore it is important to ensure that your list of preferences is properly considered before an application is submitted. Before deciding to apply for a place at a particular school, you will need to consider carefully how your child will travel to school, as you will not necessarily be eligible for transport assistance. Headteachers do not have the authority to give parents an indication of the outcome of their application, or tell them that their child has been given a place at the school, before an offer of a place has been made formally by the Council.

Application Forms, Documents and Proof of residency

It is the Council's expectation that children are taught in their chronological year group, unless exceptional circumstances apply. For this reason, in all cases except where a child is transferring from one Newport school to another, applications must be supported by a photocopy of the child's birth certificate, NHS medical card **or** valid passport.

The Council also requires proof of residency in support of all applications, and for this purpose the Council will refer to your Council Tax record if you are a Newport resident. Any parents / carers unable to provide this, or non-Newport residents, should submit additional physical photocopied evidence in order to verify their home address. Allegations of fraudulent claims will be investigated and places may be withdrawn if parents have knowingly provided false information in order to obtain the advantage of a particular school to which they would not normally be entitled.

When processing your application, the Council will use the address at which you and your child reside on the relevant closing date for your application, and it is your responsibility to advise the Council of any changes in your circumstances following the submission of your application. Such changes may have an effect on the outcome of your application. The Council will also use the address you provide to determine your child's eligibility for free home to school transport, in accordance with the Council's current transport policy. If there is a Residence Order in place affecting the child for whom the application is being made, a copy of the order must be submitted with the application.

Parents / carers are entitled to appeal against the decision to refuse a place at a preferred school, although parents / carers should note that there is no right of appeal for nursery admissions.

Admission to sixth form (age 16)

The Council has currently agreed to delegate responsibility for the determination of admission arrangements for sixth forms to Governing Bodies of community schools, and these applications should be made directly to the school. This is under review however. The Council will ensure that any changes in relation to the admission of post-16 pupils are shared with parents / carers at the earliest opportunity.

Admission to Voluntary Aided Schools / Faith Schools

As individual Voluntary Aided and Faith Schools' Governing Bodies are responsible for admissions, each will have its own admissions policy. For full details of these policies, parents are asked to contact their preferred school. Please note however that since all Admissions Authorities within a Local Authority area are required to work together towards a common set of closing dates and offer dates, the Council's agreed timetable will be adhered to in all instances.

In order to comply with the Admissions Code, parents must be allowed to express a preference for their second or even third choice of school. Therefore it may be necessary for parents/carers to complete both a Newport City Council application and the form supplied by the voluntary aided / faith school to which they are applying.

Applications from people living outside Newport

Parents/carers of children living in other authorities who want their children to go to a Newport school should apply via Newport City Council in accordance with the Council's agreed timescales. Please note that since the Council is unable to access the Council Tax records of other residents in other Local Authorities, such applications must be supported by physical photocopied evidence of residency. This information can be scanned and sent to school.admissions@newport.gov.uk.

Admission to Schools outside Newport

If you would like to apply for a school that is outside Newport, please apply directly to the relevant Admission Authority, who will make Newport City Council aware of your application. If you are applying for an Independent school you must apply directly to that school. Parents/carers of children living in Newport are also advised to apply for a place at a Newport School in case the application to the Independent school is unsuccessful, and should state on their application forms that a place is being sought at an Independent school.

How we allocate places

Parents/carers have the right to express a preference for their child to be admitted to any school maintained from public funds. Admission to school is made in accordance with parental preference, subject to availability. Each request will be considered individually and complied with wherever possible. Some schools will however have more requests for places than there are spaces available. Where a school is oversubscribed, preference requests will still be considered, but the priorities set by the Council will be applied. In deciding which children to admit to a school, the Council will apply its oversubscription criteria in order of priority.

Oversubscription criteria for admission to community-maintained Nursery schools and classes

Where the number of applications is equal to or less than the number of places available, all applications will be successful. However, where the number of applications exceeds the number of places available, the Council will apply the following oversubscription criteria and allocate places accordingly. Where a school is named in a statement of Special Educational Needs, the Council has a duty to admit the child to the named school before the over-subscription criteria is applied against applications received.

Please be aware that when bulk processing applications for January and April Rising 3 places, priority will first be afforded to those children whose dates of birth make them eligible for a January start.

1. **Looked After Children** (children in public care) and **previously Looked After Children** (evidence may be required to substantiate this).
2. Those pupils **residing within the preferred nursery school's catchment area** (see note 1 below) and making an application on **medical grounds** (see note 2 below).
3. Those pupils **residing within the preferred primary school's catchment area** (see note 1 below).
4. Pupils **living outside of the school catchment area** and making an application on **medical grounds** (see note 2 below).
5. Pupils **living outside of the school catchment area**.

After considering the above categories, or if the number of applications in any one of the above categories exceeds the published admission number, priority will be based on those residing closest to the preferred school. For further information on how distances are measured, please refer to the paragraph entitled "Home to School Distances" within the Other Relevant Information section of this consultation document.

Notes:

1. The Council will consider the child's home address to be the place where the child permanently resides for the majority of the school week, as at the closing date for applications. This would normally be at the same address as the person who has parental responsibility for the child and is the main carer. Where the child spends equal time with both parents/carers, the place of residence of the person who receives the child benefit will be considered the child's home. Evidence may be required to support this.
2. Applications on medical grounds must be supported by a medical consultant's report, obtained by parents, specifying the medical advantage of the child attending the school. Please note that reports from family doctors are not accepted for this purpose.

Oversubscription criteria for admission to community-maintained and Primary, Infant and Junior schools

Where the number of applications is equal to or less than the number of places available, all applications will be successful. However, where the number of applications exceeds the number of places available, the Council will apply the following oversubscription criteria and allocate places accordingly. Where a school is named in a statement of Special Educational Needs, the Council has a duty to admit the child to the named school before the over-subscription criteria is applied against applications received. Attendance at a nursery class is not taken into consideration when determining priority for places, and does not guarantee a Reception place at any school. Similarly, attendance at an infant school does not guarantee transfer to the corresponding junior school.

1. **Looked After Children** (children in public care) and **previously Looked After Children** (evidence may be required to substantiate this).
2. Those pupils **residing within the preferred primary school catchment area** (see note 1 below) and making an application on **medical grounds** (see note 2 below).
3. Those pupils **residing within the preferred primary school catchment area** (see note 1 below) but **with relevant siblings** (see note 3 below).
4. Those pupils **residing within the preferred primary school catchment area** (see note 1 below).
5. Pupils **living outside of the school catchment area** and making an application on **medical grounds** (see note 2 below).
6. Pupils **living outside of the school catchment area** but **with relevant siblings of statutory school age** (see note 3 below).
7. Pupils **living outside of the school catchment area**.

After considering the above categories, or if the number of applications in any one of the above categories exceeds the published admission number, priority will be based on those residing closest to the preferred school. For further information on how distances are measured, please refer to the paragraph entitled "Home to School Distances" within the Other Relevant Information section of this consultation document.

Notes:

1. The Council will consider the child's home address to be the place where the child permanently resides for the majority of the school week, as at the stipulated closing date for applications. This would normally be at the same address as the person who has parental responsibility for the child and is the main carer. Where the child spends equal time with both parents/carers, the place of residence of the person who receives the child benefit will be considered the child's home. Evidence may be required to support this.
2. Applications on medical grounds must be supported by a medical consultant's report, obtained by parents, specifying the medical advantage of the child attending the school. Please note that reports from family doctors are not accepted for this purpose.
3. Brothers and sisters, whether half, full, step or foster, will be considered relevant where living in the same household and where they will still be registered at the school when the applicant is eligible to attend. Please note that in the case of admission to Infant School, siblings attending the corresponding Junior School will be considered relevant for this purpose.

Over-subscription criteria for admission to Voluntary Controlled Infant and Junior Schools

Malpas Church in Wales Infant School and Malpas Church in Wales Junior School are voluntary controlled schools for which the Council is the Admissions Authority. As a result the Council's published over-subscription criteria as outlined above is applied to applications for both schools. Within each category however, the following priority order is afforded:

- Children and / or parent(s) who are practising members of the founding religious body of the school (Church in Wales);
- Children and / or parent(s) who are practising members of other Christian churches or religious denominations;
- Children and / or parent(s) who are practising members of other faiths.

In determining this priority, the word "practising" is defined as at least once a month for the last six months attendance at Church by at least one parent and / or child (where necessary this may be confirmed with a member of the clergy).

Oversubscription criteria for admission to community-maintained Secondary schools

Where the number of applications is equal to or less than the number of places available, all applications will be successful. However, where the number of applications exceeds the number of places available, the Council will apply the following oversubscription criteria and allocate places accordingly. Where a school is named in a statement of Special Educational Needs, the Council has a duty to admit the child to the named school before the over-subscription criteria is applied against applications received. Attending a primary or junior school **does not** guarantee that a place will be made available for your child at the relevant secondary cluster school.

1. **Looked After Children** (children in public care) and **previously Looked After Children** (evidence may be required to substantiate this).
2. Those pupils **residing within the preferred secondary school denoted cluster area** (see note 1 below) and making an application on **medical grounds** (see note 2 below).
3. Those pupils **residing within the preferred secondary school denoted cluster area** (see note 1 below) but **with relevant siblings of statutory school age** (see note 3 below).
4. Those pupils **residing within the preferred secondary school denoted cluster area** (see note 1 below).
5. Pupils **living outside of the secondary school denoted cluster area** and making an application on **medical grounds** (see note 2 below).
6. Pupils **living outside of the secondary school denoted cluster area** but **with relevant siblings of statutory school age** (see note 3 below).
7. Pupils **living outside the secondary school denoted cluster area**.

After considering the above categories, or if the number of applications in any one of the above categories exceeds the published admission number, priority will be based on those residing closest to the preferred school. For further information on how distances are measured, please refer to the paragraph entitled "Home to School Distances" within the Other Relevant Information section of this consultation document.

Notes:

1. The Council will consider the child's home address to be the place where the child permanently resides for the majority of the school week, as at the stipulated closing date for applications. This would normally be at the same address as the person who has parental responsibility for the child and is the main carer. Where the child spends equal time with both parents/carers, the place of residence of the person who receives the child benefit will be considered the child's home. Evidence may be required to support this.
2. Applications on medical grounds must be supported by a medical consultant's report, obtained by parents, specifying the medical advantage of the child attending the school. Please note that reports from family doctors are not accepted for this purpose.
3. Brothers and sisters of statutory school age only, whether half, full, step or foster, will be considered relevant where living in the same household and where they will still be registered at the school when the applicant is eligible to attend. Please note therefore that siblings in Years 12 and 13 will not be considered relevant under this criterion.

Other Relevant Information

Primary Catchment Area / Denoted Secondary Cluster Area

The primary school catchment area and the denoted secondary school cluster area are the terms used to describe the geographical area served by a school. Each primary school catchment area is linked to a secondary school cluster area to enable and facilitate transitional working between primary and secondary phases of education. These catchment maps can be viewed on the Council website.

Home to School Distances

Within each set of over-subscription criteria, if the number of applications in any category exceeds the published admission number, priority will be based on those residing closest to the preferred school. This distance is measured as the “shortest available walking route, accompanied as necessary” between the home (measured to the centreline of the adopted road immediately outside the front of the normal residence of the child) and the nearest school gate. The Council will determine the route as outlined above using its’ own specific routing software. In order to ensure fairness and consistency for all applicants, this is the only measurement tool that is used by the Council.

Where two or more applicants are being considered for the last available place, and their home to school distance calculations are the same, the Council will undertake an additional assessment of the distance between the centreline of the adopted road and the front door of the home.

Multiple Birth Children

If when applying the over-subscription criteria, the last child to be admitted is one of a multiple birth, then the Council will admit the other sibling(s).

Children of Armed Forces Personnel and Crown Servants

Children of UK Service Personnel and other Crown Servants (including diplomats) moving to Newport will be determined as meeting the residency criteria for the relevant primary school catchment or denoted secondary cluster if their application form is accompanied by an official proof of posting declaring a definite return date with confirmation of the new address wherever possible.

Children Housed via Domestic Violence Agencies

Children temporarily housed under the protection of approved Domestic Violence agencies will be treated as in catchment if the refuge falls within a primary school catchment or denoted secondary cluster, and the application form is accompanied by an official letter from the relevant agency.

Gypsy and Traveller Children

The Council is obliged, by statute, to ensure that all children of compulsory school age receive education that is appropriate to their age, abilities and any special educational needs, and promotes high standards in the provision of education and the welfare of children. These obligations apply to all children whether or not they are permanent residents in the area. Therefore, applications made in respect of such families will be dealt with in conjunction with the Gwent Education Minority-ethnic Service (GEMS), with a view to placing these children as quickly as possible at the nearest available and appropriate school.

Children with English as an Additional Language

Children with English as an Additional Language (EAL), and those who are newly arrived in Newport, have the opportunity of a home visit facilitated by the Gwent Education Minority-ethnic Service (GEMS) to aid completion of admission documentation, supported by a bi-lingual Teaching Assistant if required, to aid communication through their first language. Parents can also request first language support to assist in the Admission Appeals process if required.

Waiting lists for oversubscribed schools

Phase Transfer

During a phase transfer process, should your child be refused a placement at your preferred school(s), your child's name will remain on a waiting list for this school **until 30th September in the year in which the application is made**. If additional places become available, they will be allocated to children on the waiting list on the basis of the published oversubscription criteria. Waiting lists do **not** give priority to children based on the date the application was added to the list. Prior to 30th September, parents will be contacted and asked to confirm whether or not they wish to remain on the waiting list for the remainder of the academic year, after which time a new application may be made.

In-Year Admission or Transfer

Where an application made for an in-year transfer is refused, the child's name will remain on a waiting list for the preferred school until the end of the academic year (31st August) in which the application is made, at which time a new application may be made. If additional places become available, they will be allocated to children on the waiting list on the basis of the published oversubscription criteria. Waiting lists do **not** give priority to children based on the date the application was added to the list.

Some reasons why we may refuse admission

Whilst parents have the right to express a preference for their child to be admitted to any school maintained from public funds, there are reasons why that preference may have to be refused, since when determining applications, the Council also has to have regard for:

- The infant class size initiative which is committed to ensuring that no child aged 5,6 or 7 years will be in a class of more than 30 pupils for every one qualified teacher. The statutory infant class size limit of 30 pupils applies to reception, year 1 and year 2 classes.
- The physical limitations of the school and the site buildings which may result in a class size of fewer than 30 pupils.
- Any other factors which may prejudice the provision of efficient education and / or the efficient use of resources.

Class size exceptions

Welsh Government regulations require Councils to limit infant class sizes to no more than 30 pupils and also to ensure where possible that junior class sizes do not exceed 30 pupils. There are, however, exceptions to these regulations (called "excepted pupils") which may allow the 30 pupils per class limit to be exceeded. These pupils are as specifically outlined in the statutory School Admissions Code.

Excepted pupils will remain so, once admitted, for the remainder of their time in an infant class or until class numbers fall back and they can be organised to comply with the infant class size limit. Classes must be organised so as to comply with the limit wherever possible.

Admission Numbers – September 2016

Community-maintained Primary Schools	Admission Number
