Appendix C-

Responsible Bodies- contact details

1. Introduction

- 1.1 The Licensing Act 2003 requires the Council, in fulfilling its role as the Licensing Authority, to publish a “Licensing Policy” that sets out the policies the Council will generally apply to promote the licensing objectives when making decisions on applications made under the Act. This is that statement of policy prepared in accordance with the provisions of the 2003 Act and the latest version of Home Office Guidance issued under section 182 of the Act.
- 1.2 Newport City Council (“the Council”) is the Licensing Authority under the Licensing Act 2003 and is responsible for granting premises licences, club premises certificates, and personal licences in respect of the sale and/or supply of alcohol and the provision of regulated entertainment and late night refreshment. Throughout the document, the Council will be referred to as the Licensing Authority, where appropriate to prevent confusion between this role and the other functions carried out by the Council.
- 1.3 This policy sets out how applications for licences, which are required by the Licensing Act 2003, will be considered by the Licensing Authority.
- 1.4 In developing this licensing policy, the guidance of Home Office and Local Government Associations has been taken into account wherever possible. Where appropriate, the policies of other Gwent local authorities have also been taken into account, in order to achieve uniformity wherever possible and to help ensure the integration of the various policies over a wider geographical area. Other corporate policies adopted by the Council have also been taken into account, and these will be referred to throughout this document as appropriate.
- 1.5 Each application will be considered on its individual merits, and in the light of this Policy.
- 1.6 The Licensing Authority acknowledges that it may need to depart from this Policy and from the guidance issued under the Act in individual and exceptional circumstances, where the case merits such a decision, in the interests of the promotion of the licensing objectives. Any such decision will be taken in consultation with the appropriate legal advisors for the Licensing Authority, and the reasons for any such departure will be fully recorded.
- 1.7 The licensing policy will not seek to regulate matters which are provided for in any other legislation and will seek to complement such regimes e.g. planning, health and safety, employment rights, fire safety, etc.
- 1.8 The Licensing Authority wishes to encourage licensees to provide a wide range of entertainment activities in Newport throughout their opening hours and to promote live music, dance, theatre, etc. for the wider cultural benefit of the community.
- 1.9 This Licensing Authority will update and publish a new Licensing Policy whenever

necessary but in any case within five years of the date of this Policy, and will fully consult with partners, trade associations and residents groups as appropriate at that time. Any representations received will be considered at that time. However where updates are required due to changes in national legislation, statutory guidance or contact details the council reserves the right to amend this policy without consultation where it is necessary to ensure the policy reflects national legislation or statutory guidance.

- 1.10 This policy revision takes into account the changes made to the Licensing Act 2003 by:
- ❖ The Police Reform and Social Responsibility Act 2010
 - ❖ The Live Music Act 2011
 - ❖ Statutory instruments laid under the above legislation
 - ❖ Revised Guidance issued under S182 of the Licensing Act 2003

2. Profile of the City

- 2.1 Newport is a multi-cultural city with its own unique atmosphere, where traditional industries sit alongside new electronics and financial service sectors. Standing at the gateway between England and Wales, Newport covers a geographical area of just over 73.5 square miles, with a population of 145,700 persons and is a vibrant, forward-thinking city steeped in a rich industrial heritage, dating from the nineteenth century when its important strategic location was first recognised. After losing some of its core industries, the city is successfully proving that it can re-establish and adapt itself as a centre of modern industry and commerce.
- 2.2 The face of Newport is changing dramatically with a number of exciting new developments underway. Completed projects and investments have already delivered huge transformation for the city including a world class university campus, state of the art business premises, a new railway station, revamped market, new bus station, iconic architecture and a new waterfront district providing riverside homes and leisure opportunities. These schemes, as well as new investments and recent announcements mean investments totalling £250 million are giving a fresh momentum to the city's regeneration. Construction of Friars Walk, Newport's new retail and leisure scheme is underway and will be completed in later half of 2015. This coupled with the city ability to successful hold international events like the NATO conference and Ryder Cup highlights that the city is open to business.
- 2.3 There are approximately 500 premises licensed to sell alcohol either on or off the premises, and a further 100 premises providing late night refreshments and/or takeaways which are licensed under the Licensing Act 2003. The City Centre is very compact in nature and has very high density of licensed premises in and around High Street, Market Street and Cambrian Road, many of which operate well into the early hours of the morning.
- 2.4 The Council recognises a vibrant, Safe, Clean and well managed night economy can go a long way to boosting the local economy through attracting visitors and

stimulating a hive of culture and creative activity in the local community. Evidence suggests that city's centre with lively streets and people moving around in them make people feel safe. However, this relies on a controlled and managed approach to evening and night economy. Uncontrolled growth focused on a heavy drinking culture can lead to negative consequences related to crime, disorder and anti-social behaviour.

3. Licensing Committee

- 3.1 The Council has appointed a Licensing Committee in accordance with its constitution.
- 3.2 A Licensing Committee shall establish Sub-Committees consisting of three Members of the Committee, to consider applications where representations have been received from any person and/or Responsible Authorities.
- 3.3 In the interests of good governance, where a Councillor who is a Member of a Licensing Committee or a Licensing Sub-Committee has had a direct or indirect pecuniary or personal interest in any matter before them they will be disqualified from any involvement in the decision-making process affecting the premises licence. A Councillor will not sit on a Sub-Committee to consider an application within their 'Ward'.
- 3.4 If the Licensing Sub-Committee comprises fewer than three members, then it will have to refer matters to the Licensing Committee to action.
- 3.5 If the Licensing Committee comprises fewer than the quorum of three members, then it will have to refer matters to the 'Licensing Authority' [the Council] to action.
- 3.6 Every determination of a licensing decision by the Licensing Committee or a Licensing Sub-Committee shall be accompanied with the rationale for the decision. A summary of the decision shall be posted on the Council's website as soon as practicable after the decision has been made, where it will form part of the statutory licensing register.
- 3.7 The Council's Licensing Officers will deal with all licence applications where either no relevant representation has been received, or where representations have been received and it is agreed by the parties that a hearing is not necessary.
- 3.8 The Council will ensure that Members and relevant officers are appropriately trained to carry out their duties under the Act.
- 3.9 Matters in respect of the Licensing Act 2003 are to be dealt with as specified in the Council's scheme of delegation under its constitution.

4. Fundamental Principles

- 4.1 Licensing is about the control of licensed premises, qualifying clubs and temporary events within the terms of the 2003 Act, and conditions may be attached to licences, certificates and permissions that will cover matters which are within the control of individual licensees.
- 4.2 When considering these conditions, the Licensing Authority will primarily focus on the direct impact of the activities taking place at licensed premises on members of the public living, working or engaged in normal activity in the area concerned.
- 4.3 In this respect, the Licensing Authority recognises that, apart from the licensing function, there are a number of other mechanisms available for addressing issues that can occur away from the licensed premises, including:
- Planning controls;
 - On-going measures to create a safe and clean environment in these areas in partnership with local businesses, transport operators and other Council departments;
 - Designation of parts of the City of Newport as places where alcohol may not be consumed publicly (currently there are three such control areas, including the City Centre);
 - Frequent liaison with Gwent Police on law enforcement issues regarding disorder and antisocial behaviour, including the issue of fixed penalty notices, prosecution of those selling alcohol to people who are drunk, confiscation of alcohol from adults and children in designated areas and instantly closing down licensed premises or temporary events on the grounds of disorder, or likelihood of disorder or excessive noise from the premises;
 - The power of the police, other responsible authorities or interested people to seek a review of the licence or certificate.

5. Zoning and Licensing Hours

- 5.1 The Licensing Authority, through the exercise of its licensing functions shall not seek to restrict the trading hours of any particular premises unless it is considered appropriate to promote one or more of the licensing objectives. Each application will be considered individually on its own merits. However, the Licensing Authority does have the power to make an Early Morning Restriction Order to limit opening times in a particular area (see paragraph 36) or impose a Night Time Levy on those regulated businesses trading after midnight (see paragraph 43).
- 5.2 In the absence of any specific reasons linked to the licensing objectives, the Licensing Authority will not seek to restrict licensed retail outlets' ability to sell alcohol for consumption off the premises throughout their general trading hours. A possible example of an occasion when a limitation could be considered would be following Police representations that a shop was known to be a focal point for crime and disorder. However, restrictions have been put on the growth of city centre

establishments by virtue of the Licensing Authority having adopted a “Cumulative Impact Policy”- see paragraph 34.

- 5.3 The Licensing Authority recognises that providing consumers with greater choice and flexibility is an important consideration and that in some circumstances flexible licensing hours for the sale of alcohol can help to ensure that the concentrations of customers leaving premises simultaneously are avoided, which in turn can reduce the possibility of friction at late night fast food outlets, taxi ranks and other sources of transport which can lead to crime, disorder and disturbance.
- 5.4 The Licensing Authority also acknowledges that licensing hours should not inhibit the development of thriving and safe evening and night-time local economies which are important for investment and employment locally and attractive to domestic and international tourists.
- 5.6 The Licensing Authority will however, where its discretion is engaged, always carefully balance the considerations in paragraphs 5.3 and 5.4 above against its duty to promote the licensing objectives and protect the rights of residents and businesses.
- 5.7 The Licensing Authority also notes the Government’s guidance that there is no general presumption in favour of lengthening licensing hours and that the four licensing objectives should be the paramount considerations at all times. Where there are relevant representations against an application and the Licensing Committee believes that granting the licensing hours proposed would undermine the licensing objectives, then it may reject the application or grant it with appropriate conditions and/or different hours from those requested.
- 5.8 Irrespective of the hours of operation granted for a premises under any licence under the Act, premises operators should ensure that they comply with any limitation on hours imposed under any other relevant legislation in force - for example Planning laws, Sunday Trading Act 1994 or Christmas Day (Trading) Act 2004.
- 5.9 Whilst the licensing authority accepts that flexible licensing hours may reduce crime, disorder and anti-social behaviour by allowing for a more gradual dispersal of customers, experience shows that in the City/ town centre areas, the majority of new entrants request opening hours to match competitors.
- 5.10 Applicants are encouraged to include in their operating schedule not only the standard hours during which they wish to carry on licensable activities, but also special occasions, such as bank holidays, when they may wish to trade for an additional hour or two. Catering for these types of occasion will reduce the need to make variation applications.
- 5.11 There is no automatic special provision for New Year’s Eve, therefore if applicants wish to take advantage of longer trading hours over this period this should be included in the operating schedule.

6. Commercial Demand

- 6.1 The commercial demand for additional premises licences (as distinct from cumulative impact, see paragraph 34, will not be a matter for the Licensing Authority. Such matters are a specific consideration for the local planning authority, taking into account the demands of the licensed trade and market demands.

7. Alcohol Harm

- 7.1 In June 2007 “Safe, Sensible, Social – The Next Steps in the National Alcohol Strategy” was published. This strategy covered England but was prepared in discussion with the Welsh Assembly Government and reflects the common themes within Welsh policies aimed at tackling the harm caused by alcohol misuse.

- 7.2 The Welsh Assembly Government in 2008 published a new substance misuse strategy, entitled “Working Together to Reduce Harm”. It is a 10 year strategy which aims to set out a clear national agenda for tackling and reducing the harms associated with substance misuse in Wales.

- 7.3 In 2010, the Government outlined plans to overhaul the current licensing regime, in order to give more power to local authorities and police, to help them deal with alcohol-related crime and disorder, while also encouraging responsible businesses. A consultation document entitled “Rebalancing the Licensing Act - a consultation on empowering individuals, families and local communities to shape and determine local licensing” was published and resulted in additional legislation to assist regulators to control the sale and supply of alcohol and the public to make representations about licensed premises.

- 7.4 Mandatory conditions have been imposed on all premises licences and club premises certificates as they are commenced. These are designed to reduce the instances of unacceptable drinking promotions and other activities that have been classed as irresponsible. The Licensing Authority will closely monitor premises with the resources they have available to ensure these conditions are followed by licence holders.

7.5 Irresponsible Drinks Promotions

An irresponsible drinks promotion is one that encourages excessive consumption of alcohol. The Licensing Authority is pleased that there is now a mandatory condition included in all premises licences and club certificates to prohibit or restrict such promotions e.g. drinking games which encourage excess, provision of free or discounted alcohol as prizes etc.

8. Drugs

- 8.1 The Licensing Authority recognises that drug misuse may be an issue for some

licensed premises, however it is committed to the reduction and eradication where possible of illegal drugs from licensed premises as part of its role in promoting the crime and disorder licensing objective. The Licensing Authority expects all licence holders to actively support this aim in the way that they plan, manage and operate premises.

- 8.2 If relevant representations are received to an application for grant or variation of a licence, special conditions may be imposed to support the prevention of the illegal supply or use of controlled drugs. Advice on conditions will be sought from the police or any other relevant organisation involved in the policing of controlled drugs or the support and/or treatment of drug users.
- 8.3 In premises where drug misuse is problematic and where any responsible authority or other person applies for a review of the licence, the licensing authority will consider this as being very serious and will give appropriate consideration to the full range of options available, including suspension and revocation of the licence in accordance with the statutory guidance issued by the Secretary of State. The Licensing Authority recognises that each case is individual and will be decided on its own facts and specific merit.
- 8.4 Where officer become aware of the sale or use of new psychoactive substances (so-called “legal highs”) at alcohol licensed premises, the Licensing Authority will consider the issue in line with current legislation and government policy.

9. Licensing Objectives

- 9.1 The Licensing Authority has a duty under the Act to carry out its functions with a view to promoting the licensing objectives. The licensing objectives (of which each one is of equal importance) are:
- The prevention of crime and disorder;
 - Public safety;
 - The prevention of public nuisance;
 - The protection of children from harm.
- 9.2 It is recognised that the licensing function is not the primary method of securing the delivery of these objectives. The Licensing Authority will therefore continue to work in partnership with its neighbouring authorities, the police, local businesses, licensees and local people towards the promotion of the Licensing Act objectives.

10. Prevention of Crime and Disorder

- 10.1 Licensed premises, especially those offering late night/early morning entertainment, alcohol and refreshment for large numbers of people, can be a potential source of crime and disorder problems.
- 10.2 The Licensing Authority will expect operating schedules (see section 28) to satisfactorily address these issues, from the design of the premises, through to the

day-to-day operation of the business and guidance is given in Appendix A.

- 10.3 Applicants are recommended to seek advice from the Licensing Authority's licensing officers and the police, as well as taking into account, as appropriate, local planning and transport policies, tourism, cultural and crime prevention strategies, when preparing their plans and operating schedules.
- 10.4 In addition to the requirements to promote this licensing objective, the Council also has a duty, under section 17 of the Crime and Disorder Act 1998, to have due regard to the likely effect of the exercise of its functions on, and the need to do all it reasonably can to prevent, crime and disorder in Newport.

11. Prevention of public nuisance

- 11.1 Licensed premises can also have a significant potential to impact adversely on persons in the vicinity and further afield through public nuisances that arise from their operation.
- 11.2 Subject to case law, the Licensing Authority interprets 'public nuisance' in its widest sense and takes it to include such issues as noise, light, odour, litter and anti-social behaviour. Where these matters impact on those living, working or otherwise engaged in normal activity in the vicinity of licensed premises.
- 11.3 Applicants will be encouraged to demonstrate in their Operating Schedule that suitable and sufficient measures have been identified and will be implemented and maintained to prevent public nuisance.
- 11.4 The Licensing Authority recommends that licensees apply a high standard of control to minimise the potential for any public nuisance that may arise from their operation of the premises, particularly where:
- they are situated in a residential or noise sensitive area; or
 - extended opening hours are proposed.
- 11.5 The Licensing Authority recognises that beyond the immediate vicinity of the premises, the control that a licence-holder can exert over its patrons diminishes and individuals who engage in anti-social behaviour are accountable in their own right. However, the Licensing Authority also recognises that licence holders have a responsibility to ensure that patrons do not consume excessive alcohol that could contribute to patrons engaging in anti-social behaviour.
- 11.6 When addressing the issue of prevention of public nuisance in their operating schedule, the applicant should show they have considered the potential impact that their operation may cause and seek to address any adverse consequences. Guidance is available in Appendix A.

12. Public Safety

- 12.1 The Licensing Authority will expect operating schedules to satisfactorily address issues concerning public safety and applicants are advised to seek advice from various organisations, such as the health and safety enforcement officers, South Wales Fire and Rescue Service, before preparing their plans and schedules, particularly where regulated entertainment is to be provided.
- 12.2 The Licensing Authority will encourage applicants to conduct a risk assessment of the premises and/or activity. The authority recommends that specialists, e.g. a qualified safety officer, should be consulted to assist with the assessment.
- 12.3 The Licensing Authority supports Gwent Police in promoting the use of polycarbonate drinking vessels to reduce the injuries caused by glass drinking vessels.
- 12.4 In order to prevent confusion with a condition already imposed on a licence that specifies that toughened glass drinking vessels must be used in certain circumstances, this condition will be taken to include the use of approved polycarbonate drinking vessels. This will remove the need for licence holders to apply for a variation to conditions on those licences.

13. Protection of Children from Harm

- 13.1 Nothing in this statement of policy shall limit or require access of children to premises unless there is an overriding requirement of necessity to prevent harm to children. Areas that will give rise to particular concern are highlighted elsewhere in this policy.
- 13.2 With the exception of the restrictions specified in Section 145 Licensing Act (Unaccompanied children prohibited from certain premises) this policy does not prohibit children from having free access to any licensed premises. However, the Licensing Authority recognises that limitations may have to be considered where it appears necessary to protect children from harm.
- 13.3 The Licensing Authority will not impose any condition that specifically requires access for children to be provided at any premises. Where no restriction or limitation is imposed, the issue of access will remain a matter for the discretion of the individual premises or club.
- 13.4 The 2003 Act details a number of offences designed to protect children in licensed premises and the Licensing Authority will work closely with the police and Newport City Council Trading Standards to ensure the appropriate enforcement of the law, especially relating to the sale and supply of alcohol to children.

14. The Right to Make Representations

- 14.1 The Licensing Authority will expect applicants to address the licensing objectives in their operating schedule having regard to the type of premises, the licensable

activities to be provided, the operational procedures, the nature of the location and the needs of the local community, in order that those with a right to make representations or objections are able to fully assess the factors that may affect them.

14.2 Relevant representations may be made by a responsible authority (see paragraph 15), other persons or organisations representing them, but they should state whether they are making a representation on their own behalf or on behalf of another person.

14.3 Amendments to the Act have inserted the term 'other person' to replace 'interested party' as someone who can make representations. It also removed the "vicinity" test for residents and the specific term of councillor. This opens up the range of persons who may make representation and includes for example the following:-

- Residents living near the premises
- Persons with an interest in the premises or locality
- Local councillors
- Businesses with an interest in the premises or locality.
- Organisations with an interest in the locality, premises or licensable activities.

The Licensing Authority will have to decide if the representation is relevant and/or reasonable, and in making that assessment, will assess the person or organisation making the representation and their relationship to the premises and or vicinity.

14.4 Relevant representations will be taken as those that relate to the fundamental principles of the Licensing Act. Any organisation or individual wishing to object to any application will therefore need to state how their representation relates to one or more of:

- The prevention of crime and disorder;
- Public safety;
- The prevention of public nuisance;
- The protection of children from harm.

14.5 Unreasonable, frivolous and vexatious representations will be disregarded. Representations that have been made and considered elsewhere, for example as an objection to a planning application, may also be disregarded where consideration of such representations would be duplication.

15. Responsible Authorities

15.1 The Licensing Act 2003, as amended, specifies who is a Responsible Authority able to make representations on applications or apply for the review of a premises licence or club premises certificate, and they are:

Responsible Authority	For Newport, this is
The Chief Officer of Police-	Gwent Police
The Fire Authority	South Wales Fire and Rescue
The enforcing authority for Health and Safety at Work	Newport City Council Environmental Health- Health and Safety
The local planning authority	Newport City Council Planning Services
The local authority responsible for minimising or preventing the risk of pollution of the environment or of harm to human health	Newport City Council Environmental Health Environmental Protection
The local weights and measures authority	Newport City Council Trading Standards
The Director of Social Services and the body representing matters relating to the protection of children from harm, currently the Local Safeguarding Children Board	Newport City Council Social Services
In relation to a vessel, a navigation authority, the Environment Agency, or the British Waterways Board	Natural Resources Wales
The Local Health Board	Aneurin Bevan Health Board
The Licensing Authority	Newport City Council Licensing

See Appendix C for full contact details

16. Representations from “Other Persons”

- 16.1 Changes to the Licensing Act 2003 by virtue of the Police Reform and Social Responsibility Act 2011 have now removed the test of “vicinity” from the 2003 Act and as a consequence, the categories of “interested party” no longer exist.
- 16.2 Therefore, any person is able to make representations in relation to certain types of applications as an “Other Person”. However, all representations must relate to at least one of the licensing objectives and may not be frivolous or vexatious.

17. Integrating strategies

- 17.1 There are a range of strategic influences and statutory controls which affect the licensing system in terms of policy formulation, administration and enforcement activities, when carrying out its functions the Local Authority has duties, responsibilities and considerations under other legislation and strategies.

- 17.2 Within Newport the Council has a number of statutory controls including a One Newport's Single Integrated Plan (SIP). The vision for this plan is "working together to create a proud and prosperous City with opportunities"

The SIP has priority themes, determined by a robust evidence base in the form of a Unified Needs Assessment. These are:

1. Skills and Work
2. Economic Opportunity
3. Health and Wellbeing
4. Safe and Cohesive Communities
5. City Centre
6. Alcohol and Substance Misuse

1. **Newport City Council Corporate Plan "Standing Up For Newport" 2012-17**
Specific priorities around a safer, healthier and working city

2. **Newport City Council Improvement Plan 2014-15**
Specific priority- "Making the City Centre Safer at Night"

The licensing of alcohol and regulated entertainment in Newport impacts on all of these.

- 17.3 Other Local Authority and Government policies, strategies, responsibilities, and guidance documents may also refer to the licensing function, and the Licensing Authority may liaise with the relevant authorities or other Council Services with regard to these. Whilst some of these may not be directly related to the promotion of the four licensing objectives, they may indirectly impact upon them. For example, the Licensing Authority will liaise with the local Police Neighbourhood Teams to ensure that the Local Authority can develop effective strategies that take full account of local crime and disorder issues.

18. Relationship with Planning Process

- 18.1 Applications for premises licences for permanent commercial premises should normally be from businesses with planning consent for the property concerned. However, applications for licences may be made before any relevant planning permission has been sought or granted by the Local Planning Authority.
- 18.2 It is strongly recommended that prospective licence applicants contact the Council Planning Services in advance of making a licence application in order to check, or seek advice on, any planning consents or any conditions relevant to the use of the premises. It clearly makes operational sense to ensure that planning and licensing are compatible.
- 18.3 The Licensing Authority wishes to emphasise that the granting by the Licensing (Sub) Committee of any variation of a licence which involves a material alteration to a

building would not relieve the applicant of the need to apply for planning permission or building control consent where appropriate.

- 18.4 The Local Authority will aim to properly separate planning, building control and licensing regimes in order to avoid conflict and confusion. The Licensing and Planning regimes involve consideration of different (albeit related) matters.
- 18.5 The Licensing Authority will avoid treating licensing applications as a re-run of planning applications, and will not normally:
- cut-across decisions taken by the Local Authority Planning Committee or following appeals decisions taken by that Committee; or
 - impose licensing conditions where the same or similar conditions have been imposed on a planning consent.
- 18.6 The Licensing Authority is not bound by decisions made by the Planning Committee and vice versa.
- 18.7 Where, as a condition of planning permission, a terminal hour has been set for the use of premises for commercial purposes that is different to the licensing hours, the licensee must observe the earlier closing time in order to avoid any breach of their planning permission - for which they may be liable to prosecution under planning law (and vice versa where the licensing hours finish earlier than the planning permission).

Where it considers it appropriate to do so, and in order to seek proper integration of the licensing function, the Licensing Authority may directly or indirectly provide periodic reports to the Planning Authority on the general situation regarding licensed premises in the area, which may include reference to the impact of alcohol related crime and disorder.

19. Avoiding Duplication

- 19.1 The premises operators are normally responsible for compliance with many other statutory requirements which may apply, for example the Regulatory Reform (Fire Safety) Order 2005.
- The Licensing Authority will as far as possible seek to avoid duplication with other regulatory regimes when dealing with the licensing function. If other existing laws already place certain statutory responsibilities on an employer or operator of premises, it cannot be appropriate or proportionate to impose the same or similar duties on the premises licence holder or club. However, the Licensing Authority may use its discretion on occasion, to attach appropriate and proportionate conditions to a licence to promote the licensing objectives.

20. Personal Alcohol Licence

- 20.1 The Licensing Authority recognises it has very little discretion in the granting of a personal licence. In general, provided an applicant is over 18 years of age, has an

approved qualification and does not have relevant criminal convictions, the application must be granted.

- 20.2 If an applicant has a relevant conviction the Police can oppose the application. When an objection is lodged a hearing must be held. Applicants with unspent criminal convictions for relevant offences as set out in the Regulations made under the Act are encouraged to first discuss their application with the Council's Licensing Officer and/or the Police.
- 20.3 At a hearing in respect of an objection to the granting of a personal licence, or the revocation of an existing licence, the Licensing Authority will consider carefully whether the grant of, or continuation of, the licence will be in the interests of the crime prevention objective. It will consider the seriousness and relevance of any conviction(s), the period that has elapsed since the offence(s) was/were committed and any mitigating circumstances. The Licensing Authority will only grant the application, if it is satisfied that doing so will promote this objective.
- 20.4 Prevention of crime is both an objective of the Licensing Act 2003 and a responsibility of the Licensing Authority under the Crime and Disorder Act 1998. A person holding a personal licence should be a person who is not only properly qualified, but someone who will assist in the prevention of crime. Granting a licence to a person with a relevant criminal record could undermine, rather than promote, the crime prevention objective.

21 Premises Licence

- 21.1 A premises licence is granted in respect of any premises, other than a private members' club or similar type premises, authorised for one or more licensable activities, such as the supply of alcohol, late night refreshment or regulated entertainment.
- 21.2 There are some exemptions for the requirement of a licence and they include the exhibition of films for educational or promotional reasons, films shown as part of an exhibition, unamplified live music to audiences of less than 200 people between the hours of 8.00 am and 11.00 pm. Applicants are advised to contact the licensing authority for further guidance.
- 21.3 Where alcohol is supplied, a Designated Premises Supervisor, who must be the holder of a personal licence, must be nominated to authorise the sale of alcohol at the premises.
- 21.4 Premises licences are issued to individuals over the age of 18 years who carry on, or propose to carry on, a business which involves the use of the premises for the activities mentioned above. In addition, charities, health service bodies, educational institutions and persons of other prescribed descriptions may apply for a premises licence.

- 21.5 A licence may be issued subject to conditions, which must be complied with at all times whilst the premises are being used for licensable activities during the times specified in the licence. Failure to comply with the terms and conditions of a licence, or if licensable activities are carried out without a premises licence, may result in a fine of up to £20,000 or a term of imprisonment of up to 6 months, or both.
- 21.6 Fees for licences are based on the rateable value of a premises and although licences are usually issued for an indefinite period, an annual fee is payable. Failure to pay the annual fee will render the premises licence suspended and it will be illegal to carry on any regulated activity.

22 Club Premises Certificate

- 22.1 A qualifying club, industrial and provident society, friendly society and miners' welfare institute that satisfies the criteria specified in part 4 of the Licensing Act 2003 may provide licensable activities for its members and guests of a member that are authorised by a club premises certificate (CPC).
- 22.2 A CPC only authorises the use of a premises for the benefit of its members and their guests and cannot be used to provide licensable activities to non-members. If the premises are to be used to provide licensable activities for non-members, an additional authorisation will be required. This may be a premises licence or a temporary event notice (TEN).
- 22.3 A premises operating under the authorisation of a CPC enjoy special privileges. If a club premises operate under the authorisation of a premises licence or a TEN, the privileges do not apply. The privileges include: restricted rights of entry and no need to have a qualified person authorising sales of alcohol. Other considerations include different taxation rules and advice should be sought from HMRC.

23. Temporary Event Notices

- 23.1 Temporary Event Notices (TENs) can be used to allow licensable activities to be carried out on a one-off or occasional basis. They are the most appropriate type of authorisation for small-scale, one-off events, such as community, school and charity fundraising events, at which it is intended to:
- sell or supply alcohol;
 - provide regulated entertainment; or
 - sell hot food/drink between 11 pm and 5 am.
- 23.2 Statutory consultees (at present the Police and Council Environmental Health), will be notified of all TENs in order that they may give proper advice. Applicants should be aware that these consultees and a number of other enforcement bodies, may be under a duty to ensure that the event in question meets certain statutory standards. In extreme cases, this could lead to an event being restricted or even prevented from

taking place, and it is therefore very important that applicants contact these consultees as soon as possible in order to discuss their plans and establish what standards they will need to meet.

23.3 The Licensing Authority recommends that anyone wishing to submit a Temporary Event Notice, particularly where this involves the provision of regulated entertainment, gives as much notice to the Authority as possible, to ensure that proper advice can be given and any anticipated issues resolved in a planned and timely manner. A period of at least 10 weeks is recommended for this process, and a longer consultation period should be considered for larger events.

23.4 The Licensing Authority may notify the Newport Event Safety Advisory Group of any Temporary Event Notices involving the provision of regulated entertainment.

The applicant may also notify the Event Safety Advisory Group (SAG) directly. This Group ensures that various bodies that may be responsible for enforcement in respect of an event are aware of the proposals, in order that appropriate advice can be offered to the organisers to ensure that events are conducted safely. If necessary the organisers may be invited to attend a meeting with the Group or a sub-group, to discuss the proposals and for agreement to be reached regarding the way that the event will be organised etc. It is recommended that all applicants submitting a Temporary Event Notice complete an online 'event enquiry questionnaire' to determine if a SAG notification form should be completed. This can be found at www.newport.gov.uk/SAG, as can a link to the notification form. Contact details for the SAG coordinator can be found in Appendix C.

This will be of particular assistance to charities, community and voluntary groups, and other event organisers who may not have access to legal advice or technical knowledge.

24. Sale and supply of alcohol

24.1 Licensed premises authorised under the Act for the sale and/or supply of alcohol must consider their responsibilities with regard to who they supply with alcoholic drinks, in particular:

- The sale to persons under the age of 18 years
- The sale to persons who are delivering to persons under the age of 18 years
- The sale to persons who are drunk

24.2 The Licensing Authority recommends that any licensed premises that are authorised to sell or supply alcohol have a policy that sets out how the sale or supply is controlled and must include staff training requirements. Records should be kept of all training provided and any incidents e.g. a refusal to sell and the reasons.

25. Regulated Entertainment

25.1 The types of regulated entertainment that are required to be licenced under the 2003

Act are listed below:

- a) film exhibitions
- b) performance of a play
- c) indoor sporting events
- d) a boxing or wrestling entertainment
- e) a contest, exhibition or display which combines boxing or wrestling with one or more martial arts (“combined fighting sports”)
- f) live music performances
- g) playing of recorded music
- h) dance performances
- i) Entertainment of a similar description to a performance of live music, any playing of recorded music or a performance of dance.

26. Live music, dancing and theatre

- 26.1 Generally, live music, dancing and theatre type entertainment requires a licence. However, certain exemptions apply to some of these entertainments at specific times of day. For example, unamplified live music at any venue between 8.00 am and 11.00 pm, does not require a licence, nor does the provision of a play to audiences of fewer than 200 people between the hours of 8.00 am and 11.00 pm.
- 26.2 There are many other exemptions in respect of regulated entertainment and applicants are advised to contact their legal advisor or the Licensing Team before submitting an application for a licence.

27. Exceptions to the need to be licensed

- 27.1 There are exceptions within the Act and these include those changes made by the Live Music Act 2012 and Licensing Act 2003 (Description of Entertainment) (Amendment) Order 2013.

These are:

1. Film exhibitions for the purposes of advertisement, information, education etc.
2. Film exhibitions that form part of an exhibit put on show for any purposes of a museum or art gallery.
3. Music, whether live or recorded, which is incidental to other activities which do not require a licence.
4. Live music as follows:
 - i. Amplified live music between 8am and 11pm before audiences of no more than 200 people on premises authorised to sell alcohol for consumption on the premises;

- ii. Amplified live music between 8am and 11pm before audiences of no more than 200 people in workplaces not otherwise licensed under the 2003 Act (or licensed only for the provision of late night refreshment); and
 - iii. Unamplified live music between 8am and 11pm in all venues.
5. Use of television or radio receivers for the simultaneous reception and playing of a programme.
 6. Any entertainment or entertainment facilities at a place of public religious worship.
 7. Entertainment at garden fetes or similar functions unless there is an element of private gain.
 8. Morris dancing or any dancing of a similar nature or a performance of unamplified live music as a part of such a performance.
 9. Entertainment on road vehicles in motion.
 10. Performance of a play in front of an audience of 500 persons or less between 8:00 and 23:00
 11. Performance of dance in front of an audience of 500 persons or less (unless it is relevant entertainment within the meaning of Schedule 3 para 2A Local Government (Miscellaneous Provisions) Act 1982 - i.e. certain forms of sexual entertainment); between 8:00 and 23:00
 12. Indoor sporting events in front of an audience of 1,000 persons or less between 8:00 and 23:00.

28. Administration and Application Procedure

- 28.1 The Council's Licensing Team administers and enforces all aspects of the Licensing Act 2003, including applications, representations and requests for assistance and advice. The Council's website has detailed information on all of the services it offers for licensees, applicants, complainants and all other enquiries. Application information and forms can be downloaded from our website. The Team can be contacted by any of the following means:-

Licensing,
Newport City Council
PO BOX 883,
Civic Centre,
Godfrey Road,
Newport,
NP20 4UR

E-mail: environment.licensing@newport.gov.uk

Tel: 01633 656656

Web: www.newport.gov.uk/licensing

- 28.2 All application requirements and procedures are specified in the Licensing Act 2003 and regulations made under the Act. Applications and notices are administered by the Council's Licensing team.
- 28.3 Applicants can apply and pay electronically in accordance with the European Services Directive.

Completing an Application

29. The Operating schedule

- 29.1 All new and variation applications should incorporate an 'operating schedule' which outlines how the premises will be operated. This should include details of how the applicant will promote the four licensing objectives and reduce any potential negative impact from the operation of their business on the local community, depending on the type of premises, location and profile of customers. The proposals contained in the operating schedule will form the main body of the conditions to be applied to the licence, together with any applicable mandatory conditions, any conditions agreed with responsible authorities during the application process and any conditions imposed by a licensing sub-committee where representations have been made.
- 29.2 In completing an operating schedule, applicants are expected to have regard to this statement of licensing policy and to demonstrate suitable knowledge of their local area when describing the steps that they propose to take in order to promote the Licensing Objectives.
- 29.3 The Licensing Authority will provide general advice on the drafting of operating schedules and applicants are strongly recommended to discuss their operating schedules with the Licensing Authority and other Responsible Authorities prior to submitting them.
- 29.4 The complexity and detail required in the operating schedule will depend upon the nature and use of the premises concerned. For premises such as a public house where regulated entertainment is not provided, only a relatively simple document may be required. However for an operating schedule accompanying an application for a major entertainment venue or event, it will be expected that issues such as public safety and the prevention of crime and disorder will be addressed in detail.
- 29.5 The operating schedule must be set out on the prescribed form and include a statement of the following:-
- Full details of the licensable activities to be carried on at and the intended use of the premises;
 - The times during which the licensable activities will take place;
 - Any other times when the premises are to be open to the public;
 - Where the licence is only required for a limited period, that period;
 - Where the licensable activities include the supply of alcohol, the name and

address of the individual to be specified as the designated premises supervisor;

- Whether alcohol will be supplied for consumption on or off the premises or both;
- The steps which the applicant proposes to promote the Licensing Objectives.

29.6 For some premises, it is possible that no measures will be appropriate to promote one or more of the Licensing Objectives, for example, because they are adequately covered by other existing legislation. It is however important that all operating schedules should be:

- Precise and unambiguous
- Be clear in what they intend to achieve, and
- Be appropriate, proportionate and justifiable.

30. Conditions

30.1 The Licensing Act 2003, as amended, imposes a number of mandatory conditions on licences. The Licensing Authority has the power to impose additional conditions if considered appropriate for the promotion of the licensing objectives.

30.2 Conditions attached to licences or certificates will be tailored to the individual style and characteristics of the particular premises, activities and/or events provided at the premises. This policy does not provide for any standard, general or blanket conditions, and will not impose disproportionate and burdensome requirements.

30.3 Applicants may offer voluntarily conditions in the operating schedule as part of their application. The Licensing Authority may remove or reword any of these conditions if they are considered to be unclear, ambiguous or unenforceable, with the agreement of the applicant. This will ensure that all parties fully understand their responsibilities to promote the licensing objectives.

30.4 The Licensing Authority recognises that it can only impose conditions where relevant representations have been received and it is considered appropriate for the promotion of the licensing objectives. Where a Responsible Authority provides evidence that warrants the imposition of specific conditions, the Licensing Authority may suggest wording to ensure that such conditions are clear, relevant and enforceable.

30.5 When attaching conditions, the Licensing Authority will also be aware of the need to avoid measures that might deter live music, dancing or theatre by imposing costs of a substantial nature, that are not in proportion to the risks.

31 Applications where representations are received

31.1 When an application is made for the grant, variation or review of a premises licence or club premises certificate, representations about the application may be made by responsible authorities or other persons. However, the Licensing Authority will usually

give greater weight to representations that are made by those who can demonstrate that they would be directly affected by the carrying on of licensable activities at the premises concerned.

- 31.2 Representations must be made to the Licensing Authority within the statutory period of 28 days beginning on the day after the relevant application is received by the Licensing Authority. Representations must be made in writing.
- 31.3 Representations can be made either be in support of an application or to express objections to an application being granted. However the Licensing Authority can only accept “relevant representations.” A representation is “relevant” if it relates to the likely effect of the grant of the licence on the promotion of at least one of the four Licensing Objectives
- 31.4 An example of a representation which would not be relevant would be one from a local business about the commercial damage that competition from new licensed premises would have on their business. On the other hand, a representation from a business that nuisance caused by new premises would deter customers from entering the local area, and that the steps proposed by the applicant to prevent that nuisance were inadequate, would be a relevant representation. In short, representations should relate to the impact of the proposed licensable activities on the Licensing Objectives.
- 31.5 For representations in relation to variations to be relevant, they should be confined to the subject matter of the variation.
- 31.6 Whilst the Licensing Authority expects representations to be evidence-based, there is no requirement for a Responsible Authority or other person to produce a “recorded at the time” history of problems at premises to support their representations, and it is recognised that in fact this would not be possible for new premises.
- 31.7 Responsible authorities are a group of public bodies that must be fully notified of applications and they are entitled to make representations to the Licensing Authority in relation to the application for the grant, variation or review of a premises licence or club premises certificate. A full list of contact details for the responsible authorities is provided on the Licensing Authority’s website and in Appendix C.
- 31.8 Whilst all responsible authorities may make representations regarding applications for licences and club premises certificates and full variation applications, it is the responsibility of each Responsible Authority to determine when they have appropriate grounds to do so.
- 31.9 The Licensing Authority recognises that every Responsible Authority can make representations relating to any of the four Licensing Objectives. However, the Licensing Authority would normally expect representations about the promotion of individual Licensing Objectives to come from the most relevant Responsible Authority with expertise in that particular area. For example, the Licensing Authority would

expect representations about the prevention of crime and disorder to come primarily from the police and representations about the prevention of public nuisance to come primarily from environmental health.

- 31.10 The Licensing Authority recognises that the police should be its main source or advice on matters relating to the promotion of the crime and disorder licensing objective, but also may be able to make relevant representations with regards to the other Licensing Objectives if they have evidence to support such representations.
- 31.11 The Licensing Authority will accept all reasonable and proportionate representations and expect them to be evidence-based and able to withstand scrutiny at a hearing.
- 31.12 The Licensing Authority recognises that, although public health is not a licensing objective, health bodies are a relevant authority and may hold information which other responsible authorities do not, but which would assist the Licensing Authority in exercising its functions. For example, drunkenness can lead to accidents and injuries from violence, resulting in attendances at emergency departments and the use of ambulance services. Some of these incidents will be reported to the police, but many will not. Such information might be relevant to the public safety objective and in some cases, the crime and disorder objective.
- 31.13 As a result of the Police Reform and Social Responsibility Act 2011, the Licensing Authority is also now a Responsible Authority in its own right and can therefore make representations if it deems it appropriate to do so. However, the Licensing Authority will not normally act as a Responsible Authority on behalf of other parties (for example, local residents, local councillors or community groups) although there are occasions where the authority may decide to do so. Such parties can make relevant representations to the Licensing Authority in their own right, and the Licensing Authority expects them to make representations themselves where they are reasonably able to do so.
- 31.14 The Licensing Authority also expects that other Responsible Authorities should intervene where the basis for the intervention falls within the remit of that other Responsible Authority. Each Responsible Authority has equal standing under the 2003 Act and may act independently without waiting for representations from any other Responsible Authority.
- 31.15 In cases where a Licensing Authority is also acting as Responsible Authority in relation to the same process, the Licensing Authority will seek to achieve a separation of responsibilities within the authority to ensure procedural fairness and eliminate conflicts of interest. This will be achieved by allocating the different responsibilities to different licensing officers or other officers within the local authority.
- 31.16 Relevant representations about applications can also be made by any other person, regardless of their geographical position in relation to the relevant premises. However the Licensing Authority will usually give greater weight to representations that are

made by people who can demonstrate that they would be directly affected by the carrying on of licensable activities at the premises concerned.

- 31.17 The Licensing Authority will also reject as invalid, any representations from other persons that are deemed to be frivolous or vexatious. A representation might be considered to be vexatious if it appears to be intended to cause aggravation or annoyance, whether to a competitor or other person, without reasonable cause. Frivolous representations are essentially categorised by a lack of seriousness, and which, at most, are minor and where no remedial steps would be warranted or proportionate.
- 31.18 Decisions as to the validity of representations will normally be made by officers of the Licensing Authority. In borderline cases, the benefit of the doubt about any aspect of a representation will be given to the person making that representation. Any subsequent hearing would then provide an opportunity for the person or body making the representation to amplify and clarify it.
- 31.19 Any person who is aggrieved by a rejection of their representations on either of these grounds may lodge a complaint through the Council's Corporate Complaints procedure. A person may also challenge such a decision by way of judicial review.
- 31.20 Where a notice of a hearing is given to an applicant, the Licensing Authority is required to provide the applicant with copies of the relevant representations that have been made.
- 31.21 The Licensing Authority will normally provide copies of the relevant representations to the applicant in full and without redaction. However in exceptional circumstances, where a person satisfies the Licensing Authority that they have genuine reasons to fear intimidation or violence if their personal details, such as name and address, are divulged to the applicant, the copies of the representations may be redacted accordingly.
- 31.22 In such circumstances the Licensing Authority will still provide some details to the applicant (such as street name or general location within a street), so that the applicant can fully prepare their response to any particular representation.
- 31.23 Alternatively persons may wish to contact the relevant Responsible Authority or their local Councillor with details of how they consider that the Licensing Objectives are being undermined so that the Responsible Authority or Councillor can make representations on their behalf if appropriate and justified.
- 31.24 Further guidance on making representations is provided on the Licensing Authority's website.

32. Exercise and Delegation of Functions

- 32.1 The Licensing Act 2003 requires local authorities to act as the Licensing Authority and

to set up a Licensing Committee to be responsible for all matters relating to the Licensing Act 2003. The Licensing Committee further delegates to Licensing Sub Committee, or by one or more officers acting under delegated authority.

32.2 It is considered that many of the functions will be largely administrative in nature with no perceived areas of contention. In the interests of efficiency and cost effectiveness these will, for the most part, be carried out by officers.

32.3 **Schedule of delegation of licensing functions and decisions**

Matter to be dealt with	Licensing Committee	Licensing Sub Committee	Officers
Application for personal licence		If a police objection	If no objection made
Application for a personal licence with unspent convictions		All cases	
Application for premises licence/club premises certificate		If a relevant representation made and not withdrawn	If no relevant representation made or representation withdrawn
Application for provisional statement		If a relevant representation made and not withdrawn	If no relevant representation made or representation withdrawn
Application to vary premises licence/club premises certificate		If a relevant representation made and not withdrawn	If no relevant representation made or representation withdrawn
Application to vary designated premises supervisor		If a police objection	All other cases
Application for a minor variation			All cases
Application to vary a licence on a community premises to include alternative licence condition		If police objection	All other cases
Request to be removed as designated premises supervisor			All cases
Application for transfer of premises licence		If a police objection	All other cases

Application for interim authorities		If a police objection	All other cases
Application to review premises licence/club premises certificate		All cases	
Decision on whether a complaint is irrelevant frivolous vexatious etc.			All cases
Determination of a police or environmental health objection to a temporary event notice		In all cases if not withdrawn.	
Suspension of licences following non-payment of annual fees			All Cases

33. Reviews of licences

33.1 The Licensing Authority can only review a licence where it is alleged by a "responsible authority", or other person that the licensing objectives are being breached. Responsible authorities will aim to give licence holders early warning of any concerns identified at the premises. Only Responsible Authorities or other local persons (e.g. local residents, local organisations and councillors) can apply for the review of a licence. At any subsequent hearing, the Sub-Committee will consider evidence and make a determination. It views particularly seriously applications for the review of any premises licence which involves the:

- use of licensed premises for the sale and distribution of controlled drugs and the laundering of the proceeds of drugs crimes;
- use of licensed premises for the sale and distribution of illegal firearms;
- evasion of copyright in respect of pirated films and music;
- underage purchase and consumption of alcohol;
- use of licensed premises for prostitution or the sale of unlawful pornography;
- use of licensed premises for unlawful gaming;
- use of licensed premises as a base for organised criminal activity;
- use of licensed premises for the organisation of racist, homophobic or sexual abuse or attacks;
- use of licensed premises for the sale of smuggled tobacco or goods;
- use of licensed premises for the storage or sale of stolen goods;
- the police being frequently called to attend to incidents of disorder;
- prolonged and/or repeated instances of public nuisance;
- serious risk to public safety have been identified and the management is unable or unwilling to correct;
- serious risk to children.

33.2 The Licensing Sub-Committee will consider all evidence provided at the hearing and apply appropriate weight to that evidence when making its decision. It will consider all sanctions at its disposal by virtue of the Act and guidance, including taking no action, if appropriate. In cases where a licensing objective is seriously undermined, the revocation of the licence, even in the first instance, will be considered where appropriate to ensure the licensing objectives are promoted.

34. Cumulative Impact Policy

34.1 “Cumulative Impact” is defined in the statutory guidance as, the potential impact on the promotion of the licensing objectives of a significant number of licensed premises concentrated in one area.

34.2 The cumulative impact of the number, type and density of premises in particular areas, such as the city centre, may lead to those areas becoming saturated with premises of a certain type making them a focal point for large groups of people leading to severe or chronic problems of public nuisance and anti-social behaviour. In such circumstances, the licensing authority may consider the adoption of a **cumulative impact policy** of refusing new premises authorisations within a defined area or areas, provided it is satisfied that it is appropriate and necessary having considered the evidence to support such a decision.

34.3 The effect of adopting a cumulative impact policy is to create a rebuttable presumption if relevant representations are received, that applications for new premises authorisations or club premises certificates or material variations will normally be refused, unless the applicant can demonstrate that the operation of the premises involved will not add to the cumulative impact already being experienced.

34.4 Applicants will need to address the cumulative impact policy issues in their Operating Schedules in order to rebut such a presumption. Although it must be noted that this presumption does not relieve responsible authorities or interested parties of the need to make a relevant representation before the local authority may lawfully consider giving effect to its cumulative impact policy.

34.5 The Licensing Authority recognises that many different types of premises sell alcohol, serve food and provide entertainment. It recognises that some applications in cumulative impact areas will be unlikely to add significantly to the problems arising from saturation or indeed may diversify that area. Accordingly, where it can lawfully make decisions on applications in a cumulative impact area, it will have full regard to the effect different premises may have on that area. The Licensing Authority must grant any application in a cumulative impact policy area subject only to conditions that are consistent with the operating schedule submitted by the applicant if it receives no relevant representation.

34.6 The absence of a special saturation/cumulative impact policy does not prevent any responsible authority or interested party making evidence-based relevant representations on a new application, on the grounds that the premises will give rise

to a negative cumulative impact on one or more of the licensing objectives.

- 34.7 The adoption of such policies should not be understood to be an absolute bar to new authorisations being issued or granting significant variations to existing licenses. Applicants are entitled to seek any of the permissions available to them in the Act and the Licensing Authority does not, in any cumulative impact policy, intend to prevent applicants from exercising their statutory rights. Each application will be considered on its own merits, within the constraints of the legislation and having due regard to the relevant guidance and policy.

However, applicant statements such as, for example:

- the premises will not add people to the area;
- longer hours will create slower dispersal;
- history of good management;
- premises are well run;
- the application is small in nature
- alcohol is not sold;
- clientele “are a cut above the usual”;

will not be considered sufficiently exceptional to rebut the presumption. The issue is crime and disorder/public nuisance in the area as a whole, rather than that associated with individual premises.

- 34.8 Applications will be considered favourably if they are judged to encourage a greater variety of types of entertainment than currently exists in the area. In particular, the Licensing Authority welcomes applications which can be viewed as more family friendly and which offer a wider range of entertainment than that which is currently available because it is considered that these will undermine the licensing objectives.

- 34.9 Existing licensees who wish to materially alter and/or extend the premises to which the authorisation relates, are required to seek a new authorisation. This is because the Act prohibits the use of a variation application to substantially alter the premises to which the authorisation relates. Where the only change is to the physical extent or material layout of the premises themselves (i.e. in the absence of additional features such as change in style of operation, capacity etc.), it is highly unlikely this would trigger the Cumulative Impact Policy. However, this policy cannot restrict the right of any Responsible Authority or interested person to make relevant representations in that regard and if such are forthcoming, they will be given due consideration. Where other changes are envisaged then the Cumulative Impact Policy presumption may arise. Applicants in such circumstances are entitled to seek a provisional statement and are encouraged to engage with the Licensing Authority. The Licensing Authority will periodically review any cumulative impact policies to assess whether they are needed any longer or need expanding.

35. Newport City Centre Cumulative Impact Policy

- 35.1 Having had regard to the guidance referred to above, consulted upon the issue, taken into account the views of respondents and considered the evidence, the Licensing Authority, as part of its Statement of Licensing Policy, has adopted a Cumulative Impact Policy in respect of City Centre area of Newport.

The area of the cumulative impact area can be found in Appendix B.

Reason for the Policy

- 35.2 Gwent Police have provided evidence to support their request that the parts of Newport City Centre should continue to be designated as a cumulative impact area. In particular this area has a significant concentration of alcohol-led late night venues, has a high number of assaults and other related crime and disorder, including public nuisance and risk to public safety. The policy will therefore continue to apply to further applications for the grant of new licences or significant variations of existing licences in respect of premises that primarily sell alcohol for consumption on the premises, other late night uses, restaurants and take-away outlets.
- The main focus of the policy is likely to be on alcohol-led establishments and premises that keep customers in the area at times when the promotion of the licensing objectives is most challenging (for example late night refreshment from “fast food” outlets).

36. Early Morning Restriction Orders

- 36.1 Whilst the Licensing Act 2003 introduced a single integrated scheme for licensing premises used for the supply of alcohol, regulated entertainment and late night refreshment, one of its primary purposes has been to tackle problems associated with misuse of alcohol.
- 36.2 It has now been recognised by Government, through statutory guidance, that longer hours were not necessarily an answer to all problems. As a result, licensing authorities have been given greater discretion in their approach to the management of licensed premises in their areas. An amendment to the Act now allows licensing authorities to introduce an Early Morning Restriction Order (EMRO), which can be used to restrict the sale of alcohol at a specified time between the hours of midnight and 6:00am. It applies to Premises Licences, Club Premises Certificates and Temporary Event Notices.
- 36.3 EMROs are intended to deal with alcohol-related crime & disorder, anti-social behaviour, and serious public nuisance, which is not directly attributable to licensed premises. Local Authorities are encouraged to look at the relationship between any existing cumulative impact area they have in place and a proposed EMRO area.
- 36.4 An EMRO can apply to a specific area or even single street. It can apply to specific days of the week, can specify different times for different days of the week, and can apply to limited periods of the year or for an unlimited period. But it cannot apply on New Year’s Eve/New Year’s Day. They do not affect authorised hours for regulated

entertainment or late night refreshment.

- 36.5 The adoption of an EMRO is subject to a process involving the collection and analysis of relevant evidence and a consultation exercise with the public and holders of licences and/or club premises certificates. The decision to adopt an EMRO has to be taken by a meeting of the Council and is not without controversy.
- 36.6 An EMRO must be periodically reviewed to ensure it remains appropriate to promote the licensing objectives and can be varied or revoked via the same process as adoption.
- 36.7 The Council has not at present introduced an EMRO. If it were to consider introducing the provision, full consultation would take place.

37. Hearings

- 37.1 Applications for licences and certificates will be determined following consultation with relevant responsible authorities. Where no representations are received, they will be issued administratively by the Council Licensing Team. However, contentious applications must be referred to the Council's Licensing Sub-Committee for determination, unless it is agreed by all parties that a hearing is not necessary.
- 37.2 The period of notice of a hearing that must be given to all relevant parties, and the information which may be disclosed, varies depending on the type of application, subject to regulations. A Licensing Sub-Committee of three Elected Members will determine a contentious application and will either grant a licence, grant a licence with amendments or refuse an application. Any party can appeal against the Licensing Authority's decision to a Magistrates' Court.
- 37.3 At any time during the period of a licence, any responsible authority or other person can ask for the review of a licence or certificate. All review applications will be determined by the Licensing Sub-Committee.
- 37.4 The Licensing Authority will give reasons for its decisions. On making findings of fact, the Licensing Authority will ensure that the finding addresses the requisite standard and burden of proof. The Licensing Authority will also address the extent to which decisions has been made with regard to its statement of licensing policy and the statutory guidance. Applicants and objectors etc. will be with informed as to their rights of appeal.

38. Appeals

- 38.1 Entitlements to appeal for parties aggrieved by decisions of the Licensing Authority are set out in Schedule 5 of the Act. Other than in the case of personal licences, an appeal has to be made to the local Magistrates' Court. In the case of personal licences, the appeal must be made to the Magistrates' Court for the area in which the licensing authority which has considered the application (or any part of it) is situated.

38.2 An appeal has to be instigated by giving notice of the appeal by the appellant to the:

The Clerk to the Justices,
Newport Magistrates' Court,
Usk Way,
Newport
NP20 2GE

Within a period of 21 days beginning with the day on which the appellant was notified by the Council of the decision appealed against.

38.3 On determining an appeal, the Court may:

- dismiss the appeal
- substitute any other decision which could have been made by the Council or
- remit the case to the Licensing Authority to dispose of it in accordance with the direction of the Court.

The Court may make such order as to costs as it thinks fit.

39. Implementing the Decision of the Magistrates' Court

39.1 As soon as the decision of the Magistrates' Courts has been issued, the Licensing Authority will not delay its implementation and necessary action will be taken forthwith unless ordered by a higher court to suspend such action (for example, as a result of an on-going Judicial Review). The Act provides for no further appeal against the Magistrates' Courts' decision.

40. Enforcement

40.1 The Licensing Authority is establishing joint enforcement protocols with the police and other enforcing authorities. These protocols will provide for the targeting of agreed problem and high risk premises, but with a lighter touch being applied to low risk premises, which are shown to be well-run.

40.2 The Licensing Authority intends that enforcement visits will be made to licensed premises as appropriate, to ensure that any conditions imposed as part of the licence are being complied with. These visits may be either proactive planned inspections based on the risk presented by the premises, history of non-compliance etc., or reactive visits as a result of complaints.

40.3 In general, action will only be taken in accordance with agreed enforcement principles and in line with the Council's Public Protection Group Enforcement Policy (available on the Council's web site). The key principles of necessity, consistency, transparency and proportionality will be maintained.

41. Fees Generally

- 41.1 All fees are currently set by statute and the Licensing Authority is obliged to charge the fees as detailed in the Fees Regulations.
- 41.2 The Police Reform and Social Responsibility Act 2010 has provision to give local authorities the power to set their fees locally, however as of 2014, the relevant sections have not yet commenced. If the Local Authority is given this power, we will propose fees to recover the costs of the service and then consult before asking the Licensing Committee to approve any changes.

42. Licence suspension for non-payment of annual fee

- 42.1 The Licensing Authority will suspend any licence or certificate where the required annual fee is not paid by the 'due date', which is the anniversary of the date that the licence was first granted.
- 42.2 Upon notification/discovery that an annual fee is not paid, the Licensing Authority will give notice to the licence/certificate holder, in writing, that the licence/certificate will be suspended 7 days from the date of the notice. It will also state that the suspension will not become effective if the fee is paid prior to the suspension date. If an administration error is claimed, the suspension date may be 21 days from the due date; or the date of suspension on the 7 day notice, whichever is later. A copy of the notice will also be served on the designated premises supervisor/premises manager if they are not the premises licence holder.
- 42.3 If the fee is not paid by the date specified on the notice, the licence/certificate will be deemed suspended. The licence/certificate holder and Designated Premises Supervisor/Manager will be immediately notified of the suspension becoming effective, and informed that the premises may no longer offer any licensable activities until such time as the fee is paid and the suspension lifted. When the full payment is made, the Licensing Authority will immediately lift the suspension and confirm this in writing.
- 42.4 Where a licence/certificate is suspended and licensable activities take place, the Licensing Authority will consider prosecuting the provider for offences under Section 136 of the Licensing Act 2003.

43. Late Night Levy

- 43.1 A Late Night Levy (LNL) is a power, introduced by the Police Reform and Social Responsibility Act which allows Licensing Authorities to raise a contribution towards the costs of policing the night time economy by charging a levy to holders of Premises Licences and Club Premises Certificates authorised to sell alcohol.
- 43.2 A LNL would require that a levy be paid by those businesses who are authorised to

sell alcohol between the period specified in the LNL (the 'late night supply period'), regardless of whether they are actually open during that period. This can be no earlier than 0000hrs and no later than 0600hrs, and must be the same period every day.

- 43.3 At least 70% of the LNL must be paid to the Police and Crime Commissioner. There are no restrictions on the use of the police allocation. However, the Local Authority allocation must be used to tackle alcohol-related crime and disorder and to support management of the night time economy in line with the reduction of crime and disorder, promotion of public safety, prevention of public nuisance or street cleansing.
- 43.4 The implementation of a LNL would be subject to public consultation and, if it is to be introduced, must be adopted at a meeting of Full Council.
- 43.5 The Licensing Authority may deduct the costs of preparing, publicising and administrating the levy before paying the police proportion, and an estimate of these costs must be published on the Council website. It should also consider the potential financial risk of not collecting the full expected revenue, as the police allocation must be paid regardless of whether the levy has been collected in full. Licence holders affected by the levy may make a free variation application to avoid being affected by the levy.
- 43.6 The levy would apply indefinitely, however it must be reviewed at frequent intervals and may be ceased at the end of a levy year;
- 43.7 The Licensing Authority has not adopted this provision and before doing so would consult fully.

44. Further Information

Further information about the Licensing Act 2003 and the Licensing Authority's licensing policy can be obtained from:

Licensing Act 2003

Code of Good Practice for Licensed Premises

Introduction

The Licensing Act 2003 (the Act) focuses on the promotion of four statutory licensing objectives which must be addressed when licensing functions are undertaken. The four licensing objectives are:

- **The prevention of crime and disorder**
- **Public safety**
- **The prevention of public nuisance**
- **The protection of children from harm**

Aim of the code

The aim of this code is to provide applicants and licensees with guidance on good practice for the promotion of the four licensing objectives which are paramount considerations at all times. The code is consistent with the Home Office guidance issued under Section 182 of the Act and with the Council's Statement of Licensing Policy. It outlines what the Licensing Authority and its responsible authority partners expect in practical terms from applicants when completing their operating schedules and from licensees when operating their premises under the terms of a premises licence.

Applicants and licensees are expected to make a proactive commitment to preventing problems from occurring at licensed premises through the adoption of this code.

Risks associated with licensed premises

Risks associated with licensed premises can vary dependent on the premises type and characteristics, the design, layout and general environment, the location, the policies in place and the events being held there.

This code identifies many of the possible risks associated with the sale of alcohol and the provision of entertainment or late night refreshment and sets out good practice measures to mitigate those risks. It provides a key mechanism for the promotion of the licensing objectives, for well-run premises and a responsible approach to the provision of alcohol, entertainment and late night refreshment. (For larger outdoor / indoor events, guidance can be found in a number of government departments documents including HSE Event guide, Guide to Safety at Sports Grounds and Managing Crowds Safely. Further details can be found on

www.hse.gov.uk/event-safety . The Authority also has a Safety Advisory Group whose aim is to promote, encourage and help organisers to stage safe and successful events.).

It is recognised that not every risk will be relevant to every premises and it is unlikely that any one premises will need to address all of the measures. Indeed, some premises may only need to introduce one or two measures or in many cases the premises already have in place a number of good practices to promote the Licensing Objectives.

This code cannot anticipate every possible risk, problem or circumstance that may arise from licensed premises, neither does it restrict an applicant or licence holder from promoting the licensing objectives through alternative means.

How will the code be used?

Applicants and licensees

A proactive and preventative approach is a key aspect of good management at licensed premises. The licensing authority therefore expects applicants to have regard to this code when completing their operating schedule. The Licensing authority expects licensees to have regard to this code when considering additional operational measures.

The licensing authority and responsible authorities

The Code is not a statutory document but it will be taken into consideration and be used by the Licensing Authority and responsible authorities as follows:

- when offering advice to applicants either at the design and planning stage including pre-application stage;
- when responding to licence applications where the licensing objectives have not been adequately addressed in the operating schedule;
- as a first point of dealing with licensed premises encountering problems, to raise standards to promote the licensing objectives in those premises and avoid further problems; and
- for the review of licences where there is evidence that licensees have not promoted the licensing objectives.

Dealing with problem premises

Problems or concerns with licensed premises will be identified and flagged up at an early stage and advice will be offered to licensees with a view to improving standards at their premises and to prevent or minimise subsequent problems.

Where problems have been identified, the licensing authority and responsible authorities will agree appropriate measures from the code with the licence holder to be implemented at the premises. We call this an “Action Plan”. The aim of the code is to avoid the need for

enforcement action, such as prosecution or review, but it will not replace enforcement action where it is necessary.

General – all four licensing objectives

This Code provides guidance on good practice for the general promotion of all four licensing objectives at licensed premises. It is intended to help those applying for new licences or variations to existing licences in completing their operating schedules. It is also designed to guide licensees on the general promotion of the licensing objectives after a licence has been granted.

Licensees and their staff have responsibility for the effective and safe management of their premises and the promotion of the four licensing objectives. Training is the key to giving licence holders, premises managers and staff the knowledge and skills to deal with and manage risks associated with licensed premises. Training should be provided to all staff and should be about both preventing and managing problems occurring at premises. Training should be regularly updated.

Risk	Good Practice measure
<p>Lack of knowledge or understanding of the Licensing Act 2003</p>	<p>Well-trained staff will contribute to well-run premises and a responsible approach to the sale of alcohol, provision of entertainment and late night refreshment.</p> <p>Formal qualifications for your staff, either to Personal Licence level or to another appropriate standard recognised by bodies such as the British Institute of Innkeepers (BII) would be preferential.</p> <p>All staff should be advised of licensing law in writing before they are allowed to serve alcohol.</p> <p>Training should also be provided on premises specific policies relevant to the operation of the business.</p> <p>Staff should be briefed on the Licensing conditions attached to a premises licence and fully understand the terms of the licence.</p> <p>A record should be kept of the date, name of person trained or advised and the subject covered in the training session be made available for inspection by the police or licensing authority.</p>

Prevention of crime and disorder

The main causes of crime and disorder in licensed premises arise from inadequate security provisions, poor design and layout, the type of event being promoted, overcrowding and customers being drunk or under the influence of drugs. This can result in theft, conflict, violence and anti-social behaviour. It is therefore recommended that applicants and licensees take a proactive approach to preventing and managing crime and disorder from their premises.

All applications for new licences and variations should address the steps proposed to prevent crime and disorder and this is best achieved through a premises risk assessment. Alcohol can be a significant contributory factor to levels of crime and disorder in an area. Good management and good practice along with adequate physical controls can make an important difference to the level of alcohol related crime at premises. Such measures should be reflected in the operating schedule.

For new premises or the refurbishment of existing premises, preventative measures should be factored in during the planning and design stage. Consideration should be given to the design and layout of the premises to minimise the potential for crime and disorder. Useful information can be found in documents such as 'Secured by Design'.

Licence holders should have clear documented policies and procedures in place which identify all crime and disorder risks associated with their premises and the measures implemented to prevent, manage and respond to those risks.

Risk	Good practice measure
Security in and around the premises	<p>Emergency exits should be alarmed when the premises are open to the public so that staffs are immediately notified of unauthorised opening or tampering.</p> <p>CCTV should be installed inside and outside the premises. The cameras should cover all internal areas accessible to the public and areas immediately outside the premises. The date and time settings on the system must be correct. The recordings should be in real time and on hard drive with the availability to copy disks for other agencies such as the police. Recordings should be kept for a minimum period of 28 days. Staff should be trained in the maintenance and operation of such systems with a record kept of the date, name of person trained. Records should be made available for inspection by the police or licensing authority. A trained member of staff should be on duty to operate the system whenever the premises are open.</p> <p>External lighting provides an obvious means of crime deterrence. Care should be taken so that lighting does not impact on neighbours.</p> <p>Door staff and/or stewards should be employed at the venue to supervise admissions and customers inside the venue.</p>

	<p>Any person performing the role of a door supervisor must be licensed with the Security Industry Authority (SIA) and SIA badges must be clearly displayed whilst working</p> <p>Door staff should be easily identifiable by wearing a uniform, high visibility jackets or arm bands.</p> <p>Door staff should sign into a register detailing their full SIA licence number, their name, contact details and the time and date their duty commenced and concluded.</p> <p>Stewards and other staff at the premises should also be easily identifiable. Stewards must not be used for supervision of the door.</p> <p>Daily staff briefing and debriefing will enable licensees to improve working practices in their premises.</p> <p>Briefings can be informal but any problems identified and remedial action taken should be recorded with records kept in the main office.</p> <p>A written policy will be in place to ensure products brought and sold by the premises are not counterfeit for example alcohol / tobacco. This policy will be available to all Responsible authorities under the Act.</p>
<p>Crime including conflict, violence or aggression in and around the premises</p>	<p>Proper management of the door will depend on the size and type of venue. The number of door supervisors should be determined by a risk assessment taking into account the size of venue and the type of crowd the entertainment is likely to attract, but at the very least on a ratio of 1 door supervisor per 100 customers.</p> <p>Consideration should be given to a sufficient provision of male and female door supervisors, but at least one female door supervisor should be used.</p> <p>Door admissions policy including any age restrictions, expected dress standards or the screening of hand bags should be widely publicised on any promotional material or website and clearly displayed at the entrance to the premises.</p> <p>Ejecting or refusing entry to persons from the premises if they do not meet your admissions standards or they are known to be violent or aggressive. In such cases, an entry should be made in an incident or log book.</p> <p>Policy to manage capacity should be adopted to prevent overcrowding and patrons possibly becoming aggressive through accidental jostling.</p>

	<p>Consideration should be given to deliberately running below capacity to afford a comfort factor to your patrons and avoid conflict, violence or aggression within the premises.</p> <p>Alternatives to glass drinking vessels should be considered to prevent glassware being used as an assault weapon, particularly during promoted events or sporting events.</p> <p>Where alternatives are not used, there should be a robust glass collection policy in place. This should include regular collection of glassware by staff and prevention of glassware being removed from the premises.</p> <p>Staff training in conflict management should be provided to give them the knowledge and confidence to deal with difficult situations and reduce crime and disorder at the premises. Training should also cover dealing with, logging and reporting incidents if they occur.</p> <p>Records should be kept of the date, name of person trained and the subject of the training session. Records should be made available for inspection by the police or licensing authority.</p> <p>Sharing of information with others in the industry. Regular meetings, the use of local radio networks or membership of a local pub/club watch scheme will enable information to be passed on about trouble makers and common problems in the area.</p>
<p>Drugs and weapons being brought into the premises</p>	<p>A duty of care policy regarding persons suffering adversely from the effects of drugs should be in place at the premises. The policy should include drug awareness training for all staff so that they can recognise the effects of controlled drugs and provide medical attention where necessary. All staff must be briefed on the policy. A record should be kept of the date, name of person trained and subject covered in the training session.</p> <p>A zero tolerance policy to the use of drugs and carrying of weapons in the premises should be adopted with a clear “no search no entry” message.</p> <p>Posters can be displayed throughout the premises to remind customers of zero tolerance policy, especially in the toilet areas of the premises.</p> <p>Refusing entry to anyone who appears to be showing signs of drug use and contacting the emergency services in appropriate</p>

	<p>circumstances. In such cases, an entry should be made in an incident log book. Effective search policies will minimise the opportunity for drugs and weapons to be brought into licensed premises and lead to drug and weapon seizure if attempts are made.</p> <p>Search policies should be formulated in consultation with Gwent Police. Currently the police have formulated such a policy.</p> <p>Searches should always be carried out in public areas and covered by CCTV.</p> <p>All staff must be trained on search policies with a record kept of the date name of person trained and subject covered in the training session. Records should be made available for inspection by the police or licensing authority.</p> <p>Calling the police if customers are suspected of being in possession of drugs or weapons. All staff must be made aware of this requirement.</p> <p>Seizing, retaining and documenting any drugs or weapons found with a clear audit trail and a process for surrendering them to the Police. (Currently Gwent Police has a written procedure)</p> <p>Supervising toilet areas can be effective in discouraging drug selling or use. Toilet attendant may be appropriate for promoted events or on busy nights such as Friday and Saturday.</p> <p>Security or staff should check the toilet areas every 30 to 60 minutes or so and this should be recorded.</p> <p>Removal of flat surfaces in toilet areas can reduce the likelihood of drug misuse.</p> <p>Drug awareness training should be provided for all staff. A record should be kept of the date, name of person trained and subject covered in the training session. Records should be made available for inspection by the police or licensing authority.</p>
<p>Disorder from Customers queuing to enter the premises or when leaving the premises</p>	<p>Reduce the potential for excessive queue lines with a well-managed and efficient door policy. Long queuing times can cause people to become agitated or aggressive. Searches should therefore be conducted as quickly and effectively as possible.</p> <p>A customer dispersal policy can minimise the potential for disorder from customers leaving the premises. A policy should clearly set out measures to avoid a mass exit at the end of the evening such as a gradual change in music style and increasing lighting levels.</p>

	<p>Sufficient staff should be available at the end of the evening to manage a controlled shut down of the premises and maintain good order as customers leave.</p> <p>Staff training in preventing disorder should be provided to give them the knowledge and confidence to deal with difficult situations. Records should be kept of the date, name of person trained and subject covered in the training session. Records should be made available for inspection by the police or licensing authority.</p>
<p>Customers getting drunk and dealing with drunken customers</p>	<p>Drinks promotions should be socially responsible and not encourage excessive drinking. A documented policy on responsible drinks promotions should be in place at the premises and should adhere to industry codes such as those recommended by the British Beer and Pub Association (BBPA) and The Portman Group. This is in addition to adherence with the mandatory licensing condition regarding irresponsible promotions.</p> <p>Staff training on the effects of alcohol and how to spot early signs of customers becoming drunk should be provided to give them the knowledge and confidence to deal with drunken patrons.</p> <p>Staff should be aware of their responsibilities under the Licensing Act 2003 and be able to recognise appropriate 'cut off' points for serving drunken customers, so as to reduce the likelihood of fights or aggressive behaviour.</p> <p>Duty of care policy regarding persons suffering adversely from the effects of drink should be in place at the premises. The policy should clearly express that every effort will be made by staff to prevent patrons from deteriorating to an uncontrolled intoxicated extent. All staff must be briefed on the policy.</p> <p>Drink-aware posters can be displayed in the premises to remind customers of the unit content in alcoholic drinks and the safe alcohol consumption limits.</p>

Public Safety

The carrying on of licensable activities in particular the provision of alcohol and some types of entertainment can increase risks to the safety of the public (including performers) attending licensed premises. It is therefore recommended that applicants and licensees take a proactive approach to protecting and managing public safety at their premises.

All applications for new licences and variations should address the steps proposed to promote public safety and this is best achieved through a premises risk assessment.

For new premises or the refurbishment of existing premises, preventative measures should be factored in during the planning and design stage. Consideration should be given to the design and layout of the premises to achieve the highest possible standard of safety.

Licence holders should have clear documented policies and procedures in place which identify all public safety risks associated with their premises and measures implemented to prevent, manage and respond to those risks.

Risk	Good practice measure
<p>General safety of Staff and customers.</p>	<p>A full risk assessment taking into account public safety should be carried out at the premises to identify potential hazards posed to staff or customers and setting out precautions to manage the hazards.</p> <p>Templates can be found on the Health and Safety Executive website and on the Communities and Local Government website. A risk assessment should be regularly reviewed at least every 12 months. All staff should be made aware of the risk assessment and precautionary measures therein. A copy of the risk assessment should be kept at the premises and made available</p> <p>Recognised qualification in first aid should be held by at least one member of staff on duty at all times the premises licence is in use.</p> <p>First aid room or quiet room should be made available to anyone requiring medical attention.</p> <p>Temperature levels and humidity in venues should be controlled for the comfort and safety of customers. An environment that is too hot or too cold can make customers irritable. In larger venue where people are dancing air condition can be used to ensure people overheat.</p> <p>A duty of care policy regarding persons suffering adversely from the effects of drugs should be in place at the premises. The policy should include drug awareness training for all staff so that they can recognise the effects of controlled drugs and provide medical attention where necessary. All staff must be briefed on the policy. A record should be kept of the date and name of person trained.</p>
<p>Overcrowding</p>	<p>A policy to manage the capacity should be adopted to prevent overcrowding and localised overcrowding.</p> <p>(b) The use of electronic clocking systems, clickers, ticket sales or head counts may be appropriate.</p> <p>(c) Consideration should be given to deliberately running below capacity to afford a comfort factor to your patrons.</p>

<p>Accumulation and disposal of glasses/drinking vessels</p>	<p>A glass collection policy should include provisions for regular collection of glassware by staff and the prevention of glassware from being taken into external areas. Glassware should not be allowed to accumulate or cause obstruction.</p> <p>Perimeter checks should be made outside the premises for any glasses or bottles. All staff must be made aware of the glass collection policy and their responsibility for the task.</p> <p>Spillages and broken glass should be cleaned up immediately to prevent floors from becoming slippery and unsafe.</p> <p>The use of plastic or polycarbonate glasses are recommended where there is provision of dancing.</p>
<p>Drug use or drink Spiking</p>	<p>A zero tolerance policy to the use of drugs in the premises should be adopted. Posters can be displayed throughout the premises to remind customers of the zero tolerance policy.</p> <p>Refusing entry to anyone who appears to be showing signs of drug use and contacting the emergency services in appropriate circumstances. In such cases, an entry should be made in an incident log book.</p> <p>Prevent the possibility of drink spiking by offering various anti drink spiking products to customers.</p> <p>If a customer suspects that their drink has been spiked, it should be reported to the police immediately. A process for this should be clearly set out in your duty of care policy.</p> <p>'Chill out' area should be provided. This should be cooler and quieter than rest of venue.</p> <p>First Aid Room may also be made available.</p>
<p>Safety of customers when leaving the premises</p>	<p>A 'chill out' or wind down period at the end of an evening can allow a slow dispersal from the premises allowing door staff to gain a handle on problem individuals, preventing arguing over taxis or congregation at takeaways and clashes with groups from other venues.</p> <p>Provision of food and non-alcoholic drinks during a chill out period can assist patrons on negative effects of alcohol.</p> <p>Increased lighting inside the premises should be considered towards the end of an evening to affect the alertness of customers before they leave the premises.</p>

	<p>Increased external lighting particularly in car parks under the direct control of the licence holder will provide added safety for customers as they leave the premises.</p> <p>Care should be taken so that lighting does not impact on neighbours, particularly in and close to established residential areas.</p>
--	--

Prevention of public nuisance

Excessive noise and nuisance from licensed premises is a major concern for persons living or working in the area. It is therefore recommended that applicants and licensees take a proactive approach to preventing and managing public nuisance from their premises.

All applications for new licences and variations should address the steps proposed to prevent public nuisance. Where entertainment or other potentially noisy activity is planned, a noise assessment should be carried out. For some premises, the assessment will need to be carried out by a suitably qualified consultant.

For new premises or the refurbishment of existing premises, preventative measures should be factored in during the planning and design stage. Consideration should be given to the structure and layout of the premises and equipment both internally and externally, to ensure that the premises are fit for purpose. Sound attenuation measures can include wall linings, acoustic curtains and acoustic treatment to mechanical ventilation or air conditioning systems. Consideration should also be given to historical noise problems at the premises with measures put in place to prevent them from recurring.

Licence holders should have clear documented policies and procedures in place which identify all potential public nuisance risks associated with their premises and measures implemented to prevent, manage and respond to those risks. Licence holders should also engage with local residents and businesses on a regular basis to ensure that they are being good neighbours and dealing with problems as they arise.

These good practice measures are suggested options to prevent public nuisance, they do not remove the local Authorities duties under section 79 of the Environmental Protection Act 1990 and the Anti-Social Behaviour, Crime and Policing Act 2014.

Risk	Good Practice measure
Entertainment and Patron's noise	<p>A noise management policy should be in place that sets out sound attenuation measures to prevent or control music, singing and speech noise breakout from the premises.</p> <p>The policy should be based on the findings of an acoustic consultant's assessment.</p> <p>All staff should be trained on the content of the policy to ensure a commitment to good noise management. A record should be kept of the</p>

date and name of person trained and made available for inspection by the licensing authority or environmental health responsible authority.

DJs, event promoters or other entertainment providers should be made aware of the policy in advance of any performance.

Windows and doors should be kept closed whilst the premises licence is in use to prevent noise breakout. Ventilation should be provided by mechanical means. Windows should be sound insulated. Emergency exits should be sealed acoustic doors. A lobbied area should be provided at the entrance and exit to the premises. Doors should be fitted with self-closing devices.

Sound limiting device should be installed, set and sealed at a level approved by an acoustic consultant. The sound limiting device should be used at all times that relevant regulated entertainment is taking place, including all externally promoted events. Only the premises licence holder or a nominated deputy and the designated premises supervisor should have access to the sound limiting device.

Locate entertainment facilities such as DJ booth, stage and loud speakers away from doors and windows. Rubber speaker mounts can be used to minimise structure borne noise.

Methods for monitoring noise should be included in a noise policy. Methods could range from simple perimeter checks and listening tests by the licence holder/staff to a detailed measurement taken by a qualified consultant using sound measuring equipment.

Noise monitoring should actively be carried out on a regular basis and in particular when a new form of entertainment is introduced at the premises, when alterations are made to the premises or when a complaint is made directly to the venue.

A log book should be kept of any noise monitoring carried, the findings and any remedial action taken. The log should indicate whether it was routine noise monitoring or the result of a complaint.

The log book should be made available for inspection to the licensing authority or environmental health or any other responsible authority.

A contact telephone number should be made available to local residents and businesses which they can use to report noise disturbances to a responsible person at the venue as and when they occur. The phone line should be available at all times the licence is in use.

<p>Noise when entering/leaving</p>	<p>Reduce the potential for excessive queue lines with a well-managed and efficient door policy.</p> <p>Long queues should be avoided and any queues should be directed away from residential properties.</p> <p>Queues should be actively managed by door staff, especially later in the evening, to keep noise to a minimum. Rowdy behaviour from people queuing to get in should not be tolerated. Door staff should refuse entry to anyone behaving in an anti-social way. Restrict admittance or re-admittance to the premises.</p> <p>Customer dispersal policy can minimise noise disturbance to local residents from customers leaving the premises. A policy should clearly set out measures to avoid a mass exit at the end of the evening.</p> <p>A gradual change in music style and reduction in volume, for example quiet or mellow music towards the end of an evening and increasing lighting levels can help to reduce the potential for rowdy behaviour.</p> <p>Sufficient staff should be available at the end of the evening to manage a controlled shut down of the premises and maintain good order as customers leave.</p> <p>Display prominent notices close to the exit doors, requesting patrons to leave the premises and quickly and quietly.</p> <p>Display notices in car parks reminding patrons that they are in a residential area and to leave quickly and quietly and not to slam doors, rev engines, sound horns or play loud music.</p> <p>Make announcements at the end of an evening, requesting patrons to leave the premises and area quickly and quietly.</p> <p>Provide a free taxi phone service and an internal waiting area for customers to prevent noise disturbance to neighbours.</p> <p>Steps should be taken to ensure that any taxi operators used and all their drivers are aware that they should arrive and depart as quietly as possible and should not sound their horns or leave engines idling unnecessarily.</p>
<p>Noise in external areas such as beer gardens or smoking areas.</p>	<p>Display prominent signs in external areas such as beer gardens and forecourts asking customers to keep noise to a minimum.</p> <p>Restrict the use of external areas after 11pm if premises are in a residential area.</p>

	<p>Door supervisors or staff should regularly monitor and manage external areas to ensure that customers are not causing a disturbance to local residents.</p> <p>Limit the number of smokers permitted outside at any one time after a certain time.</p> <p>Discourage smokers from loitering outside by not permitting them to take their drinks with them and removing external furniture after a certain time.</p> <p>Locate smoking areas away from residential premises.</p> <p>Do not permit customers to congregate on and block the public highway to passers-by.</p>
<p>Noise and disturbance caused by deliveries, collections and waste disposal</p>	<p>Commercial deliveries, collections and storage/ disposal of waste, including beer deliveries, refuse collections and storage / disposal of waste and recyclables in external areas should be restricted to normal working hours between 8am and 6pm Monday to Friday.</p>
<p>Litter and waste around the premises</p>	<p>Flyers should not be distributed outside the premises by the licence holder or any staff employed by the licence holder.</p> <p>If flyers are distributed they should be littered picked at the end of trading.</p> <p>Procedures should be in place for the prompt collection of street litter generated by the premises for example flyers, cigarette butts or food wrappers.</p> <p>Regular patrols of the area outside the premises should be undertaken by staff to clear any litter attributable to the premises.</p> <p>Use wall or floor mounted cigarette bins in designated smoking areas for customers.</p>

Protection of children from harm

The carrying on of licensable activities in particular the provision of alcohol and some types of entertainment can increase risks of harm to children attending licensed premises. It is therefore recommended that applicants and licensees take a proactive approach to protecting and managing the well-being of children at their premises.

All applications for new licences and variations should address the steps proposed to protect children from harm and this is best achieved through a premises risk assessment.

Licence holders should have clear documented policies and procedures in place which identify all age restricted risks at their premises and measures implemented to prevent, manage and respond to those risks.

Risk	Good Practice measure
Children accessing licensed premises	<p>A documented policy setting out measures to protect children from harm should be in place at the premises. The policy should consider all activities associated with the premises including the sale of alcohol and the provision of regulated entertainment and when children should be allowed on or restricted from the premises. All staff including door staff and bar staff should be trained on the policy.</p> <p>Restrict access to children depending on the nature of the business and / or circumstances. The admission of children can be restricted up until a specified time in the evening.</p> <p>The admittance of children can only be permitted if they are accompanied by an adult</p>
Underage sales of alcohol	<p>Operate a strict ‘No ID – No Sale’ policy. ‘Challenge 21’ scheme serves as a reminder to staff of the need to be vigilant in preventing underage sales and to customers that it is against the law for anyone under 18 to purchase alcohol.</p> <p>‘Challenge 25’ scheme gives staff additional support and encouragement to ask for ID from any person appearing to be under 25 years of age to prove that they are over 18. Or a similar scheme, this should be supported by posters highlighting that ID checks take place on the premises.</p> <p>Only accept photographic driving licences, passports or PASS (Proof of Age Standards Scheme) cards approved as means of ID. Use till prompts to remind staff to ask for proof of age.</p> <p>Prominently advertise the scheme in your premises so that customers are aware, in particular, display proof of age signs at the point of sale.</p> <p>Display posters at the premises stating that it is an offence to purchase alcohol on behalf of an underage person (proxy sales).</p> <p>Keep a refusals book (or refusal button on EPOS –Electronic Point of Sale) on the premises and ensure it is completed whenever a sale is refused to a person who cannot prove they are over the age of 18.</p>

	<p>The book should contain the date and time of the incident, a description of the customer, the name of the staff member who refused the sale, and the reason the sale was refused.</p> <p>The book should be made available to Police and authorised Council officers on request and should be reviewed on a regular basis to see if any patterns emerge.</p> <p>Staff training in the age related sections of the Licensing Act 2003 should be provided to all door, bar and till staff. This includes the ability to competently check customers' identification where necessary.</p> <p>A record should be kept of the date and name of person trained and this should be signed by staff stipulating they understand the training they have undertaken. All records should be made available to any Responsible authority under the Licensing Act.</p>
<p>Access to age restricted films</p>	<p>Adequate provisions for restricting children from viewing age restricted films should be in place at the premises. Staff should be trained to check ages at point of sale and prior to entry to a screening room to ensure that admission of children to films is in accordance with the recommendations of the British Board of Film Classifications (BBFC).</p>
