

Report

Cabinet Member for Education & Skills

Part 1

Date: 5 February 2018

Subject **School Reorganisation Proposal – Establishment of a new primary school on the Glan Llyn development**

Purpose To move to the publication of a statutory notice on the school reorganisation proposal “to establish a new primary school on the Glan Llyn development for pupils aged 3-11 years”

Author Deborah Weston, Education Service Development Manager

Ward All

Summary Formal consultation has now concluded on the school reorganisation proposal “to establish a new primary school on the Glan Llyn development for pupils aged 3-11 years with effect from September 2018”.

This formal consultation was carried out between 2nd October 2017 and 12th November 2017. Following conclusion of this process a consultation report, which describes the consultation process and feedback received in some detail, has been drafted and is attached at Appendix 1. The report has also been published on the Newport City Council website and shared with stakeholders as outlined in the statutory School Organisation Code.

This report references those findings, the result of which recommends that the Council moves to publish a statutory proposal. During this statutory proposal period, legal objections can be lodged by any stakeholder, and will need to be considered before any final determination is taken.

It should be noted however that the consultation outlined that, if approved, the proposal would be implemented in September 2018. Since the consultation was drafted however, the Council’s view has changed, and for the reasons outlined within the report it is now recommended that the proposed implementation date be modified to September 2019.

Proposal **To move to the publication of a statutory proposal for a period of 28 days in respect of the proposal “to establish a new primary school on the Glan Llyn development for pupils aged 3-11 years with effect from September 2019”.**

Action by Chief Education Officer

Timetable Immediate

This report was prepared after consultation with:

- Strategic Director - People
- Education Senior Management Team
- Senior HR Business Partner

- Senior Finance Business Partner
- Schools Resources Manager

Signed

Background

A formal consultation on the proposal to establish a new primary school on the Glan Llyn development was carried out between 2nd October 2017 and 12th November 2017. Following conclusion of this process a consultation report was prepared, published on the Newport City Council website and shared with stakeholders as outlined in the statutory School Organisation Code.

There is now a requirement to consider the content of this report and determine whether or not it is appropriate to move to the next stage in the school reorganisation process which is the publication of a statutory proposal. During this statutory proposal period, legal objections can be lodged by any stakeholder, and if any are received will need to be considered before any final determination is taken.

A copy of the Consultation Report is attached at Appendix 1 but there now follows a synopsis of the feedback received.

The consultation outlined that, if approved, the proposal would be implemented in September 2018. Since the consultation was drafted however, the Council's view has changed. The latest pupil projection estimates indicate a surplus of approximately 105 pupils across the English-medium, Welsh-medium and Voluntary Aided schools in the denoted Lliswerry and Llanwern clusters as at January 2019 after taking account of the predicted yield from these new housing developments. It would appear therefore that pupils living on the Glan Llyn development can be accommodated in other schools in the local area for the 2018/19 academic year. It would seem reasonable therefore to consider deferring the establishment of the new primary school until September 2019.

A deferred opening date would also enable a longer timeframe for the effective establishment of the new school in terms of the appointment of staff and the procurement of resources. It is recommended therefore that the proposed implementation date be modified to September 2019.

Stakeholder Engagement

An invitation to take part in the statutory consultation was issued to an extensive list of stakeholders, with two separate drop-in events arranged where people directly affected by the proposal could attend to find out more information and share their views. These drop-in events were held at Lliswerry High School and Llanwern High School respectively but were unfortunately not well attended. Eight people attended the first event, including two members of the Senior Leadership Team of Lliswerry High School and the Headteacher and Chair of Governors of St Patrick's RC Primary School, along with four prospective parents. No stakeholders attended the second event. Both events were supported by the Education Service Development Manager with a member of the School Admissions Team.

Learner Voice

The Headteachers of the four primary schools currently within the Lliswerry High School cluster - Lliswerry Primary School, Maindee Primary School, Somerton Primary School and St Andrews Primary School – were approached, along with the Headteachers of St Patrick's RC Primary School and Ysgol Gymraeg Casnewydd, to ask if they would enable their respective School Council's to take part in the consultation, and all agreed to facilitate this. The Council is very grateful to the staff members and pupils who took part in these events and would like to thank them for their valuable contributions. These meetings all took place during the six-week consultation period and the observations, comments and questions arising are outlined within the Consultation Report at Appendix A (pages 10-18 of this report).

Consultation Responses

17 consultation responses were received during the consultation period, 14 of which (equivalent to 82%) supported the proposal as it was consulted upon. 2 respondents (11%) were in support of a new school being opened but felt that it should be established as a Welsh-medium school. A final single respondent opposed the proposal on the basis of the significant financial impact this would have on other schools across the City. The specific feedback received within these responses, along with the relevant comments from the Local Authority, are outlined within the Consultation Report at Appendix A (pages 18-20 of this report).

Estyn

The formal response from Estyn concluded that “the proposal is likely to maintain educational provision in the area but does not provide any details about plans to allow access to Welsh-medium education for parents who wish to do so”.

The response goes on to say that thorough consideration has been given to the advantages and disadvantages of establishing the school as a growing school. However it was Estyn’s view that no detailed attention has been given to projections above these numbers when considering the plans to establish the second school on the development. Finally, whilst the response identified the reasons for proposing to establish an English-medium school, the view was that consideration has not been given to those parents who identified in the pre-consultation exercise that their desire was for Welsh-medium education.

However the response concluded by stating that “the council has considered the risks that may arise as a result of establishing the school and has responded to them reasonably”.

These comments, along with the Local Authority responses, are fully detailed within the Consultation Report at Appendix 1 (pages 20 and 21 of this report).

Financial Summary

Under the Council’s planning agreement, the new school is being provided by the developer. The funding required for the operation of the school will be provided through the Council’s overall schools budget. The profiled budget requirements have been included within the Council’s medium term financial plan (MTFP) for consideration within the current budget round. Once established, the school will require appropriate funding from within the overall schools budget, whether or not the proposal for growth within the current MTFP is accepted.

Risks

Risk	Impact of Risk if it occurs* (H/M/L)	Probability of risk occurring (H/M/L)	What is the Council doing or what has it done to avoid the risk or reduce its effect	Who is responsible for dealing with the risk?
Failure to move to statutory notice	L	L	This risk has been mitigated by carrying out a full consultation process in accordance with the statutory School Organisation Code. The proposal cannot be progressed without publishing a statutory notice.	Chief Education Officer

* Taking account of proposed mitigation measures

Education Service Plan

Options Available

Option 1: to move to the next stage in this school reorganisation process, which is the publication of a statutory proposal (notice) for a period of 28 days, and is the opportunity at which any legal objections can be lodged against the proposal.

Option 2: to withdraw the proposal following consideration of the feedback received during the formal consultation period and outlined in detail within the attached Consultation Report.

Preferred Option and Why

The preferred option is Option 1. The publication of a statutory notice is the next stage in this school reorganisation proposal. This 28-day period will provide all consultees and stakeholders with an opportunity to further consider, and if necessary lodge legal objections to, the proposal.

Comments of Chief Financial Officer

The MTFP is predicated on a later opening date which would be beyond the 2018/19 financial year. A smaller budget will be kept back to support costs associated with security and other maintenance issues.

Comments of Monitoring Officer

The proposed action is in accordance with the statutory school reorganisation procedures set out in the School Standards and Organisation (Wales) Act 2013 and the School Organisation Code. The proposal to establish a new primary school at Glan Llyn is a regulated alteration and, therefore, had to be the subject of formal statutory consultation under the Code. In accordance with the statutory procedures, a detailed consultation document was prepared setting out the reasons for the proposals, and meaningful consultation was carried out with key stakeholders, including children and young people, who were likely to be affected by the changes. Only one objection was received, based upon a perceived detrimental financial impact on other schools in Newport. However, the formal response from Estyn concluded that the proposals would maintain educational provision in the area. All of the consultation responses are set out on the Appendix to the Report. The Cabinet Member is now required to consider these consultation responses and decide whether or not to proceed with the necessary statutory notices, having regard to the educational impact of the proposals. If the Cabinet Member decides to proceed with the statutory notices, the proposal will need to be published by way of formal statutory notice, on the Council's website and by public notices, and a period of 28 days (including, at least, 15 school days) will need to be allowed for statutory objections. If no objections are received during the statutory proposal stage, the final decision can be made by the Cabinet Member. However, if there are any unresolved objections, then the final determination must be referred to full Cabinet, acting as the Local Determination Panel. The statutory notices and formal Consultation Report will need to make it clear that the initial proposal is now being modified, with a deferred opening date of September 2019, for the reasons set out in the Report.

Comments of Head of People and Business Change

As required this proposal has considered all five aspects of the sustainable development principle of the Well-being of Future Generations (Wales) Act 2015. In addition the Fairness and Equality Impact Assessment (FEIA) has been reviewed and updated in light of the formal consultation. This should be reviewed at each stage of the decision making process.

From a HR perspective there are no Human Resources implications with Option 1.

Local issues

Comment from Cllr Martyn Kellaway, Ward Member for Llanwern

Residents in the Glan Llyn development have been planning for the last few years to send their children to the new school as agreed in the masterplan there are well over 500 occupied home and as houses were being sold to them, residents were making huge financial and personal commitments on promises by NCC that a new school would be open in September 2018. Not to open the school in 2018 would in effect be a breach of trust and I hope the CM decides to open the school as promised in September 2018.

Response from Mrs Sarah Morgan, Chief Education Officer

The new school is being delivered by the developer in accordance with a legal agreement made in 2010. At that time, it was clear to the Council that there would not be sufficient capacity for the demand created by the development but impossible to know the exact point at which the new school would be needed.

The latest pupil projection estimates indicate a surplus of approximately 105 pupils across the English-medium, Welsh-medium and Voluntary Aided schools in the denoted Lliswerry and Llanwern clusters as at January 2019 after taking account of the predicted yield from these new housing developments. It would appear therefore that pupils living on the Glan Llyn development can be accommodated in other schools in the local area for the 2018/19 academic year.

I am advised by colleagues that the building work is currently on programme and is expected to be handed over in early July 2018. At the handover stage, the building will be provided with a kitchen but no other fixtures, furniture or learning resources. Given the close proximity of this to the end of the 2017/18 academic year, the recommendation to defer the opening date will enable a longer timeframe for the effective establishment of the school.

None

Equalities Impact Assessment

The Equality Act 2010 contains a Public Sector Equality Duty which came into force on 06 April 2011. The Act identifies a number of 'protected characteristics', namely age; disability; gender reassignment; pregnancy and maternity; race; religion or belief; sex; sexual orientation; marriage and civil partnership. The new single duty aims to integrate consideration of equality and good relations into the regular business of public authorities. Compliance with the duty is a legal obligation and is intended to result in better informed decision-making and policy development and services that are more effective for users. In exercising its functions, the Council must have due regard to the need to: eliminate unlawful discrimination, harassment, victimisation and other conduct that is prohibited by the Act; advance equality of opportunity between persons who share a protected characteristic and those who do not; and foster good relations between persons who share a protected characteristic and those who do not. The Act is not overly prescriptive about the approach a public authority should take to ensure due regard, although it does set out that due regard to advancing equality involves: removing or minimising disadvantages suffered by people due to their protected characteristics; taking steps to meet the needs of people from protected groups where these differ from the need of other people; and encouraging people from protected groups to participate in public life or in other activities where their participation is disproportionately low.

The Fairness & Equality Impact Assessment (FEIA) has been updated and is attached at Appendix 2.

Children and Families (Wales) Measure

Consultation with Children and Young People is outlined in the *Learner Voice* section of this report and the attached Consultation Report.

Wellbeing of Future Generations (Wales) Act 2015

Report writers need to indicate how they have considered the five things public bodies need to think about to show they have applied the sustainable development principle put into place by the Act. You will need to demonstrate you have considered the following:

- Long term: the importance of balancing short- term needs with the need to safeguard the ability to also meet long – term needs ***by ensuring the long-term sufficiency of school places in an area of potential high parental demand whilst also delivering against the Council's section 106 legal agreement. Against this however the latest pupil projection estimates indicate a surplus of approximately 105 pupils across the English-medium, Welsh-medium and Voluntary Aided schools in the denoted Lliswerry and Llanwern clusters as at January 2019 after taking account of the predicted yield from these new housing developments. It would appear therefore that pupils living on the Glan Llyn development can be accommodated in other schools in the local area for the 2018/19 academic year. It would seem reasonable therefore to consider deferring the establishment of the new primary school until September 2019.***

- Prevention: How acting to prevent problems occurring or getting worse may help us meet our objectives ***increasing the number of primary school places available supports the Council’s vision for “the right school in the right place” and the philosophy of “local schools for local children”.***
- Integration: Consider how the proposals will impact on our wellbeing objectives, our wellbeing goals, other objectives or those of other public bodies ***a formal statutory consultation has been carried out with key stakeholders, the outcome of which is detailed in the consultation report. This proposal supports the “A prosperous Wales”, “A resilient Wales” and “A more equal Wales” Well-being Goals and has no adverse effect on any of the other Well-being Goals. In addition this proposal supports the Newport City Council Well-being Objective “To improve skills, educational outcomes and employment opportunities” and “To build cohesive and sustainable communities”.***
- Collaboration: have you considered how acting in collaboration with any other person or any other part of our organisation could help meet our wellbeing objectives ***a formal statutory consultation has already been carried out. The previously prepared FEIA has been updated to consider the impact of the proposal. In addition the school is being provided by the developer as part of the Council’s planning agreement.***
- Involvement: The importance of involving people with an interest in achieving the wellbeing goals, and ensuring that those people reflect the diversity of the City we serve ***a formal statutory consultation has already been carried out The previously prepared FEIA has been updated to consider the impact of the proposal.***

In summary this proposal supports wellbeing by increasing the availability of primary school places across the City. The “right school in the right place” and “local schools for local children” also assists in meeting the needs of children who would otherwise be forced to attend schools some distance away from their home addresses and therefore reduces travel times and costs.

Crime and Disorder Act 1998

Section 17(1) of the Crime and Disorder Act 1998 imposes a duty on the Local Authority to exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent, crime and disorder in its area.

Consultation

Stakeholder consultation has been carried out and is outlined in some detail in the attached consultation report.

Background Papers

Consultation Report (attached at Appendix 1)

Dated: 5 February 2018

APPENDIX 1

Newport City Council

School Reorganisation Proposal

Consultation Report

Proposal to establish a new primary school on the Glan Llyn development

Formal Consultation Period:
2nd October 2017 to 12th November 2017

Purpose

This report is published in line with the requirements of the School Standards and Organisation (Wales) Act 2013 and the School Organisation Code, July 2013.

This consultation report includes the following sections:

- The Proposal
- Stakeholder Engagement
- Everyday Summary Version – Children & Young People
- Learner Voice
- Consultation Responses
- Estyn
- Financial Considerations
- Recommendations

The Proposal

To establish a new primary school on the Glan Llyn development for pupils aged 3-11 years with effect from September 2018.

Stakeholder Engagement

An invitation to take part in the statutory consultation was issued to the stakeholders outlined below, with either a link to the consultation pack on the Council's website and an electronic version of the pack sent by e-mail, or alternatively by hard copies of the consultation material being issued:

- All people living on the Glan Llyn development;
- Teachers, staff and the governing body of Lliswerry Primary School, Maindee Primary School, Somerton Primary School, St Andrews Primary School, St Patrick's RC Primary School and Ysgol Gymraeg Casnewydd;
- Parents, carers and guardians of pupils attending Lliswerry Primary School, Maindee Primary School, Somerton Primary School, St Andrews Primary School, St Patrick's RC Primary School and Ysgol Gymraeg Casnewydd;
- Pupils attending Lliswerry Primary School, Maindee Primary School, Somerton Primary School, St Andrews Primary School, St Patrick's RC Primary School and Ysgol Gymraeg Casnewydd;
- The Headteachers and Governing Bodies of all other Newport schools;
- All Newport City Council elected members;
- All Newport City Council Heads of Service;
- The Welsh Ministers;
- Assembly Members (AMs) and Members of Parliament (MPs) representing the area served by the schools subject to the proposals;
- Other Local Authorities across the South East Wales Consortium region, including relevant Transport departments;
- The South East Wales Education Achievement Service;
- The Church in Wales, Diocese of Monmouth;
- Roman Catholic Archdiocese;
- Estyn;
- Teaching and staff trade unions;
- The Police and Crime Commissioner for Gwent;
- The Community Councils for Bishton, Goldcliff, Llanwern, Nash and Redwick;
- The local Communities First partnership (or equivalent);
- The three independent childcare providers in Llanwern, Lliswerry and the surrounding areas – Babes in the Wood, Little Angels and Osbourne's Children's Nursery;
- Newport Early Years Development and Childcare Partnership;
- SNAP Cymru.

The following consultation events were arranged and were publicised via a letter to stakeholders. This information was also shared on the Council website and outlined throughout the consultation document:

Venue	Date and Time	Event type
Lliswerry High School, Nash Road, NP19 4RP	Monday 16 th October 2017 4.30pm to 6.30pm	Drop-in event
Llanwern High School, Hartridge Farm Road, NP18 2YE	Wednesday 25 th October 2017 4.30pm to 6.30pm	Drop-in event

These drop-in events were unfortunately not well attended. Eight people attended the first event, including two members of the Senior Leadership Team of Lliswerry High School and the Headteacher and Chair of Governors of St Patrick's RC Primary School along with four prospective parents. No stakeholders attended the second event. Both events were supported by the Education Service Development Manager with a member of the School Admissions Team.

Everyday Summary Version – Children & Young People

An Everyday Summary Version of the main consultation document was also published and was targeted specifically at children and young people.

Learner Voice

The Headteachers of the four primary schools currently within the Lliswerry High School cluster - Lliswerry Primary School, Maindee Primary School, Somerton Primary School and St Andrews Primary School – were approached, along with the Headteachers of St Patrick’s RC Primary School and Ysgol Gymraeg Casnewydd, to ask if they would enable their respective School Council’s to take part in the consultation, and all agreed to facilitate this.

The Council is very grateful to the staff members and pupils who took part in these events and would like to thank them for their valuable contributions. These meetings all took place during the six-week consultation period and the following questions were raised by those present:

Lliswerry Primary School

Question	Response
When will this school open?	<i>The new primary school will open in September 2018.</i>
What will be the maximum capacity of the new school?	<i>The new school will be a 2-form entry school with capacity for 60 children per year group, so 420 pupils in total across the Reception to Year Six groups. There will also be a nursery class with capacity for 48 children in total over either a morning or afternoon session, plus two Learning Resource Base classes to accommodate 10 children in each.</i>
What year groups will be taught at the new school?	<i>The new school will be able to take children between the ages of 3 – 11 so will cover Nursery to Year Six.</i>
Will there be enough pupils to fill the new school?	<i>The Glan Llyn development will eventually consist of approximately 4000 homes, and it is likely that families with children of primary school age will live in many of these. Unfortunately, there are very few surplus primary school places available across the City and in the area for children who might move to live on the development. The school is therefore primarily to accommodate children who live on the Glan Llyn development.</i>
How big will the classes be?	<i>The total capacity of the school and the number of classes being provided means that there should be a maximum of 30 children in each of the Reception to Year Six classes.</i>
How many teachers will the school have?	<i>The Headteacher and governing body will decide on the staff that will be required once they know how many children will be attending the new school.</i>
Will there also be a new High School?	<i>No there are no plans to build a new High School. The catchment secondary school for this new primary school is Lliswerry High School.</i>
What cluster will the new school belong to?	<i>The new school will form part of the Lliswerry High School cluster.</i>
What materials will be used to build the school?	<i>It will be a steel-framed building with a rendered brick-work finish.</i>
Will there be enough toilets?	<i>Yes provision has been made for a suitable number of toilets to cover all age groups at the school.</i>
Will the school be able to accommodate disabled pupils?	<i>Yes, the school will be fully compliant with the Equality Act to enable access by pupils with disabilities.</i>

Question	Response
Will the new school have a Learning Resource Base?	<i>Yes, there will be two Learning Resource Base classes, one for Foundation Phase year groups and the other for Key Stage Two year groups.</i>
Will the hall be big enough and is there going to be a separate canteen?	<i>The hall will be large enough for the maximum number of pupils and will also be used as the canteen at lunchtime.</i>
Will cooking facilities be included in each of the classrooms?	<i>No, but there are plans for the school to have a Technology Room which can be accessed by all classes.</i>
How big will the 3G pitch be?	<i>It will be a junior-sized pitch.</i>
How far away are the nearest houses?	<i>The nearest houses will be opposite the main entrance to the school.</i>
What will be the name of the school?	<i>This will be decided by the temporary governing body once final approval is received for the school to be established.</i>
What will the uniform look like?	<i>This will be decided by the temporary governing body nearer to the school opening date.</i>
Will the school be eco-friendly with a School Council?	<i>This is something that will be decided by the Headteacher once the school opens.</i>
Will there be a Breakfast Club and After School Clubs?	<i>This is something that will be decided by the Headteacher once the school opens.</i>
Where will the school hold their Sports Day?	<i>This is something that will be decided by the Headteacher once the school opens.</i>
Will some children come to school by bus or taxi?	<i>Yes it is possible that some children will be provided with free home to school transport, dependent on where they live and the availability of places in other schools.</i>
Will Lliswerry Primary School be affected in the future in terms of pupils and money?	<i>It is possible that some children will apply to transfer to the new school when it opens. In terms of money, the new school will need to be funded in the same way as all other schools. The funding available from the Council will need to be allocated equally amongst all qualifying schools.</i>
Will the new school affect nature and the environment in the area?	<i>The building plans put forward by the developer would have taken this into consideration, ensuring that there is as little impact on these matters as possible.</i>
Will the new school affect traffic in the area?	<i>As the majority of children attending the new school will likely live on the Glan Llyn development, it is hoped that children will walk to school where possible, therefore reducing the amount of traffic affecting this part of the City at the start and end of the school day.</i>
Will the second school be built close to the first school?	<i>No, the Glan Llyn development is quite large and therefore the second school will be some distance away from this first school.</i>
How much is the school going to cost?	<i>All building costs are being met by the developer. However the Council will be responsible for all furniture and equipment costs, estimated to be approximately £460,000.</i>

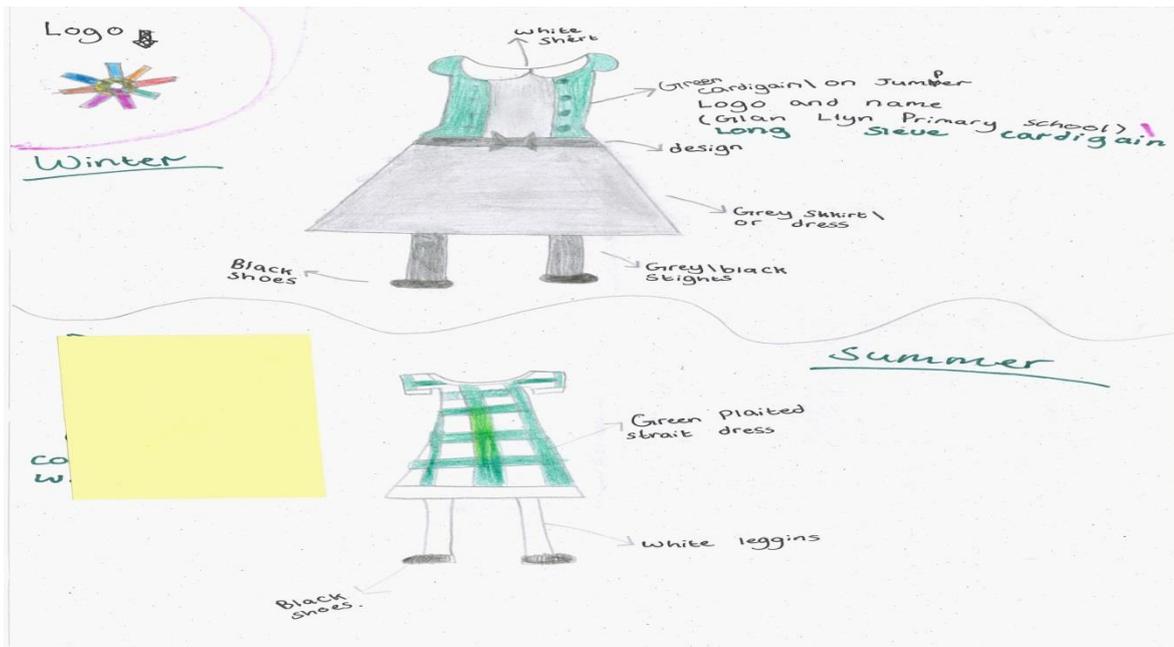

Maindee Primary School

Question	Response
How many Key Stages will be taught at the new school?	<i>The new school will be able to take children between the ages of 3 – 11 so will cover Foundation Phase and Key Stage 2.</i>
How many children will be able to go to the new school?	<i>The new school will be a 2-form entry school with capacity for 60 children per year group, so 420 pupils in total across the Reception to Year Six groups. There will also be a nursery class with capacity for 48 children in total over either a morning or afternoon session, plus two Learning Resource Base classes to accommodate 10 children in each. The school will however be established as a growing school and full capacity will not be realised until the start of the fourth year. In the first year, capacity will be restricted to 120 pupils across Reception to Year 6, plus the nursery and Learning Resource Bases.</i>
Will the School Admissions Team or the teachers decide who can go to the school?	<i>Admission to the school will be in accordance with the Council's School Admissions Policy administered by the School Admissions Team at the Civic Centre.</i>
Will the new school be a Christian school?	<i>The new school will be an English-medium community maintained school.</i>
Will there also be a new High School?	<i>No there are no plans to build a new High School. The catchment secondary school for this new primary school is Lliswerry High School.</i>
When will interviews for teachers take place?	<i>Teachers will be appointed by the temporary governing body once final approval is granted for the school to be established. This is likely to be in the summer term 2018.</i>
Will classrooms be near the playground?	<i>All classrooms will be on the ground floor and will have direct access to outside.</i>
Will the new classrooms have whiteboards?	<i>The classrooms will be fully equipped, including the provision of whiteboards.</i>
What facilities will the new school have? Will they include things such as a library, a swimming pool, a gym and a kitchen / canteen?	<i>The plans include the provision of a dedicated school library along with a kitchen and servery. The hall will be used as a canteen as well as for assemblies and indoor PE activities. Unfortunately there are no plans to include a swimming pool at the new school. There will however be a 3G sports pitch which may be available for community use outside of the school day.</i>
Will there be lockers available for pupils instead of coat pegs?	<i>The Council will discuss this with the developer.</i>
What kind of security will the new school have? Will there be a fence and security cameras in the classrooms?	<i>There will be a fence around the perimeter of the school. The 3G pitch will also be fenced off from the main school to prevent unauthorised access to the school during evenings and at weekends and therefore reduce the risk of damage and vandalism. The temporary governing body will decide on the use of security cameras, but they are unlikely to be installed in classrooms.</i>
What colour will the uniform be?	<i>This will be decided by the temporary governing body nearer to the school opening date.</i> <i>*Some of the children then showed some suggested designs for the uniform at the new school. These are outlined below.</i>
What will be the school colours and logo?	<i>This will be decided by the temporary governing body nearer to the school opening date.</i>

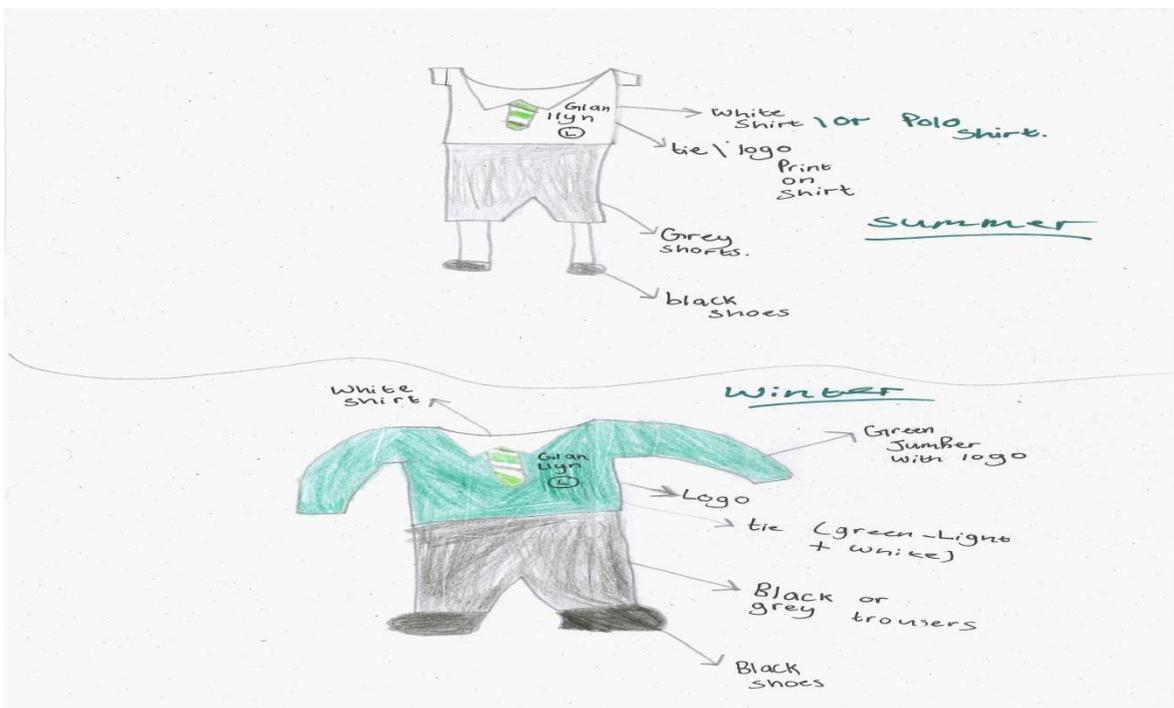

Question	Response
Will there be After School Clubs or a School Shop?	This is something that will be decided by the Headteacher once the school opens.
How much is the school going to cost?	All building costs are being met by the developer. However the Council will be responsible for all furniture and equipment costs, estimated to be approximately £460,000.

Suggested school uniform designs

Girls

Boys

Somerton Primary School

Question	Response
What year groups will be taught at the new school?	<i>The new school will be able to take children between the ages of 3 – 11 so will cover Nursery to Year Six.</i>
How big will the new school be?	<i>The new school will be a 2-form entry school with capacity for 60 children per year group, so 420 pupils in total across the Reception to Year Six groups. There will also be a nursery class with capacity for 48 children in total over either a morning or afternoon session, plus two Learning Resource Base classes to accommodate 10 children in each. All classrooms will be ground floor level with direct access to outside. The building will be “L” shaped with two separate wings, one for Foundation Phase classes and the other for Key Stage Two classes.</i>
Why is such a big school being opened?	<i>The Glan Llyn development will eventually consist of approximately 4000 homes, and it is likely that families with children of primary school age will live in many of these. Unfortunately, there are very few surplus primary school places available across the City and in the area for children who might move to live on the development. The school is therefore primarily to accommodate children who live on the Glan Llyn development. There are longer term plans to open a second primary school on the development.</i>
Will there be enough pupils to fill the new school?	<i>No, probably not initially when the school first opens. For this reason, the school will be established as a growing school and full capacity will not be realised until the start of the fourth year. In the first year, capacity will be restricted to 120 pupils across Reception to Year 6, plus the nursery and Learning Resource Bases.</i>
What staff will work at the school?	<i>The temporary governing body will appoint a Headteacher once final approval has been granted for the school to open. The Headteachers and temporary governing body will then decide on the staff that will be required once they know how many children will be attending the new school. This will include teachers, teaching assistants and a caretaker.</i>

St Andrews Primary School

Question	Response
Has the building work started yet?	<i>Yes the building work has already been started.</i>
How long will the building work take?	<i>The developer should be handing the building over to the Council in the summer of 2018 ready for the School to open in September 2018.</i>
What year groups will be taught at the new school?	<i>The new school will be able to take children between the ages of 3 – 11 so will cover Nursery to Year Six.</i>
How big will the new school be?	<i>All classrooms will be ground floor level with direct access to outside. The building will be “L” shaped with two separate wings, one for Foundation Phase classes and the other for Key Stage Two classes.</i>
What language will be spoken at the new school?	<i>The new school will be an English-medium school.</i>

Question	Response
How many children will be able to go to the new school?	<i>The new school will be a 2-form entry school with capacity for 60 children per year group, so 420 pupils in total across the Reception to Year Six groups. There will also be a nursery class with capacity for 48 children in total over either a morning or afternoon session, plus two Learning Resource Base classes to accommodate 10 children in each. The school will however be established as a growing school and full capacity will not be realised until the start of the fourth year. In the first year, capacity will be restricted to 120 pupils across Reception to Year 6, plus the nursery and Learning Resource Bases.</i>
Will there also be a new High School?	<i>No there are no plans to build a new High School. The catchment secondary school for this new primary school is Lliswerry High School.</i>
Will the new school have a canteen and what kind of school dinners will be served?	<i>The school will have its own canteen and lunch will be served in the main school hall. School meals will be provided by Chartwells so will be the same as those currently provided in other primary schools across the City.</i>
Will there be separate entrances, cloakrooms and changing rooms for boys and girls?	<i>There will not be any specific changing facilities at the school and cloakrooms will be accommodated within each classroom. Foundation Phase toilets will be situated off classrooms and therefore will be unisex. Key Stage 2 toilets will be situated in the main corridor so could be unisex or gender designated. This decision will be taken by the temporary governing body.</i>
What outdoor facilities will be available at the new school?	<i>The external play areas will include hard and soft surface areas. There will also be a junior-sized 3G pitch.</i>
Who will be the Headteacher of the new school?	<i>The Headteacher will be appointed by the temporary governing body once final approval is granted for the school to be established. This is likely to be in the early summer term 2018.</i>
How many teachers will there be when the school opens?	<i>The Headteacher and governing body will decide on the staff that will be required once they know how many children will be attending the new school.</i>
What will be the name of the new school?	<i>This will be decided by the temporary governing body once final approval is received for the school to be established.</i>
What will be the school colours?	<i>This will be decided by the temporary governing body nearer to the school opening date.</i>
What will the school logo look like?	<i>This will be decided by the temporary governing body nearer to the school opening date. They may look to include pupils in the design process.</i>
What lessons will be taught at the new school?	<i>The pupils at the new school will follow the same lessons as those in other schools across the City. This is called the National Curriculum.</i>
Will there be a School Council?	<i>This is something that will be decided by the Headteacher once the school opens.</i>
Will the pupils be arranged into "houses"?	<i>This is something that will be decided by the Headteacher once the school opens.</i>

St Patrick's RC Primary School

Question	Response
How many children will be able to go to the new school?	<i>The new school will be a 2-form entry school with capacity for 60 children per year group, so 420 pupils in total across the Reception to Year Six groups. There will also be a nursery class with capacity for 48 children in total over either a morning or afternoon session, plus two Learning Resource Base classes to accommodate 10 children in each. The school will however be established as a growing school and full capacity will not be realised until the start of the fourth year. In the first year, capacity will be restricted to 120 pupils across Reception to Year 6, plus the nursery and Learning Resource Bases.</i>
Why is a new school needed in that area?	<i>The Glan Llyn development will eventually consist of approximately 4000 homes, and it is likely that families with children of primary school age will live in many of these. Unfortunately, there are very few surplus primary school places available across the City and in the area for children who might move to live on the development. The school is therefore primarily to accommodate children who live on the Glan Llyn development because of the lack of other school places in the area.</i>
What year groups will be taught at the new school?	<i>The new school will be able to take children between the ages of 3 – 11 so will cover Nursery to Year Six.</i>
What High School will the children go to?	<i>The catchment secondary school for this new primary school is Llswerry High School.</i>
Will the new school be a private school?	<i>No, the new school will be a community maintained school which will be free to attend.</i>
Will the new school be linked to a Church?	<i>No, the new school will be a community maintained school.</i>
When will this school open?	<i>The new primary school will open in September 2018.</i>
What will be the name of the school?	<i>This will be decided by the temporary governing body once final approval is received for the school to be established.</i>
What will the uniform look like?	<i>This will be decided by the temporary governing body nearer to the school opening date.</i>
How many teachers will the school have?	<i>The Headteacher and temporary governing body will decide on the staff that will be required once they know how many children will be attending the new school.</i>
Will the school have a quiet area?	<i>The plans include a dedicated library area which can be used for quiet time.</i>
Will there be parking facilities at the new school?	<i>The plans include dedicated car parking spaces within the school grounds for staff and visitors, along with a small number of parking bays outside the school.</i>
Will people be able to use the school facilities outside of the school day?	<i>It is intended that the school will benefit from a 3G pitch which hopefully can be leased to community groups in the evenings and on weekends. It may also be possible for individual rooms within the school building to be rented to community groups outside of the school day. Any lease agreements will need to be agreed by the governing body once the school opens.</i>

In total, 52 children took part in these sessions across the five schools. Of this pupil cohort, 50 children (equivalent to 96%) thought that opening a new primary school in the area was a good idea. 33 of these children (equivalent to 63% of the cohort) also supported the concept of a growing school.

Ysgol Gymraeg Casnewydd

The pupil group at Ysgol Gymraeg Casnewydd were in agreement that a new school should be opened but felt that a Welsh-medium school was preferable. A breakdown of their respective questions and comments is outlined below:

Question	Response
Why does the new school have to be an English-medium school?	There was no specific requirement for the school to be an English-medium school. However before issuing this consultation, the Council undertook a pre-consultation exercise with those families currently living on the development to identify whether the predominant demand was for Welsh-medium or English-medium provision. The Council received 65 responses, 72.3% of which indicated a preference for an English-medium school. Alongside this direct stakeholder feedback, Ysgol Gymraeg Casnewydd is geographically very close to the Glan Llyn development. In addition, across the Welsh-medium primary school estate there are currently vacancies in all year groups from Reception to Year Six. Given this overall position, it has been proposed that the first new primary school on the development be established as English-medium.
Are the existing English-medium schools in the area full?	The Council has very few surplus primary school places, especially across Foundation Phase year groups. As at September 2017, there were only 18 spaces available across all Foundation Phase year groups within the Lliswerry cluster.
Do you agree that the current proportion of Welsh-medium schools compared to English-medium schools is unfair?	The Council has opened three new Welsh-medium schools over the past decade, and no child who requests Welsh-medium education is refused this opportunity.
Why are the new houses being built?	The new houses are being built by a developer to meet the needs of people who want to live and work in Newport.
Why is there always a big fuss when the Council tries to open a Welsh-medium school?	The Council has a good record of opening three new Welsh-medium schools over the past decade.
What is the point of having a national language if it is not supported?	The Council has a Welsh in Education Strategic Plan (WESP) which is monitored and supported by the statutory Welsh in Education Forum (WEF).

The assembled pupils asked to share their views as to why the school should be established as a Welsh-medium school as opposed to an English-medium school:

- The Welsh Government Charter wants to see 1 million Welsh-speakers across Wales by 2050. Opening an additional Welsh-medium primary school would assist in meeting this target;
- Having a fourth Welsh-medium school would improve the way Welsh-medium schools currently work together;
- There should be more Welsh-medium schools to balance out the large number of English-medium schools already in Newport;
- There are currently only three Welsh-medium schools so choice of schools is restricted;

- The number of people speaking Welsh across Wales has fallen, and opening another school would contribute towards this rising again;
- Without a sufficient number of Welsh-medium schools there is a possibility that the language might die out;
- People need to be able to understand something to know it properly, and all people deserve the chance to know and understand the Welsh-language;
- English-medium schools are not as full as Welsh-medium schools;
- The needs of the minority are not being considered by the majority;
- Children attending Welsh-medium schools become fully bilingual in Welsh and English;
- People who are able to speak Welsh will have increased opportunities and life chances;
- Speaking Welsh is a way of demonstrating pride in the Country;
- Any new school that is opened in Wales should be Welsh-medium;
- Another Welsh-medium school should be opened to give more children the opportunity to learn to speak Welsh;
- Opening an English-medium school as opposed to a Welsh-medium school shows that the Council does not respect the Welsh-language;
- The Welsh language is older than the English language;
- The Welsh language is suffering due to the low number of Welsh-medium schools;
- Children should be able to attend their choice of English-medium or Welsh-medium schools close to their homes;
- Welsh is an ancient language and if it is allowed to die out it will become a myth just like the Woolly Mammoth or the Sabre Toothed Tiger;
- Increasing the number of Welsh-medium schools helps people to understand the Welsh-language;
- Another Welsh-medium school would help increase the number of people speaking Wales in Newport;
- As there are plans to eventually have two new schools on the Glan Llyn development, the first one should be a Welsh-medium school and the second one an English-medium school;
- Opening another Welsh-medium school would give parents more choice about which Welsh-medium school to choose for their children;
- The Welsh language is dying and opening another school would help to grow the language;
- The people of Wales have an identity which should be supported – it is a way of life;
- There are people currently attending English-medium schools who would like to be able to speak Welsh;
- People who are able to speak Welsh will have better opportunities;
- It is important to practise Welsh, and this will be more easily achieved if there are more Welsh-medium schools;
- People should not be afraid of the Welsh language;
- Those people who are able to speak Welsh are very lucky and treasure the language;
- Only 19% of people in Wales are able to speak Welsh, and an additional Welsh-medium school would help to promote and support growth.

Consultation Responses

17 consultation responses were received during the consultation period, 14 of which (equivalent to 82%) supported the proposal as it was consulted upon. 2 respondents (11%) were in support of a new school being opened but felt that it should be established as a Welsh-medium school. A final single respondent opposed the proposal on the basis of the significant financial impact this would have on other schools across the City.

Responses in support of the proposal

In addition to supporting the proposal, responses included the following points:

- People living on the development were in support of a local school for their children;
- The proposition of a new school was a prime reason for moving to the development;
- One respondent indicated a clear preference for English-medium provision;
- The school would be a good community resource, and;
- The new primary school might be more appropriately assigned to the Llanwern High School cluster.

The Glan Llyn development will eventually consist of in the region of 4000 residential dwellings and two primary schools. Without predicting any information in support of the second school, it is possible that the whole development will be split into two separate catchment areas, the second of which could in the future be assigned to Llanwern High School.

Notwithstanding this however, the Council's School Admissions Policy enables parents to apply for their child to attend any school. In instances where more applications are received than there are places available, the Council's agreed over-subscription criteria is applied which gives priority to children who live in the designated school catchment area.

Responses in support of increased Welsh-medium provision

The two responses outlining this opinion were concerned that the decision to consult on the establishment of an English-medium school did not fully consider the option of a Welsh-medium school and the duty of the Local Authority to promote Welsh-medium education.

As outlined in the consultation document, a pre-consultation exercise was carried out in July 2017, with the then residents of the development, as a means of identifying whether the predominant demand in the area was for either an English-medium school or a Welsh-medium school. The Council received 65 responses in total, 47 of which outlined a preference for English-medium provision and 18 indicating that Welsh-medium provision was their preferred option. The Council is aware of the duty to promote Welsh-medium education, and it is for this reason that the pre-consultation letter contained a link to enable stakeholders to find out more information about Welsh-medium and bilingual education. The pre-consultation exercise did not include any stakeholder engagement sessions although these were a focus of the formal consultation stage.

Alongside this an analysis of past and projected pupil numbers was carried out to confirm the availability of and likely demand for places in English-medium and Welsh-medium schools, both in this area and across the wider City. This identified that places were available in all year groups across the existing Welsh-medium schools, and that the likely short-term future demand could be met from within the existing school provision. Longer term, there are plans for a second primary school to be established on the Glan Llyn development and at this stage no decision has been made regarding the language provision of this school.

Comments were also made that the Fairness and Equality Impact Assessment did not fully explore that impact of the proposal on the Welsh language. This document will be updated at the next stage of the proposal and the comments made will be fully considered as part of this.

Response opposing the proposal

This final respondent outlined concerns that the opening of a new school would see a large movement of pupils from existing schools, causing instability across the City, and suggested that the School Admissions Policy should be amended so that children were required to attend their catchment school.

The Welsh Government School Admission Code does not support this view however, and has a strong focus on Local Authority's supporting parental preference wherever possible. The Council's policy accords with this although the agreed over-subscription criterion does give higher priority to children who live in the relevant school catchment area where more applications are received than there are places available.

The Council recognises the potential problem of large scale migration when a new school is opened, and it is for this reason that the concept of a growing school is the preferred option in this case, as this is likely to mitigate this risk.

The more significant point raised in this response relates to the financial impact that a new school might have on existing schools within the City. All schools are funded in accordance with an agreed formula from the Individual Schools Budget (ISB). This is not an infinite budget and is capped by the Council at a set amount for distribution amongst all schools. Increasing the physical number of schools in Newport therefore dilutes the amount allocated across each school site and reduces the total funding available to support existing schools and pupils.

Estyn

The formal response from Estyn concluded that the proposal "is likely to maintain educational provision in the area but does not provide any details about plans to allow access to Welsh-medium education for parents who wish to do so."

Response: *The Local Authority is committed to the provision of Welsh-medium education for any child who indicates that this is their preferred provision. An analysis of past and projected numbers across the three existing Welsh-medium schools has outlined to the Council that sufficient capacity already exists at this present time.*

The response goes on to say that thorough consideration has been given to the advantages and disadvantages of establishing the school as a growing school. However it was Estyn's view that no detailed attention has been given to projections above these numbers when considering the plans to establish the second school on the development.

Response: *The projections for the new school and the already established schools in the locality outline a sufficiency of places across the area as a whole. Longer term, the section 106 agreement between the Council and the developer outlines that the second school will be built in 7-10 years, once the first school is at full capacity and when the second half of the housing development is underway. Latest estimates indicate that approximately 1400 dwellings will be built by August 2023 with the full development eventually being made up of in the region of 4000 residences.*

Whilst the response identifies the reasons for proposing to establish an English-medium school, the view is that consideration has not been given to those parents who identified in the pre-consultation exercise that their desire was for Welsh-medium education.

Response: *The pre-consultation exercise was targeted at all habited homes as at July 2017 and simply asked whether the proposed school should be established as either Welsh-medium or English-medium provision. Whilst respondents were asked to provide their address and age bracket, the pro-forma did not ask them to identify whether there were any children at the address currently.*

The Local Authority is committed to the provision of Welsh-medium education for any child who indicates that this is their preferred provision. An analysis of past and projected numbers across the three existing Welsh-medium schools has outlined to the Council that sufficient capacity already exists at this present time.

The response from Estyn ends by stating that “the council has considered the risks that may arise as a result of establishing the school and has responded to them reasonably”.

Other Considerations

The latest pupil projection estimates indicate a surplus of approximately 105 pupils across the English-medium, Welsh-medium and Voluntary Aided schools in the denoted Liswerry and Llanwern clusters as at January 2019 after taking account of the predicted yield from these new housing developments. It would appear therefore that pupils living on the Glan Llyn development can be accommodated in other schools in the local area for the 2018/19 academic year. It would seem reasonable therefore to consider deferring the establishment of the new primary school until September 2019.

This deferred opening date would enable a longer timeframe for the effective establishment of the new school in terms of the appointment of staff and the procurement of resources.

Recommendations

It is recommended that permission be sought to move this proposal forward by publishing a statutory notice outlining a modified implementation date of 1st September 2019. This decision will be referred to the Cabinet Member for Education and Skills and taken through the Council’s agreed democratic process.

In accordance with the School Organisation Code (2013) this report is published electronically on Newport City Council’s website at www.newport.gov.uk

Fairness and Equalities Impact Assessment (FEIA)

The purpose of this assessment is to provide balanced information to support decision making and to promote better ways of working in line with equalities (Equalities Act 2010), Welsh language promotion (The Welsh Language (Wales) Measure 2011), sustainable development (Wellbeing of Future Generations (Wales) Act 2015), and the four parameters of debate about fairness identified by the Newport Fairness Commission (NFC Full Report to Council 2013).

Completed by: Deborah Weston **Role:** Service Development Manager

Head of Service: Sarah Morgan **Date:** 01/01/2018

I confirm that the above Head of Service has agreed the content of this assessment

Yes

When you complete this FEIA, it is your responsibility to submit it to
impact.assessment@newport.gov.uk

1. Name and description of the policy / proposal being assessed. Outline the policy's purpose.

The purpose of this proposal is to provide a new primary school to serve the Glan Llyn development as per the section 106 planning agreement.

This FEIA supports the request for permission to publish a statutory notice on the school reorganisation proposal to establish a new two-form entry primary school on the Glan Llyn development for children aged between 3-11 years.

As part of the Section 106 agreement with the Council, the developer is required to provide this new school to primarily serve the families living on the development. The original intention was that the new school would be established with effect from September 2018. The Council's view has now changed however and it is now proposed that the implementation date is modified to September 2019. This deferred opening date enables a longer timeframe for the effective establishment of the new school in terms of the appointment of staff and the procurement of resources.

2. Outline how you have/ will involve stakeholders who will be affected by the policy/proposal

This proposal was subject to formal consultation with a range of stakeholders as defined in the Welsh Government statutory School Organisation Code. The feedback received during the formal consultation has been outlined in the Consultation Report which has been published on the Newport City Council website.

The next stage in this process is the publication of a Statutory Proposal for a period of 28 days. This will provide all stakeholders with an opportunity to further consider, and if necessary lodge legal objections to, the proposal.

3. What information/evidence do you have on stakeholders? e.g. views, needs, service usage etc. Please include all the evidence you consider relevant.

A formal consultation document has been drafted and a formal consultation process carried out in accordance with the School Standards and Organisation (Wales) Act 2013, and the statutory School Organisation Code 2013. The consultation was carried out with a range of stakeholders, the results of which are outlined in the Consultation Report which has been prepared and published on the Newport City Council website.

The decision to publish a statutory notice will give stakeholders the opportunity to object to the proposal having had the opportunity to find out more about the plans during the formal consultation period.

4. Equalities and Welsh language impact

Protected characteristic	Impact:			Provide further details about the nature of the impact in the section below. Does it: 1. Promote equal opportunity 2. Promote community cohesion 3. Help eliminate unlawful discrimination/ harassment/ victimisation?
	Positive	Negative	Neither	
Age	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<p>The provision of additional primary school places will support parental choice and the provision of local schools for local children. This should not have any significant detrimental impact on other schools across the City and the expected impact is to provide seamless learning for primary aged pupils.</p> <p>All staff eventually employed at the school will be treated equitably regardless of their status within this protected characteristic.</p>
Disability	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<p>The provision of additional primary school places will support parental choice and the provision of local schools for local children. This should not have any significant detrimental impact on other schools across the City and the expected impact is to provide seamless learning for primary aged pupils.</p> <p>All staff eventually employed at the school will be treated equitably regardless of their status within this protected characteristic.</p>
Gender reassignment/ transgender	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<p>If this proposal is approved, there will eventually be pupils, parents / carers and staff associated with the school.</p> <p>If any of these stakeholders fall into this protected characteristic, their needs will be considered in line with the relevant policies as adopted by the governing body of the school.</p>

Protected characteristic	Impact:			Provide further details about the nature of the impact in the section below. Does it: 1. Promote equal opportunity 2. Promote community cohesion 3. Help eliminate unlawful discrimination/ harassment/ victimisation?
	Positive	Negative	Neither	
Marriage or civil partnership	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	If this proposal is approved, there will eventually be staff employed to work at the school. All staff will be treated equitably regardless of their status within this protected characteristic.
Pregnancy or maternity	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	If this proposal is approved, there will eventually be staff employed to work at the school. All staff will be treated equitably regardless of their status within this protected characteristic.
Race	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	The provision of additional primary school places will support parental choice and the provision of local schools for local children. This should not have any significant detrimental impact on other schools across the City and the expected impact is to provide seamless learning for primary aged pupils. All pupils attending the schools and staff eventually employed at the school will be treated equitably regardless of their status within this protected characteristic.
Religion or Belief or non-belief	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	There are currently eight faith based primary schools across the Newport school estate and the oversubscription criteria to support admission to these schools gives priority to pupils seeking faith based education. The Council works closely with the two representative diocesan bodies in the planning of faith based school places and this arrangement will continue when considering the provision to be offered in any new school in the future.
Sex/ Gender Identity	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	The provision of additional primary school places will support parental choice and the provision of local schools for local children. This should not have any significant detrimental impact on other schools across the City and the expected impact is to provide seamless learning for primary aged pupils. If this proposal is approved, there will eventually be parents / carers and staff associated with the school and all will be treated equitably regardless of their status under this protected characteristic.
Sexual Orientation	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	If this proposal is approved, there will eventually be staff employed to work at the school. All staff will be treated equitably regardless of their status within this protected characteristic.

Protected characteristic	Impact:			Provide further details about the nature of the impact in the section below. Does it: 1. Promote equal opportunity 2. Promote community cohesion 3. Help eliminate unlawful discrimination/ harassment/ victimisation?
	Positive	Negative	Neither	
Welsh Language	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<p>Welsh Government has publically set out in a number of policy documents the ambition for an increased number of students studying through the medium of Welsh. The Welsh-Medium Education Strategy (WMES) target aims to have 30% of 7 year olds across Wales to be taught through the medium of Welsh by 2020. As of 2015 this figure stood at 25%.</p> <p>Welsh Government has also stated in the ‘<i>Cymraeg 2050: A Million Welsh Speakers</i>’ strategy that “welsh medium immersion education is the principal method for ensuring that children can develop their Welsh language skills, and for creating new speakers”.</p> <p>Newport City Council’s own Welsh Language Strategy 2017-2022 commits to increasing the percentage of pupils in Welsh-medium education from 4% to 5% over the next four years.</p> <p>Given that the proposed school will be English medium, rather than Welsh, this development will not make a meaningful contribution to achieving the target set by either Welsh Government or the Local Authority in this instance.</p> <p>The Local Authority feels this is justified partly through the pre- consultation responses that were received, and partly as a consequence of the close proximity of the proposed site to an existing Welsh-medium primary school.</p> <p>Whilst the proposed designation of this new primary school as an English-medium provision means that the authority will not be making a positive contribution to meeting the Welsh Government target at this time, the Council is committed to scoping the need for Welsh-medium provision in relation to all future new school builds.</p>

5 How has your proposal embedded and prioritised the sustainable development principle in its development?

Sustainable Development Principle	Does your proposal demonstrate you have met this principle? Describe how.
 <p>Long Term</p> <p>Balancing short term need with long term needs</p>	<p><i>Yes by ensuring the long-term sufficiency of school places in an area of potential high parental demand whilst also delivering against the Council's section 106 legal agreement. Against this however the latest pupil projection estimates indicate a surplus of approximately 105 pupils across the English-medium, Welsh-medium and Voluntary Aided schools in the denoted Lliswerry and Llanwern clusters as at January 2019 after taking account of the predicted yield from these new housing developments. It would appear therefore that pupils living on the Glan Llyn development can be accommodated in other schools in the local area for the 2018/19 academic year. It would seem reasonable therefore to consider deferring the establishment of the new primary school until September 2019.</i></p>
 <p>Collaboration</p> <p>Working together to deliver objectives</p>	<p><i>A formal statutory consultation has already been carried out. The previously prepared FEIA has been updated to consider the impact of the proposal. In addition the school is being provided by the developer as part of the Council's planning agreement.</i></p>
 <p>Involvement</p> <p>Involving those with an interest and seeking their views</p>	<p><i>A formal statutory consultation has already been carried out The previously prepared FEIA has been updated to consider the impact of the proposal.</i></p>
 <p>Prevention</p> <p>Putting resources into preventing problems occurring or getting worse</p>	<p><i>Increasing the number of primary school places available supports the Council's vision for "the right school in the right place" and the philosophy of "local schools for local children".</i></p>

Sustainable Development Principle	Does your proposal demonstrate you have met this principle? Describe how.
 <p>Integration</p> <p>Considering impact on all wellbeing goals together and on other bodies</p>	<p><i>A formal statutory consultation has been carried out with key stakeholders, the outcome of which is detailed in the consultation report. This proposal supports the “A prosperous Wales”, “A resilient Wales” and “A more equal Wales” Well-being Goals and has no adverse effect on any of the other Well-being Goals. In addition this proposal supports the Newport City Council Well-being Objective “To improve skills, educational outcomes and employment opportunities” and “To build cohesive and sustainable communities”.</i></p>

6 Will the proposal/policy have a disproportionate impact on a specific geographical area of Newport?

The proposed change will primarily impact on the Llanwern area of the City, However applications for admission to the school can be made in respect of children living across the whole of the City. The Council aspires to provide local schools for local children and a single education journey for children during their time in Foundation Phase and Key Stage 2.

7 How does the proposal/policy relate to the parameters of debate about Fairness identified by the Newport Fairness Commission

The provision of additional primary school places in an area of high demand will support the School Admissions Policy within which all applicants are treated fairly and equitably. There will be an improved equality of access to school places and a seamless learning pathway for children aged 3 – 11.

8 Taking this assessment as a whole, what could be done to mitigate any negative impacts of your policy and better contribute to positive impacts?

Whilst the proposed designation of this new primary school as an English-medium provision means that the authority will not be making a positive contribution to meeting the Welsh Government target at this time, the Council is committed to scoping the need for Welsh-medium provision in relation to all future new school builds.

The Council also works closely with the two representative diocesan bodies in the planning of faith

based school places and this arrangement will continue when considering the provision to be offered in any new school in the future.

9 Monitoring, evaluating and reviewing

The original intention was that the new school would be established with effect from September 2018. The Council's view has now changed however and it is now proposed that the implementation date is modified to September 2019.

The impact of the proposal will be evaluated once the school is established. However this FEIA will be reviewed and updated following the end of the statutory notice period before a final determination is made.

10 Involvement

Stakeholders have been made aware of the publication of the Consultation Report and that this will form part of the decision as to whether or not to move to the publication of the statutory proposal. Copies of the statutory notice will be shared with stakeholders and also published on the Newport City Council website and at the school gates.

11 Summary of Impact (for inclusion in any report)

Equality Act 2010 AND Welsh Language

The proposed new school will primarily serve children and families living on the Glan Llyn development, providing a local primary school and building positive relationships in and around the school environment. Places at the school will be allocated in accordance with the School Admissions Policy which supports a fair and equitable system for the allocation of school places.

The decision to establish the school as English-medium was taken after consideration of the pre-consultation responses that were received, and partly as a consequence of the close proximity of the proposed site to an existing Welsh-medium primary school.

Wellbeing of Future Generations (Wales) Act 2015

In summary this proposal supports wellbeing by increasing the availability of primary school places across the City. The "right school in the right place" and "local schools for local children" also assists in meeting the needs of children who would otherwise be forced to attend schools some distance away from their home addresses and therefore reduces travel times and costs.
