

Fairness and Equalities Impact Assessment (FEIA)

Version 3.6 May 2017

The purpose of this assessment is to provide balanced information to support decision making and to promote better ways of working in line with equalities (Equalities Act 2010), Welsh language promotion (The Welsh Language (Wales) Measure 2011), sustainable development (Wellbeing of Future Generations (Wales) Act 2015), and the four parameters of debate about fairness identified by the Newport Fairness Commission (NFC Full Report to Council 2013).

1. Name and description of the policy / proposal being assessed. Outline the policy's purpose.

The purpose is to seek permission to move to the publication of a statutory notice for a period of 28 days in respect of the proposal "to establish a generic 10-place Learning Resource Base class for pupils aged between 4 years and 11 years with additional learning needs at Caerleon Lodge Hill Primary School with effect from April 2019"

2. Outline how you have/ will involve stakeholders who will be affected by the policy/proposal

The consultation period was undertaken in accordance with the requirements of the statutory School Organisation Code. An invitation to take part in the statutory consultation was issued to an extensive list of stakeholders, with two separate drop-in events arranged where people directly affected by the proposal could attend to find out more information and share their views. Both of these events were held at the school. Five people attended the first drop-in session, four of which were parents of children currently attending the school. The fifth was a member of staff employed by Aneurin Bevan Health Board (ABHB). Two parents joined the second session, one of whom had also attended the first drop-in. Given that the proposal is for a 10-place provision, and 5 different parents attended the drop-in sessions, this represents a good ratio of stakeholder engagement.

The Council was keen to gain the views of learners, and this was facilitated through a specific meeting between the School Council and two members of staff from the Education Service which was held on Tuesday 16th October 2018 at Caerleon Lodge Hill Primary School. Twelve children in total attended the meeting.

The statutory notice will now give stakeholders an opportunity to place legal objections if they feel it is necessary.

3. What information/evidence do you have on stakeholders? e.g. views, needs, service usage etc. Please include all the evidence you consider relevant.

The statutory Code outlines the key stakeholders who should be consulted with as part of this process. This list is not exclusive however, and the Council has identified and added to this as a result of feedback received in relation to previous proposals. An invitation to take part in the statutory consultation was issued to the stakeholders outlined below, with either a link to the consultation pack on the Council's website and an electronic version of the pack sent by e-mail, or alternatively by hard copies of the consultation material being issued:

- Teachers, staff and the governing body of Caerleon Lodge Hill Primary School;
- Parents, carers and guardians of pupils attending Caerleon Lodge Hill Primary School;
- Pupils at Caerleon Lodge Hill Primary School;
- The Headteachers and Governing Bodies of all schools within the Caerleon Comprehensive School cluster: Caerleon Comprehensive School, Charles Williams Church in Wales Primary School and Langstone Primary School;
- The Headteachers and Governing Bodies of those schools in Newport that currently host Learning Resource Base provision: Alway Primary School, Crindau Primary School, Gaer Primary School, Kimberley Nursery School, Llanmartin Primary School, Malpas Court Primary School, Monnow Primary School, Pillgwenlly Primary School, Ringland Primary School, Rogerstone Primary School, St Andrews Primary School, The John Frost School and St Julians School;
- All Newport City Council elected members;
- The Welsh Ministers;
- Assembly Members (AMs) and Members of Parliament (MPs) representing the area served by the schools subject to the proposals;
- Other Local Authorities across the South East Wales Consortium region, including relevant Transport departments;
- The South East Wales Education Achievement Service;
- The Church in Wales, Diocese of Monmouth;
- Roman Catholic Archdiocese;
- Estyn;
- Teaching and staff trade unions representing teachers and staff at Caerleon Lodge Hill Primary School;
- The Police and Crime Commissioner for Gwent;
- Gwent Police;
- South Wales Fire and Rescue Service;
- Aneurin Bevan Health Board;
- Public Health Wales;
- Newport Serennu Centre;
- SNAP Cymru;
- Gwent Association of Voluntary Organisations;
- Preventative Services.

Engagement with pupils was facilitated through the school council. A Consultation Report has now been prepared and published on the Council website. Publication of a statutory notice will enable stakeholders to lodge legal objections against the proposal.

In addition this proposal supports the Newport City Council Well-being Objective "To improve skills, educational outcomes and employment opportunities".</p>

6 Will the proposal/policy have a disproportionate impact on a specific geographical area of Newport?

The Council is committed to providing Learning Resource Base facilities in all new school builds as this supports a more inclusive approach for pupils with additional learning needs. There is also a desire to move to a position where there is a least one Learning Resource Base class in each cluster of primary schools. There is currently no such provision within the Caerleon cluster, or in the neighbouring St Julian's cluster.

This proposal will therefore benefit pupils living locally but is not exclusive to those living within this cluster area. It can be accessed by pupils across the city to support specific education needs in an appropriate and secure environment.

7 How does the proposal/policy relate to the parameters of debate about Fairness identified by the Newport Fairness Commission

This proposal supports the increasing demand for specialist education provision across the city of Newport, a need which has grown significantly over the past 5-10 years. There is currently no such Learning Resource Base provision within the Caerleon or St Julian's cluster areas. This proposal will therefore benefit pupils living locally but is not exclusive to those living within this cluster area. It can be accessed by pupils across the city to support specific education needs in an appropriate and secure environment.

8 Taking this assessment as a whole, what could be done to mitigate any negative impacts of your policy and better contribute to positive impacts?

The proposal was subject to full stakeholder consultation and any feedback was taken into consideration when deciding how to proceed. The stakeholders will now have the opportunity to make legal objections at the statutory notice stage.

9 Monitoring, evaluating and reviewing

The impact of the proposal will be evaluated following full implementation. This FEIA has been reviewed and updated following the formal consultation process and this will be done again before the next stage of the proposal.

10 Involvement

A full programme of stakeholder engagement was implemented to support the formal consultation and included drop-in sessions where people could find out more about the proposal. There was also an opportunity to hear the pupil voice through the school council.

11 Summary of Impact (for inclusion in any report)

Equality Act 2010 AND Welsh Language

The Council is committed to providing Learning Resource Base facilities in all new school builds as this supports a more inclusive approach for pupils with additional learning needs. There is also a desire to move to a position where there is a least one Learning Resource Base class in each cluster of primary schools. There is currently no such provision within the Caerleon cluster, or in the neighbouring St Julian's cluster.

In order to support teaching pupils with additional learning needs where full-time mainstream education is not deemed appropriate, the Local Authority has numerous Learning Resource Bases across the City, hosted by individual schools. These Learning Resource Bases are attached to mainstream schools and provide learning environments that have fewer pupil numbers with enhanced adult ratios. The Learning Resource Bases are generic in nature and meet the needs of pupils with a range of difficulties. The ethos is to provide targeted support to the individual pupils based on their needs with the intention of integrating the pupil back into mainstream classes as appropriate. There is an on-going demand for primary Learning Resource Base placements across Newport.

This proposal supports the increasing demand for specialist education provision across the city of Newport, a need which has grown significantly over the past 5-10 years. There is currently no such Learning Resource Base provision within the Caerleon or St Julian's cluster areas. This proposal will therefore benefit pupils living locally but is not exclusive to those living within this cluster area. It can be accessed by pupils across the city to support specific education needs in an appropriate and secure environment.

Caerleon Lodge Hill Primary School is an English-medium community school. The school will continue to promote the Welsh language in all ways possible and will follow all aspects of the national curriculum.

Wellbeing of Future Generations (Wales) Act 2015

In summary this proposal supports wellbeing by supporting a more inclusive approach for pupils with additional learning needs. The Council is committed to providing Learning Resource Base facilities in all new school builds. There is also a desire to move to a position where there is a least one Learning Resource Base class in each cluster of primary schools. There is currently no such provision within the Caerleon cluster, or in the neighbouring St Julian's cluster. The establishment of this Learning Resource Base will enable pupils with additional learning needs to be taught in schools more local to their home addresses.
