

Fairness and Equalities Impact Assessment (FEIA)

Version 3.6 May 2017

The purpose of this assessment is to provide balanced information to support decision making and to promote better ways of working in line with equalities (Equalities Act 2010), Welsh language promotion (The Welsh Language (Wales) Measure 2011), sustainable development (Wellbeing of Future Generations (Wales) Act 2015), and the four parameters of debate about fairness identified by the Newport Fairness Commission (NFC Full Report to Council 2013).

1. Name and description of the policy / proposal being assessed. Outline the policy's purpose.

The purpose of this proposal is to increase the number of special school places available at Maes Ebbw School.

This FEIA supports the request for the Cabinet Member for Education and Skills to finally determine the school reorganisation proposal to increase the capacity of Maes Ebbw School from 100 to 150.

The original consultation suggested that, if approved, the decision would be effective from September 2018. The project has been delayed however and as a result, the statutory proposal was published with a modified implementation date of April 2019.

2. Outline how you have/ will involve stakeholders who will be affected by the policy/proposal

This proposal was subject to formal consultation with a range of stakeholders, the results of which were outlined in the Consultation Report which has been published on the Newport City Council website.

A statutory proposal was subsequently published for a period of 28 days, and this offered the opportunity for formal objections to be lodged. No such objections were lodged however.

3. What information/evidence do you have on stakeholders? e.g. views, needs, service usage etc. Please include all the evidence you consider relevant.

The proposal has been carried out in accordance with the School Standards and Organisation (Wales) Act 2013, and the statutory School Organisation Code 2013 and included consultation with a range of stakeholders. The results of this consultation process are outlined in the Consultation Report which has been prepared and published on the Newport City Council website.

The Council published a statutory proposal between 15th January 2018 and 12th February 2018 to increase the capacity of Maes Ebbw School from 100 to 150 with effect from April 2019.

The statutory proposal was published on the Newport City Council website and copies were displayed at all main entrances to Maes Ebbw School. The notice was also shared with all stakeholders as outlined in the statutory School Organisation Code, including the pupils, staff and parents / carers of Maes Ebbw School.

The consultation passed through this statutory notice stage without objection and therefore a final decision can now be taken by the Cabinet Member for Education and Skills.

6 Will the proposal/policy have a disproportionate impact on a specific geographical area of Newport?

This proposal will benefit pupils across the whole of the Newport as additional facilities will be provided to support children who have specialist needs in an appropriate and secure environment.

7 How does the proposal/policy relate to the parameters of debate about Fairness identified by the Newport Fairness Commission

The provision of additional specialist places will increase provision across the City for pupils with additional educational needs reducing the need for out-of-county placements.

8 Taking this assessment as a whole, what could be done to mitigate any negative impacts of your policy and better contribute to positive impacts?

The proposal requires building work be carried out to extend the current school. The original intention was that if approved, this building work would take place during the course of the 17/18 academic year, with the change being effective from September 2018. Unforeseen delays however mean that this implementation date is not likely to be achieved until April 2019. All necessary actions will be taken to ensure that the school site is a safe environment for all pupils during these building works.

9 Monitoring, evaluating and reviewing

The impact of the proposal will be evaluated following full implementation. This FEIA has been reviewed and updated at stages throughout the proposal.

10 Involvement

Stakeholders were advised of the publication of the statutory notice and details of the determination will be shared as appropriate.

11 Summary of Impact (for inclusion in any report)

Equality Act 2010 AND Welsh Language

The proposed new school will serve children and families living across the city, providing increased specialist school places and supporting the continuation of positive relationships in and around the school environment. Places at the school will be allocated by the Local Authority following an assessment of individual need. The provision of increased places should reduce the number and cost of out-of-county placements.

The school will continue to promote the Welsh language in all ways possible.

Wellbeing of Future Generations (Wales) Act 2015

In summary this proposal supports wellbeing by improving facilities and increasing the availability of specialist school places within the City. This will enable pupils with additional educational needs to be educated within the City rather than having to attend Out-of-County placements.
