## How can we help?

We always try and understand why people are having problems and talk about what people want help with.

We will talk with you and your carers and work out a plan about how to try and help.

We will always work towards you having as much freedom and choice in your life as possible.

Sometimes we talk to your carers, doctors, nurses, or hospitals, about how they can help you.

## Who else can we work with?

To give you the best help we can, we often work together with other people. These include:

### Voluntary organisations e.g.

MENCAP

Advocacy,

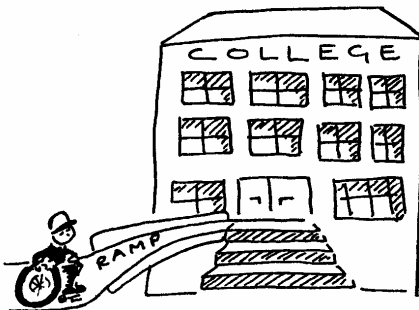

Newport People First,

GP and District Nurses

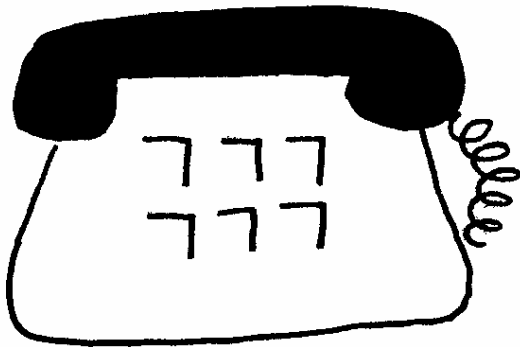

Home Care  
Accommodation and  
Residential Services

Education: Colleges and  
Further Education  
Employment Opportunities
