

What is Going for Gold? (children and young people)

Hi, my name's Claire & I run the Going for Gold project in Newport.

So what is it?

Well, when you join the Going for Gold scheme you get a membership card – each time you use your card at the leisure centre or school or club you get a Going for Gold point. If you get more than one point a week you will be entered into a prize draw – so it's easy POINTS MAKE PRIZES!!

So, what sort of prizes could you win?

Well, we've given away things like mountain bikes, vouchers to spend in the high street, backpacks, t-shirts and much more.

It's free to join and your card will give you free swimming in the school summer holidays at all of the leisure centres during their free swimming sessions, and you can win prizes – so what are you waiting for?

Get your parent or guardians permission and join today, we have an online application form at the website, which is www.newport.gov.uk/g4g or check with whoever pays the phone bill and call the City Contact Centre for a Going for Gold Application form on Newport 656656.

So sign up, get active and start winning today.
