Projected Earmarked Reserves (3)

Key Messages - Based on the 2018/19 estimates;

Of the £89m total reserves;

- £46m (52%) relates to PFI. This represents the future capital financing budget to pay the contractual costs of the PFI;
- £10m (11%) covers financial risks which the authority is exposed to, including those which are required under prudent accounting regulations, such as insurance reserve;
- £8m (9%) represents the minimum level of general fund reserves and school reserves;
- £4m (5%) usable capital receipts which can only be used for capital expenditure and committed to funding Band B Education projects currently;
- £3m (3%) of reserves have been committed to balancing the general budget and to fund approved priorities agreed by Cabinet in June 2017;

£71m (80%) of the councils reserves which are mainly committed and/ or reserved for specific uses

- The balance of £18m (20%) is more general in nature and represented mainly by invest to save, pay reserve and capital projects funding.

Planning Assumptions (yet to be approved)

- RSG reduces by 1% each year from 2019/20
- Council Tax to increase by 4% each year from 2019/20

Newport City Council – RSG Settlements since 2015/16

Each year, Welsh Government transfer specific grants into RSG. These do not represent additional monies to the council as they continue to fund what the previous grant was funding. The unadjusted RSG excludes these transfers and is a true reflection of the resource available from which to deliver existing services.

The graphs above (left to right) represent:

- The annual impact of transfers into RSG – the most significant transfers taking place in 2016/17 and 2018/19;
- The cumulative impact of these transfers over the same period.

Whilst the council has received £213m RSG in 2018/19, graph b) highlights the real (cumulative) impact of the transfers with over £6m of grants being transferred into RSG since 2015/16. The unadjusted RSG, however, is £3m less than it was in 2015/16 (£209m reducing to £206m) and this represents the financial challenge that the council faces.

Newport City Council – MTFP Overview by Service Area (2)

Notes to MTFP Overview:

- The majority of this increase has been invested in adults and children’s social care and schools;

(i)	Adult & Community Services	£3.6m
(ii)	Children & Young People	£1.3m
(iii)	Schools	<u>£3.7m</u>
		£8.6m

- Place services (Streetscene & City Services and Regeneration, Investment & Housing) has more or less remained consistent over the period (excluding transfers) whilst Corporate Services have seen a net decrease in budget since 2015/16.
- The increased budget over this period has been funded mainly (two thirds) by council tax increases offsetting a decrease in RSG (excluding transfers);
- The council tax increase has come from an increase in council tax base as well as an increase in the rate itself (see RSG and council tax levels table - ‘Newport City Council – RSG and Council Tax since 2014/15’).

Newport City Council – MTFP Overview by Service Area (3)

Key Messages:

- The Councils overall budget has increased by £14.4m since 2015/16;
- *£9.5m service area pressures dealt with under non service* represent general pay issues including equal pay review, national insurance and pension uplifts. The exception is £2.2m set aside for social care and special education needs pressures which will be allocated in 2018/19;
- *The capital financing budget* has reduced following a review of the councils MRP policy and debt refinancing;
- The investment in the *Council Tax Reduction Scheme (CTRS)* budget is required as it is linked to council tax increases following the transfer of this specific grant from Welsh Government in 2015/16.
- The £14.4m increase has been funded by:

Decrease in RSG (excluding transfers)	£3.1m	
Specific grants transferred into RSG	<u>(£6.6m)</u>	
Increase in RSG (including transfers)		£3.5m
Increase in Council tax		£9.7m
Use of Reserves		<u>£1.2m</u>
TOTAL FUNDING		£14.4m

Standard Spending Assessment by Authority 2018/19

What Changes would be required in Newport to achieve Wales average Band D and SSA?

<u>Budget Requirement - Band D and SSA</u>		Newport 2018/19 Band D (£)	Wales Average (£)	% Uplift	SSA (£m)	Increase in Band D (£)	Uplifted Band D (£)
% uplift required to achieve 18/19:							
(i)	Wales Average	1057.14	1241.31	17%			
(ii)	Newport SSA				281.98		
	NCC net budget				274.60		
	Shortfall				7.38		
	Increase in Bank D required to achieve shortfall (18/19 tax base)					126.23	
	CT Band D required						1183.37
	Band D Increase (%)						12%

(i) Welsh Government standard Band D – figure that Welsh Government use in calculation of SSA distribution of grant - £1,166.72.
Any council tax level over and above this would lead to a council spending over their SSA.

Local Authority Comparisons

Key Messages:

- Newport would need to increase council tax by 12% in order to achieve their standard spending assessment (SSA) and by 17% to achieve the Welsh average band D level of council tax;
- If council tax was increased by 12%, this would result in additional income of c£7.3m;
- There are currently 7 councils in Wales that are spending significantly under their SSA. This means that until band D council tax is at least £1,166.72 (Welsh Government standard band D) these councils will be under SSA.

Glossary of terms

RSG	Revenue Settlement Grant
Gross Budget	Total resource available in any given time period
Net Budget	Resource available in any given time period net of income – i.e. cost to the Council. The difference between gross and net is the income that is available to the Council through fees & charges and specific grants.
MTEFP	Medium Term Financial Plan
FTE	Full time equivalent (staff numbers)
SSA	Standard Spending Assessments are notional calculations of what each Council needs to spend to provide a standard level of service
PFI	Private Finance Initiative is a way of creating “public-private partnerships” (PPPs) by funding infrastructure projects with private capital
Tax Base	Number of Band D equivalent dwellings in any given year
MRP	Minimum revenue provision is the means by which capital expenditure is financed by borrowing or credit arrangements. Local Authorities are required each year to set aside some of their revenues as provision for this debt
