Key Achievements & Successes				Key Performance Measures	
One Newport has become the first PSB to sign up to the Placemaking Wales Charter which was launched in September.				Target	Actual
Purple Flag status has been achieved for Newport City Centre. The award positively acknowledges the night time economy of the city centre across a range of factors. It also includes standards to aim for and areas for improvement.					
Scoping work has begun on ways PSB members (described as anchor organisations) can support community wealth building through progressive procurement. This project involves the five PSBs in the Gwent region					
A key focus of Covid-19 recovery has been on the city as a destination. This has included a dedicated web presence (www.newport.gov.uk/visitsafe) supporting “visit safe” messaging, providing links to re-opened tourism businesses and attractions, and promotion of the UK Good To Go mark . The mark gives confidence that a tourism / hospitality business has worked hard to follow Government and industry COVID-19 guidelines.					
To support carbon reduction, further renewable energy installations have been delivered in the city including on the Regional Pool and Tennis Centre and the National Velodrome of Wales (believed to be the largest roof mounted system in Wales).					
Supporting tourism and the rural economy, projects have progressed promoting conservation and engagement in Newport’s Living Levels. This has included release of an animated destination film					
Plans for next quarter and the future
