

INSPECTOR'S NOTE TO COUNCIL FOLLOWING HEARING SESSION 21

1. The Inspector has now considered the matters discussed at the additional hearing session concerning Gypsy and Traveller transit accommodation provision, held on 13 October 2014.
2. The Inspector agrees that the changes put forward in the Statement of Common Ground submitted by the Council (ie: a new policy H15 to replace the previously-proposed policy, deleting the allocation of the former Ringland Allotments site as a transit accommodation site and instead committing the Council to identify and provide a suitable Gypsy and Traveller transit site by 2019; changes to the Gypsy/Traveller transit provision monitoring indicator and proposals map accordingly) should now be included in the Council's MAC schedule, in order to make the Plan sound.

Alwyn Nixon (Inspector)
