20th December 2013

Dear Sir/Madam,

Formal Submission of the Newport Local Development Plan (LDP) to Welsh Government for Examination

In accordance with Regulation 22 of the Town & Country Planning (Local Development Plan) (Wales) Regulations 2005, Newport City Council formally submitted its Local Development Plan to the Welsh Government for Examination on 20th December 2013. Electronic and paper copies of submission documents are supplied in accordance with the requirements set out in Newport's Service Level Agreement with the Planning Inspectorate. A checklist has been provided summarising the supplied information and in which form it is available. More historic documents are provided in electronic form only, but paper copies are available on request.

Programme Officer

A Programme Officer has been appointed to co-ordinate the Examination. Her contact details are as follows:

Hearing & Examination Duration

Having considered all the representations in detail it is the Council's view that the main matters for consideration at the Local Development Plan examination relate to:

- Housing and Brownfield Strategy – Requirement; Site Deliverability; Supply; and Brownfield Strategy.

- Affordable Housing and Viability (including Community Infrastructure Levy & Planning Obligations).
- Gypsy and Traveller Allocations – Hartridge Farm Road, Celtic Way and Former Ringland Allotment Site.
- Employment Land Supply.
- Allocations in SSSIs.
- Newport Retail Park District Centre.
- Minerals.
- Alternative Sites

A detailed list of the range of issues raised in relation to each matter is discussed in Section 12 of the Consultation Report (December 2013). The Council recommends to the Planning Inspector that because of the significance of the issues raised they may need to be considered further at round table sessions at the Examination into the LDP. As requested, attached is a list of representors that have indicated they wish to speak at Examination and a summary of the main issues they would like to discuss.

The Council's preferred start date for the hearing sessions of the Examination is April 2014. However, this is an indication and an exact date will need to be agreed between the Programme Officer, Council and Planning Inspectorate. The Pre-Hearing Meeting would therefore take place during February 2014.

Based on the main issues identified, the Council estimate the hearing sessions will require approximately 12 - 15 sessions over a 4-5 week period. Hearing sessions will take place in the Civic Centre, with exact room locations to be confirmed.

If you require any additional copies of documents, please do not hesitate to contact me or the Programme Officer.

Yours faithfully,

Mark Hand
