

Fairness and Equalities Impact Assessments F&EIAs (2015)

This form presents evidence that equalities, Welsh language and fairness have been considered when taking policy and service delivery decisions in Newport City Council.

Our Equalities focus is taken from the Equalities Act 2010: we consider the nine protected equalities characteristics- age, gender reassignment, disability, marriage and civil partnership, pregnancy and maternity, race, religion and belief, sex, sexual orientation.

Under the General Equality Duty we have a duty to:

- Eliminate unlawful discrimination, harassment and victimisation
- Advance equality of opportunity and
- Foster good relations

across the nine protected characteristics.

Under the Welsh Language Measure 2011 the Welsh language cannot be treated any less favourably than the English language

In Newport we focus on Fairness through the following themes: Health, Poverty, Skills and Work, Domestic Abuse and Tackling Area Based Deprivation.

4. Who has the service consulted regarding the proposed change? When should new consultation take place?

NB: It is essential that service users and other interested parties are involved in the planning process at the earliest opportunity. Consultation at an initial stage should be along broad themes. It is appropriate to ask what services are valued, how services could be changed and or what could be done differently. This feedback should then inform your business case proposals and the F&EIA. When specific proposals have been drawn up, they too will need to be consulted upon. All stakeholders and their views need to be represented.

This is a joint proposal by the Governing Body of Malpas Church in Wales Junior School and the Cabinet Member for Education & Young People, Newport City Council.

Full statutory consultation has been carried out on the joint proposal.

5. What evidence/ data has been used to complete this F&EIA (This will include local and national guidance)

The final decision on the proposal will be published by the Malpas Church in Wales Junior School Governing Body on the School web site and on the Council web site and will be available within the public domain.

7 How will the policy/ practice make Newport more or less fair in relation to:

- Health Inequalities
- Child Poverty
- Skills and Work
- Tackling Domestic Violence
- Alcohol and Substance misuse

- Homelessness
- Armed Forces Veterans

The final determination on this joint proposal will enable:

Improved equality of access – seamless transition through the school for ages 4 – 11

8. How will the service / policy affect local areas of the city?

Will it have a positive or negative impact in terms of fairness and addressing local area deprivation (you will need to use spatial data available through the Newport Profile and specific Ward Profiles to address this question)?

As an authority we join the Malpas Church in Wales Junior School Governors in our aspiration to delivering education for all Newport pupils within a single education journey from 4 – 11.
