

Leasing Scheme Wales

Information for Landlords

Overview

Leasing Scheme Wales (LSW) is a leasing scheme funded by Welsh Government and managed by local authorities. The scheme provides landlords in the private rented sector (PRS) with the opportunity to lease their property to the local authority for a guaranteed monthly rental income and full property management service for between 5 and 20 years.

The scheme will:

- **Improve access to homes in the private rented sector**
Access to affordable and good quality homes in the PRS will be improved for those people who are on low income and at risk of homelessness.
- **Provide longer term security of accommodation**
Tenants will be able to access longer term, settled accommodation for up to 20 years.
- **Offer affordable accommodation**
Rents are restricted to local housing allowance levels to ensure affordability to tenants on low incomes and/or benefits.
- **Provide support**
Regular support is provided to help tenants successfully maintain their tenancies.
- **Improve standards**
Homes available through the scheme will need to meet a specific standard. Financial assistance will be provided to enable landlords to bring homes up to standard.
- **Contribute to reducing homelessness**
Properties will be used to help reduce homelessness.

Benefits to property owners who lease their property to the local authority

- Leases of between 5-20 years.
- Guaranteed rent every month for the length of the lease at the relevant Local Housing Allowance rate.
- Where necessary, an offer of up to £5,000, as a (Leasing Scheme Wales capital) grant, towards renovations to bring properties up to an agreed standard. Additional grant funding of up to £25,000 is available for long-term empty properties.
- In addition to the above, grants of up to £5,000 per property, 'to improve the thermal efficiency of the building fabric that will assist in working towards an EPC Band C rating'. *This funding is expected to be available until the end of March 2025, however it is indicative and therefore cannot be guaranteed.*
- Property inspections; repair and maintenance throughout the term of the lease.
- The property returned in the same state as it was let, subject to reasonable wear and tear and the landlord's liability for structural defects.
- Full management of the property for the term of the lease.
- Support given to the tenant throughout the tenancy. There will be no need for the landlord to have any contact with the tenant throughout the lease.

Property standards

Properties are required to meet the following minimum standards. Grants are available to bring properties up to the standards; local authorities will provide landlords with additional guidance.

Requirement	Y/N
The property must be structurally stable and free from disrepair	
The property must be free from damp	
The staircase and balustrade must be safe	
The property must have adequate fire alarms	
Mains powered smoke detectors must be installed on each floor	
Gas, solid fuel or oil service and safety certificates must be up to date (certificates close to expiry may not be accepted). Required at the handover stage	
Electrical lighting and power installations must have been checked and certified safe by an appropriately qualified person	

Requirement	Y/N
External doors and windows must give a reasonable level of physical security	
If there is a garden it must be easy to maintain, reasonably private, safe and suitable for young children to play in	
The heating system must be EPC E or above (LA's will advise on grants available to bring the property up to the agreed standard and/or to increase the EPC rating to a C)	
External doors and windows must be adequately draught proofed	
The hot water tank must be effectively insulated	
There must be mechanical extract ventilation in the kitchen and bathroom	
The kitchen should be in good working condition	
The bathroom and WC facilities should be in good working condition	
There should be a working shower (this can be an over bath shower)	
Thumb turn locks required on all external doors	
A CO alarm should be in each room where there is a gas appliance	
An asbestos survey (conducted by the LA) will be required	
Fire risk assessments are required (with the exception of a self-contained house)	

Grants

Grants of up to £5,000 are available to bring the property up to the agreed standard.

For properties which have been empty for six months grants of up to £9,999 are available for five-year leases and up to £25,000 for longer leases (see table below).

Further grants of up to £5,000 per property 'to improve the thermal efficiency of the building fabric that will assist in working towards an EPC Band C rating'. *This funding is expected to be available until the end of March 2025, however it is indicative and therefore cannot be guaranteed.*

Grants are accessed on an individual basis and cannot be guaranteed.

Grants are non-repayable. Where properties are removed from the scheme before the lease period has ended, a default repayment will be charged. Grant funding **must** only be spent on identified works at the specified property.

Renovation grant	Minimum length of lease	Repayment of grant on default
£0 - £9,999	5 years	100% to be repaid
£10,000 - £14,999	10 years	Defaults between year 6-20: repayment amount to be proportion above £10K reducing by £1K per annum.
£15,000 – £19,999	15 years	
£20,000 - £25,000	20 years	

Prior to any works, a property inspection would be required to advise on eligibility. A property survey will be undertaken and discussed with you to identify the need for improvements.

Requirements for landlords wanting to join the scheme
